NUXATED IRON advertisement with image of a bottle and text describing its benefits for health.

TWO MILES UP How It Feels to Make First Flight Over the Capitol, as Told by Two Harrisburg Businessmen

BY ANDREW REDMOND (Winner of Victory Loan ride in government airplane over the city yesterday writes of his experiences for the Telegraph).

FLYING is good sport, but I speak not alone from a business standpoint when I advise I have driven an automobile for so long that I eagerly took advantage of yesterday's offer of the Victory Loan committee to take a ride with Lieutenant K. H. Ways in his big double-seater Army biplane...

"Let's go down to the city," I said to the driver. "Sure," he acquiesced. Here's where the fun started. It was only a few seconds when we started up. "We haven't done any stunts because it's against the rules," said the driver.

"Now," continued the cheerful officer, "please write here your address and whom you want notified in case you are killed."

Noticed, when we stepped onto the ground and pointed sharply skyward was like when an elevator starts up suddenly—a sort of sinking feeling in the stomach, but that soon passed and for the first half-hour I occupied most of my time getting used to the swaying, undulating motion of the machine.

My wife, who sat in the front of the airplane, looked like a doll; the next turn around the circle brought us so near the ground that we could recognize the features of the young women as they waved to us.

"I'll say for Harrisburg—the old town certainly looked good to me, even from the clouds."

NO DECISION ON THE BELGIAN OR JAP QUESTIONS

Financial Experts Called to Hear Belgium's Claims For Early Cash

Paris, April 29.—The session of the Council of Three ended yesterday afternoon without any decision on either the Japanese or Belgian questions.

The financial experts of the United States and France were called in while the Belgian delegates were being heard regarding the necessity of earlier payment to them of their share of the reparations.

The Chinese maintain that the Japanese proposals threaten China's sovereignty, and, if adopted, would put into effect the terms of the secret agreements forced upon her by Japan.

THE MARKET PROSPECT We see no reason for advances in railroad stocks at present, aside from a few issues which have exceptional earnings or special prospects for the future.

While the situation is difficult, the premiers are endeavoring to arrange a compromise, whereby the German possession in China will be formally turned over to Japan, with provisions insuring their return to China by the League of Nations under just conditions.

Strangely, the farther away from the earth you get, the better you feel. When you approach the earth you lose your sense of security...

Someone asked me what I did with my hands. Let me tell this: I put my fingers in my mouth to keep my heart from jumping out.

ANTICS OF SIX BIRDMEN THRILL MANY THOUSAND

Daring Aviators Swoop Down on Crowds and Loop the Loop

Tail spins, somersaults, nose dives, loop-the-loops and other hair-raising stunts by four of the six aviators who raced here from York to help advertise the Victory Loan thrilled hundreds of Harrisburg people...

The six machines were in charge of Lieutenant Gilkerson, Lieutenant Murphy, Lieutenant Merritt, Lieutenant Pinter, Lieutenant Ways and Lieutenant Evans, but only four of them took part in the "circus" stunts.

Robert H. Lyon, president of the B. H. Lyon Coffee Company, and Andrew Redmond, well-known automobile dealer, both city men, went in the air with the flyers for more than an hour.

It was exhilarating, both of the local men reported. "Hitting the high spots is great. It is just like riding in an automobile over rough roads," Mr. Lyon commented.

Sixteen Miners Meet Death in Explosion

Birmingham, Ala., April 30.—Sixteen miners, all but two of whom were negroes, were killed and eight others were injured probably fatally yesterday by an explosion in a mine of the Majestic Coal Mining Company...
