are proved facts.

Our owners' records show that compared with other trucks or with horses and mules, Duplex trucks cut the cost per ton-mile from 20 to 60 per cent. No extra wide or dual tires are needed. Tire expense alone is reduced 30 per cent.

The Duplex drives on all four wheels, giving continu-ous power. Its fuel consumption is considerably less.

The Duplex goes with a full load where other trucks can not go empty.

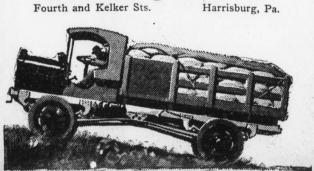

The self-locking differential pulls the Duplex out so long as only one wheel has solid traction. The double reduction drives gives it tremendous power in an emergency.

These facts all contribute to lowering the ton-mile cost and assuring the operator of freedom from interruptions in his hauling.

Records of lower Duplex costs are available to business men, and we are always ready to demonstrate the Duplex.

DUPLEX TRUCK COMPANY, LANSING, MICH.

Harrisburg Auto Co.

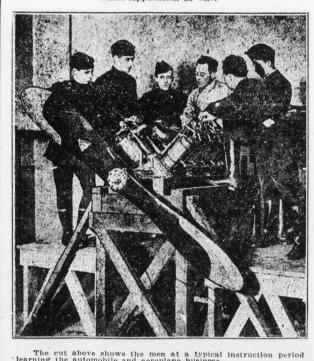

N. J. Mrs. Sherman Hawthorne, of Harrisburg, was the guest of the So-cial Circle which met at the home of Mrs. Frank Condran, Emaus street, on Thursday afternoon. Edward Hickernell, who spent the past nineteen months overseas, has returned home after being stationed at Camp Dix, N. J., for the past several weeks. He is the son of Mr. and Mrs. Adam Hickernell, of Roy.

First expert judgment proved correct by time

"A distinct advance in motor engineering" summed up expert opinion when the Perfected Valve-In-Head Motor of the Nash Six was first shown nineteen months ago. Now we know that this estimate was justified. The Nash motor has lived up to its promises. In the hands of users everywhere it has shown unusual power, economy and quietness.
