

LIVESTOCK HAS WINTERED WELL

Department of Agriculture Reports Show Good Conditions on Farms

Secretary of Agriculture Rasmussen has received reports that owing to the unusually mild weather which prevailed during the past winter the livestock came through in splendid condition and during the winter of severe weather. In fact, in some parts of the State, cattle and sheep partially subsisted on pasture during the winter, consequently there will be more roughage carried over than for several years.

For Acid Stomach Take Bi-nesia

Instant Relief or Money Back
If you suffer from dyspepsia, indigestion, pain after eating, gastritis, heartburn or any stomach trouble due to acidity or food fermentation—and over ninety per cent. of stomach complaints are due to these causes—go to your druggist and get 50 cents worth of Bi-nesia. The next time you eat or have pain in the stomach take a teaspoonful in a little hot water and note how quickly all pain and discomfort ceases. Chemists say that it's almost invariably successful because of the fact that Bi-nesia instantly neutralizes the excess acid and stops fermentation, thus promoting healthy natural digestion. Being absolutely harmless as well as inexpensive, Bi-nesia should be kept on hand in every home where economy and good health are sought. Bi-nesia is obtainable in powder and tablet form of G. A. Gorges and other leading druggists everywhere. Each package contains a binding guarantee of satisfaction or money back and the druggist of whom you buy it stands back of that guarantee. Stop dieting, eat what you want, then take Bi-nesia—the wonderful remedy that costs nothing if it fails.

THIEVES ENTER SOLDIER'S HOME

Wife Died Three Weeks Ago and House Has Since Been Closed

New Market, Pa., April 30.—The home of Herbert Cokle, a soldier in France, whose wife died about three weeks ago, was ransacked by thieves some time Sunday night. As far as was ascertained nothing is missing. It was rumored after Mrs. Cokle's death, that she had left a sum of money hidden in the house. By the appearance of things the marauders made a thorough search. A Victrola was moved close to the door and it is believed the thieves were to return the following night. Entrance was gained through a back door that had been jammed. The house has been unoccupied since Mrs. Cokle's death, although a sister visited it daily.

New Styles for the New Figure

YOUNG America helped do a big man's job. It isn't cocky about it—just conscious of its strength and power.

Your young man is full of self-reliance and confidence. He knows better than ever what he wants—and he knows values.

The Old Models Won't Do

He's going to be fussier about his clothes. The old styles and the old models don't meet his new moods and his new body. The military life did a lot of things to backs and chests and waist lines—to the carriage of head and shoulders.

The HOUSE OF KUPPENHEIMER through its service in military uniforms saw these changes taking place. It foresaw that mere revision of old models wouldn't do. It created new models to meet the new conditions—to set off the fine physique developed in the camps.

And New Spring Styles, to express the new spirit of determination and vigor and punch.

Why shouldn't a man be proud of his spirit and his body? Why shouldn't he have clothes to set them off?

The HOUSE OF KUPPENHEIMER is proud to be the Young Men's House—it's a house of young men. Young in spirit and growing.

In the last *Making Good in a Big Way* four years this house has doubled its business—only because it senses the demands and desires of young men, and always delivers value.

You can go to your Kuppenheimer dealer and surely find the thing you are looking for in choice fabrics, fine patterns and real tailoring.

You expect to pay a little more for such clothes. It's not what you pay but the clothes service you get that counts.
