BIG SEARCHLIGHT TO PLAY ON CITY

The huge searchlight with the artillery train brought here to help advertise the Victory Loan and now standing on the Market street siding will be taken to Tenth street Park this evening.

Thousands of people last night and this morning viewed the huge guns and other equipment brought to Harrisburg on the Market street train, parked on the Pennsylvania Railroad.

The exhibitions take place at 2.30, continuing to 4.30, and at 6.30, continuing until 8.30. It was thought likely that another exhibition might be staged to-morrow, but to-day it seemed likely this is not possible.

Mrs. C. H. Sauer is to be commissioned a gunnery sergeant this afternoon at the artillery train. Any woman who wishes a similar commission has only to do what Mrs. Sauer will do—buy a Liberty bond at the artillery train.

How Guns Work The commissioning of gunnery sergeants will occur after Captain W. E. Starbuck has explained the operation of the two large guns—the long one and the mortar. Prior to Captain Starbuck's speech a regulation drill will be performed.

MERCHANTS HAVE HARD TIME TO KEEP TAX BOOKS

Interpretation of New "Luxury Levy" Made by the Revenue Department

"It takes the clerk longer to prepare your bill than to serve you." So comments one soda fountain customer relative to the service received at Harrisburg soda fountains and ice cream parlors as a result of the new "luxury" tax, which became effective on Thursday.

It does not suffice for the vendor to present his tax in a lump sum; it is necessary that statements be prepared showing the sum collected for each class of taxable articles. Daily records must be kept showing separately the amount received for each class of taxable transactions.

Section 630 of the internal revenue law, as explained in an interpretation of the law made public to-day, carries the regulation for the one cent for each ten cents or fraction thereof of the amount paid for drinks, soda, sundaes, ice cream, etc., at the fountain or the parlor, when they are sold for consumption in or in proximity to the place of business.

The whole amount of the total purchase price is taxable. When the price is paid at one time, though in payment for several articles, which are the subject of a single transaction, the total price is the unit for computing the tax.

At a meeting in the Board of Trade building this evening at 7.30 o'clock, preliminary plans will be considered for the formation of a Child's Welfare Society in this city.

FINNISH ARMY HAS SEIZED PETROGRAD IN DRIVE ON REDS

Treaty Is to Be Handed Envoys of Germany Next Week; Pact May Be Signed and Peace Come June 1

PRESSURE BEING MADE UPON ITALY TO SURRENDER FIUME

Petrograd, the former Russian capital which has been in the hands of the Bolsheviks ever since the Red revolution in 1917, is believed to have been captured by the Finnish army which has been advancing from the frontier.

Bavarian government troops have entered Munich, but reports appear to show that the Soviet forces still hold some parts of the city.

A rather indefinite report from London states that a Russian Bolshevik army is "marching on Hungary" following the arrangement of a convention with the Ukrainians.

Treaty Nearly Finished With the work of framing the peace treaty seemingly almost completed except for some secondary matters, the Allied and German delegations at Paris are waiting for the formal presentation of the document early next week.

Italian Situation Unsettled The Italian situation is still unsettled, but the American and French ambassadors at Rome are trying to reach an understanding with Premier Orlando.

Must Yield Cables Germany must give up her cable systems, according to reports, but the Allies will not incorporate in the treaty the plan for the future disposition of this property.
