LONG TERMS FOR SHOOTING MILLS

Gettysburg Youths Sent to Penitentiary After Pleading Guilty in Adams Court

Gettysburg, Pa., April 29.—Late yesterday afternoon John Miller and Fred Moore were brought into Adams county court on the charges connected with the shooting of Abner Mills on the night of February 22. Four charges were made against Miller, three in the Mills affair and one for breaking jail. Three charges in the Mills case were against Moore. Both boys pleaded guilty and the court immediately pronounced sentence, giving Miller twenty-seven years in the Eastern penitentiary and Moore seventeen years.

CENTENNIAL OF PERRY COUNTY

Plans Being Made For Big Celebration at New Bloomfield in March, 1920

New Bloomfield, Pa., April 29.—Plans for the fitting celebration of the centennial anniversary of the establishment of Perry county are already receiving the consideration of Perry county people. The county came into existence officially on March 22, 1820, although before that time the people lived together as a unit, shut off from other counties by natural boundaries. After an agitation of several years an act was passed by the State Legislature cutting off a section of Cumberland county to form what now constitutes Perry county. All that district north of the summit of the Blue Mountains and south of the Tuscarora Mountains was included in the new county. It constituted a total of 260,960 acres of land, approximately a quarter million of which now are in farm land. The new county was named Perry in honor of Commodore Perry, who covered himself with glory in the war with England, which had ended but a few years before. Perry county has as diversified soil as any county in the State. Eighteen different geological strata, varying sufficiently to be separately classified, are found in the county. New Bloomfield is being favored as the place for the celebration by reason of the fact that it is the county seat. It has been suggested, however, that separate celebrations be held in the various boroughs and communities.

Pure, Maine Grown, Fancy SEED POTATOES

They Grow Better—They Yield Better. My Seed Potatoes are grown especially for me in the State of Maine by one of the most widely-known Seed Potato specialists in the country. Every year we receive many carloads of this high-yielding stock direct from his Seed Potato Farms in sealed cars. Not a hand touches them until they reach us. By actual test made by many potato growers in every section of Pennsylvania, these high-yielding Seed Potatoes have produced from two to three times as many bushels to the acre or baskets to the row as home-grown stock will produce under the same conditions.

Shell's High Yielding Seed Potatoes. Mr. George Smith, Harrisburg R. D. 4, market gardener, says: "Never again will I plant my own seed. I planted what I got from you alongside of my own of the same variety and gave them the same attention, yet the plants of yours were much stronger and healthier, and produced THREE times as many potatoes." Demson Bros., Dauphin, said: "We honestly believed that our own potatoes, very carefully selected, would yield as many bushels to the acre as your Maine seed potatoes, and two years ago we planted them side by side to prove them—we must acknowledge yours produced two bushels to every one bushel our own produced. Now we plant all yours." George Davis, market gardener, says: "I am convinced by actual test that it pays to pay the price and plant your MAINE GROWN SEED POTATOES. Planted side by side, in the same field on the same day, cultivated and sprayed in the same way, yours produced nine bushels to the row and mine only three." Don't save at the wrong end, when to do so means a loss—Plant Shell's Bigger Crop Maine Grown Seed Potatoes and double your crop.

Gettysburg Memorials to Be Dedicated July 4

Gettysburg, Pa., April 29.—Announcement has been made that the dedications of the memorials on the Gettysburg battlefield to Generals Geary, Hays and Humphreys take place on Friday, July 4. These dedications were postponed from last year on account of the war. The day following the anniversary of the three days of the great battle, when on northern soil, the Federal soldiers defeated the men of the southland may seem to us one great Union, will be a most appropriate time to do honor to these brave men. It is expected that these dedications will attract a large number of the surviving heroes who fought in the organizations commanded by these generals.
