## "When a Girl Marries"

By ANN LISLE  
A New, Romantic Serial Dealing With the Absorbing Problems of a Girl Wife

(By Ann Lisle)  
CHAPTER CLXXXVII.

"How gorgeous!" cried a voice that seeped through the empty apartment like honey and gardenias. "How perfectly gorgeously gorgeous. May I just touch it once?"

I looked up and beheld standing in the open doorway a girl who might have been sixteen as far as the thick cream of her smooth skin and the cool softness of her pouting mouth were concerned. But she had amber eyes beneath plucked brows penciled into the wide sweep of swallow's wings. Lacquer-black hair undulated back from a low forehead and scooped out into two paniers over pink ear-lobes from which long jet pendants dangled against a vividly white throat.

There were pinkish pearls nestled against that throat, and black chiffons swirled away to join the satin of a tight-skirted, transparent waisted little gown. The fragrance of sandalwood and geranium floated in waves from this strange young creature. She was young, yet seemed as old as woman's love of jewels and ornament and beauty—as old as the world.

"I'm so sleepy I've gone and dreamed her right out of seeing this robe and all that Egyptian and Indian stuff at the studio," I told myself.

And then the voice that was as slow and sweet as honey and as smooth and creamy as a gardenia spoke again:

"You're Mrs. Jim Harrison, aren't you?" she asked, and at my nod went on: "I'm Mrs. Cosby. Welcome! But you weren't expected till to-morrow."

"I never do what's expected of me," she explained with her slow sweetness, smiling enigmatically across two rows of very small, short white teeth.

"How did you find me?" I asked, so puzzled that I couldn't help being categorical.

Nothing seemed so much for the slow, sweet calmness of the other woman. Perhaps I was almost rude, but either she was very patient or that creamy skin of hers was thick and she didn't know it.

"I decided to come to-day. I always do whatever I decide," she explained simply. "And when I got to the station I phoned Lane's office

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "luggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

## Bringing Up Father

## THE HEART BREAKER

A REAL AMERICAN LOVE STORY  
By VIRGINIA TERHUNE VAN DE WATER

By Virginia Terhune Van De Water  
CHAPTER LXXVII.

The evening paper contained the statement that Thomas Chandler was out of danger from the bullet wound. He had been allowed to see his wife for a few minutes. When young Mrs. Chandler left the hospital she acknowledged that all divorce proceedings had been dropped.

"There was a foolish mistake somewhere," she had declared.

Honora read this bit of news with mingled feelings of relief and disgust. Apparently the whole scandal had died a natural—or unnatural—death. Perhaps the end had been hastened by some of Dr. Chandler's money. He had enough to be able to spare a goodly amount to save his son's reputation.

That page was turned down and sealed so far as Mildred was concerned. Honora was devoutly thankful.

She had recently acquired too much wisdom to mention the painful topics in chatting to Mildred while she dressed for the Hilton dinner. Therefore she was startled when the girl remarked casually: "I see that Tom Chandler's going to get well. So there's been a great deal of gossip over a trifling matter. I am glad I was not foolish enough to let myself get excited over it."

"Yet only forty-eight hours ago this young creature had waited in the Fairlands station for Tom Chandler. Now she looked as pretty as if she had never had a care. There was not a line nor a wrinkle in her face. No wonder people thought her lovely. She was almost beautiful at times. And this was one of the times."

"Good-by," she said airily, as, after surveying herself in the mirror, she threw her evening cloak about her. "Mrs. Hilton promised that her car would call for me at a quarter of seven, and it is just that now. Ah!" glancing from the window, "there it is already—the lim-

## Perfect Health Is Yours If the Blood Is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You cannot overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can easily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pains; Catarrh, often a forerunner of dread consumption; Scrofula, Eczema, Tetter, Erysipelas and other disfiguring skin diseases; Malaria, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

You can easily avoid all of these diseases, and rid the system of their cause, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly, and rids every vestige of impurity. It is sold by druggists everywhere.
