The most astounding play of the times, will be on view at the Orpheum next week...

The feature attraction of the early half of next week will be a musical comedy...

As a woman, Alice Brady wears you admirer hats...

Temporary disability of her hands results in dramatic start to the Victoria...

In each instance by the First National Exhibitors' Circuit...

Following her appearance in Boston and Baltimore...

Upon her return to New York, Madame Petrova was obliged to place herself immediately under the care of her own private physician...

Read this advice of the girl who made that statement, and then see the picture and judge for yourself.

This is the Way to Jazz

The jazz craze is sweeping across the country with all the force of an epidemic of flu...

It is an intoxicating experience as Lieut. Jim waves his eloquent baton and calls from the snoring fisksy melody...

Following her appearance in Boston and Baltimore, it was found necessary to form a line, leading up to the stage...

Upon her return to New York, Madame Petrova was obliged to place herself immediately under the care of her own private physician...

Read this advice of the girl who made that statement, and then see the picture and judge for yourself.

The Wonderful Stories of OZ

By L. Frank Baum

In the Jackdaw's Nest

"The scenic effect, from this altitude, is marvelous," commented the educated Woggle-Bug...

"I've been wondering that myself," returned the Gump, quietly. "You see, this is a new experience to me. I used to have legs that carried me swiftly over the ground...

"I wonder if riding through the air is liable to spoil pumpkins," he said. "I will do my best to please you."

"I'm not sure," answered the boy. "An educated Woggle-Bug may be a new thing, but Woggle-Bug's reputation is as old as the hills..."

"I'm not sure," answered the boy. "An educated Woggle-Bug may be a new thing, but Woggle-Bug's reputation is as old as the hills..."

"I'm not sure," answered the boy. "An educated Woggle-Bug may be a new thing, but Woggle-Bug's reputation is as old as the hills..."

"Now is our chance to stop," said the boy, finding they were very close to the mountain tops...

"I'm not sure," answered the boy. "An educated Woggle-Bug may be a new thing, but Woggle-Bug's reputation is as old as the hills..."
