

BOMB SENT TO AN EX-SENATOR INJURES WIFE

Blows Off Maid's Hands at the Home of Thomas W. Hardwick

Atlanta, Ga., April 30.—Explosion of an infernal machine sent through the mails to the home of former United States Senator Thomas W. Hardwick, of Georgia, yesterday, resulted in the serious injury of Mrs. Maude P. Hardwick, wife of the ex-

Senator, and the maiming of her negro maid. Former Senator Hardwick was not at his home when the infernal machine was delivered, and Mrs. Hardwick ordered her maid to open it, believing, it is said, that it was a simple package containing pencils. When the wrappings were removed, the machine exploded with terrific force. Mrs. Hardwick was blown off the face and body and her upper lip was severely cut by flying fragments. Furniture in the room was demolished. Police believed to-day the machine was sent by the same person or persons who several days ago sent a similar machine to Mayor Ole Hanson, of Seattle. Both were sent in packages with wrappers bearing the return address of "Gimbel Brothers, 32nd and Broadway, New York." The package received at the home of Mr. Hardwick also bore the inscription, "sample," and a New York postmark.

"DANDERINE" FOR FALLING HAIR

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

Coal Will Advance 50 Cents Per Ton

BUY coal now. Don't wait for prices to come down. They are going up.

During the summer months at least fifty cents per ton will be added to present prices. No one knows how much higher the price will go next winter.

But it is not the price of coal to-day that is the big thing to consider—although the price is a factor. It is the supply of coal that is of most serious consideration.

Unless you put in your next Winter's supply early, the chances are you will regret it before cold weather comes again.

Every condition points to higher prices and scarcity. Increased labor cost, increased freight rates and everything which is used to move the coal after it is mined make high prices logical.

Don't wait and get caught in the Fall and Winter "coal rush." If you wait, you must pay higher prices, and, what is worse, you may not be able to get coal at all when you need it most.

We are now getting coal from the mines which supplied us before the war. The quality is good; you will be pleased with it.

ORPHEUM To-night—David Belasco presents "The Boomerang." Three days, starting Thursday, May 1, matinee on Saturday—"Turn to the Right."

MAJESTIC High Class Vaudeville—Five splendid comedy attractions headed by "The Decorators," one of Fred Ardath's acts. Change of program to-morrow.

COLONIAL To-day and to-morrow—Constance Talmadge in "Experimental Marriage." Friday and Saturday—Alice Brady in "Marie, Ltd."

REGENT To-day and to-morrow—Marguerite Clark in "Mrs. Wiggs of the Cabbage Patch." Friday and Saturday—Charles Ray in "The Girl Dodger."

VICTORIA To-day—"Wives of Men." Thursday, Friday and Saturday—"Why I Would Not Marry."

"The Boomerang," a most popular comedy of American life, by Winchell Smith and Victor Mapes, which has been the success of two seasons at the Belasco Theater, New York, and eight months at Powers' Theater, Chicago, will be seen at the Orpheum to-day, matinee and night. There is said to be a world-wit and wishes in the sparkling dialogue of this latest comedy. It has to do with a young doctor who tries to cure a jealous lover by putting him under the care of an attractive young nurse. The significance of the title becomes apparent when all the doctor's theories of love and jealousy are thrown into the discard, and he, too, finds himself hopelessly entangled in Cupid's meshes.

If you are dependent when you go to the Orpheum Theater the early part of this week, it is safe to say that you won't be feeling that way when you come out, for the show appearing there is a winner, and comedy reigns supreme. There is a splendid comedy singing and instrumental act presented by Harris and Morey, while "The Decorators" is the title of a farce comedy that is a scream from start to finish. Three other choice acts are included on the program. Some of the attractions listed for the last half of the week are the three Rozellas in a novelty singing offering; Bowers, Walters and Crook, variety entertainers; a refined musical act presented by five people entitled "Recollections"; Lou and Jean Archer in comedy songs and nonsense, and Tate and Tate, novelty acrobats.

Scenic beauty equalling the best of the specially made educational subjects, picturing natural background of the famous novel, "Patience Sparhawk and Her Times," written by the novelist, Gertrude Atherton, takes place in the West. Director Ralph Ince, accompanied by his cameraman, Harry B. Harris, made a special trip to the old Mission section of Arizona, where the locale of the first half of the Gertrude Atherton story is laid. It was found possible to duplicate in almost every instance, the exact

scenes mentioned in "Patience Sparhawk and Her Times." In "Mrs. Wiggs of the Cabbage Patch," Miss Clark portrays the role of a mother-in-law whose care is placed in the hands of a young girl, who subsequently is the central figure of an interesting story. On Friday and Saturday Charles Ray will appear in "The Girl Dodger" presented by Thomas H. Ince.

To-day is the last day for the Florida film "Wives of Men," which has drawn packed houses at the Victoria. Young wives of the Victoria manager, who have flocked there and have nothing but unanimous and enthusiastic praise for it. While this is known as "Women's Week" at the Victoria, the management is desirous of clearing up a mistaken impression on the part of some of its patrons that the shows are strictly for the fair sex alone. Men are also welcome and from the comments of a number who have seen Miss Clark's picture, it contains a lot of information for them as well as for young wives and women in particular. By "Women's Week" is simply meant that the pictures carry a special appeal to women, but not that they cannot or should not be seen by men.

"Women! Here's the Latest Hat Creation"

Hats, hats, hats—oh, you wonderful, beautiful hats! A hat is a woman's delight and a husband's worry—when he thinks about the bill. Fashion decrees that Milady must have a new hat every two weeks and the milliner agrees with her. She must have a number of straw ones for snow to cling to and make it downy bed upon; she must have several dozen velvet ones for the sun to melt and also melt her head at the same time; and she must have at least three dozen hats made of satin or any other fantastic material to wear in the off seasons.

Such women and chorus girls frequented the exclusive hat shop of Marie and her patrons is told in Alice Brady's latest picture, "Marie, Ltd." to be shown at the Colonial Friday and Saturday.

Reims Population Shrinks From 115,178 to 8,458

Reims, France, April 30.—Reims, which had a population of 115,178 before the war, now has only 8,458 inhabitants—3,987 men, 3,258 women and 1,213 children.

The "martyr city" was shelled by the Germans on 1,051 days, and more than 1,000 persons were killed, including some 300 women and 100 children. The cathedral was struck by 287 shells up to March 21, 1918. After that date no record was kept.

April 24, 1917, was the worst day of the war for Reims. The bombardment was so terrific that no records could be made of the casualties and damage on that day.

Man Shot Her, Killed Himself, Says Woman

Los Angeles, Calif., April 30.—County authorities are seeking an explanation for a shooting at Ocean Park, a beach resort near here, that ended in the possibly fatal wounding of Mrs. Theresa Hoover and what she said was the suicide Sunday night of Louis P. Ramsay, a wealthy lumberman, formerly of Lake Charles, La.

According to the officers, Ramsay had been a frequent caller at the Ocean Park residence of Miss M. J. Coles, for whom Mrs. Hoover acted as housekeeper and who has been missing from her home since last Wednesday.

Bill Fortna Pitching Gives Tech Victory Over C. I. and S.

Technical High School's baseball nine won a five-inning practice game at the Island yesterday afternoon from Mill No. 1 of the Central Iron and Steel Company, with "Bill" Fortna pitching. Score, 8 to 1.

This afternoon the Maroon tusslers were scheduled to oppose the Marsh Run soldiers in a full nine-inning contest with "Buddy" Lingle in the box. Fortna and Tech pitched the contest and pitched a clever game throughout. Hippersted tossed four innings for the steel workers, but he was well at all times. Bamford pitched the final inning.

Coach Albright used Wilsbach on first with Kohlman on second. Both showed good form. Saturday the nine will travel to Bethlehem Prep for the hardest game of the season. The team will leave Saturday morning at 7.55. Newhart, the Bethlehem pitcher, has a record of 33 strikeouts in his last two games. But when the mighty Tech swatters oppose him, there is sure to be some action.

Mt. Union High School will be played at that place Saturday, May 10. Huntington was to have been played on the preceding Friday but the latter team cancelled. A number of the players are members of the senior class of that institution, and are away on a senior trip to the Capitol at Washington. It is likely that George Germer will start against Bethlehem Prep next Saturday.

Advance in Prices of Flour Does Not Mean Scarcity

St. Louis, April 30.—Commenting on the tremendous price-smashing that took place on the Chicago Board of Trade yesterday, Jul us H. Barnes, resident of the Grain Corporation, said: "The steady advance in the market price of flour is not justified by any scarcity, actual or impending, as reserves have been carefully preserved for the demands of the country." "The mills are grinding eleven million bushels of flour weekly, while our domestic consumption does not exceed eight million bushels. It is therefore a simple problem to offset any speculative hoarding of flour, to discontinue export purchases."
