

FAMILY QUARREL KILLS FREE LOVE LAW IN HUNGARY

Wife of Young Cabinet Member Storms When Statute Is Explained to Her

By Associated Press Budapest, April 29.—It was due to a family quarrel that Hungary escaped having its women "communitized" after the fashion of the Russian "republic" of Saratoff, rather than to the abhorrence of Bela Kun to the scheme, as the latter afterwards stated.

NERVOUSNESS ON THE DECLINE

Doctors Encouraged, They Hold Out Hope for All

"Nothing wrong but my nerves." We hear it at home, at work and everywhere. Certainly, nervousness is a disease. A man or woman might better have a broken leg than a shattered, run-down nervous system.

Overwork and worry drains the nerve cells and centers of all their strength and vitality, then you get your sleepless nights, poor blood, nervousness, worry and fear. The better doctors of today know just what to do in cases of this kind. A few weeks' use of Phosphated Iron rarely fails to strengthen and feed the phosphate-hungry nerve centers.

Phosphated Iron certainly does take hold. The way the majority of patients come back is remarkable. What a change in appearance, too. The cheeks become filled out and flushed with the healthy ruddy glow that only pure, red ironized blood can give. Eyes sparkle, their step has the spring and swing of youth and their whole system seems to be alive with energy and good spirits.

Mr. Nervous Man or Woman, Phosphated Iron will do all this for you if you will give it a chance. Do not drag around, all in and half dead another day when help is so near. Get busy! and be a live one once again!

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not buy dealers to give you pills or tablets. Insist on capsules.

George W. Colman, the Druggist, and leading Druggists everywhere.

was actually framed and in the printers' hands ready for publication, when Herr Weltner, one of the cabinet of young men who are now ruling the fate of the former kingdom, went home for supper. During the meal he told his wife and his mother-in-law in glowing terms about the projected reforms.

"What are you doing for women?" they asked.

Weltner Explains Weltner then explained that in future women would be free, too; that they would be permitted to choose their own husbands and discard them if they liked by the simple process of paying a few cents for a legal paper declaring their "unfitness" for married life.

"Do you mean to tell me that you can get rid of me from one day to another and marry the next day if you like?" demanded young Frau Weltner.

"That's how the law stands," replied the husband.

Storm Breaks Then the storm broke. Both wife and mother-in-law began to scream and a frenzied scene ensued, the upshot of which was that the women demanded that Weltner should get the law stopped, or they would leave him at once and would, moreover, get all the wives, mothers and mothers-in-law of all the ministers to do the same.

AMERICANS BUSY IN SLAV LANDS

Red Cross Officers, Nurses and Physicians Are at Work

Belgrade, Serbia, April 29.—There has been an American invasion of Jugo-Slav territory. In every city from Durazzo, in Albania, to Serbia, reaching from Belgrade to Zagreb, the jewel of Jugo-Slavia, American Red Cross officers, physicians and nurses, and representatives of the Food Administration and of the Army are busy.

At a hundred points in Serbia, Montenegro, Albania, Bosnia, Herzegovina and Croatia, the American Red Cross is giving the people a taste of American generosity. Food, clothing shoes and medicines are being distributed to the destitute. American physicians and nurses are caring for the sick and wounded. By their work and their example, these Americans are inculcating in the Slav, new ideals of thrift, self-help, cleanliness and honesty, which must have a lasting influence.

The population of these countries is composed of many diverse races. The individual ambitions of the different Slav countries have been sacrificed in a desire to keep Italy from obtaining Dalmatia or any part of the Eastern Adriatic coast. The eyes of all are turned to America, which they regard as the greatest sponsor for the unity and integrity of the Slav nations.

"Turn to the Right" described as a play of faith and fun, will be presented at the Orpheum, Wednesday, Thursday and Saturday, with the original cast from the Gaiety Theater, New York. The advance sale of seats opens to-day and considering the tremendous popularity in the large cities where it has been presented, a brisk demand is looked for.

The company to present "Turn to the Right" here is the original Broadway organization, headed by Ruth Chistera, who will be seen in the role of "Ma" Bascom, an old-fashioned mother whose Christian love and abiding faith restores her erring son to a life of honesty. Others in the original cast are Edgar Nelson as Sam Martin, the grocery boy; De Witt Newing as "Dynamite" Gilly, the safe robber; and Al Sincoff, as the pawnshop proprietor. The company comes direct from the Garrett Theater, Philadelphia.

If you enjoy a good laugh, then by all means see "The Decorators" at the Majestic this week. It is claimed to be one of the best comedy hits seen at that theater in a long time, and is presented by five of our best comedians. They furnish lots of splendid harmony and also inject some comedy into their act. Other acts on the bill are Demmy McClinn and Company in a novelty acrobatic offering; Hubert Carlton, singing and comedy act.

Florence Reed, popular star of the legitimate stage and equal favorite of the screen, was never "Wives of Men" at as well in the Victoria graphic production, "Wives of Men," which opened a three-day run at the Victoria Theater yesterday.

A feature of "Wives of Men," which proved mighty attractive to the women who saw it, was the brilliant display of gowns worn by Miss Reed. But Miss Reed is known to her excellent and ultra-modern modes in feminine attire, and her magnificent creations, worn in the picture, are only to be expected. This picture will be shown again to-day and to-morrow. The program music by Frodo McBride and McIntosh also accompanies the production.
