Funeral Services Will Be Held on Thursday For Mrs. Anna Haldeman Bigler

Mrs. Anna Haldeman Bigler, daughter of the late Jacob S. Haldeman, minister to Norway, Sweden and Denmark during the Lincoln and succeeding administrations, died last evening at the Harrisburg Hospital after a brief illness.

Mrs. Bigler, who came of some of the oldest families in this part of the State, was born in Harrisburg, but educated abroad as her father was in the diplomatic service during much of her girlhood. She made her debut at Stockholm where her father then represented this country. She resided in Harrisburg for many years and was much interested in the work of the church. Mrs. Bigler was a great lover of Harrisburg with whose history she was intimately acquainted and was most charitable and aided many children.

One of Mrs. Bigler's ancestors was Jacob Haldeman, the ironmaster who developed the resources of the Cumberland Valley in the early days and who founded a family which included men notable in public affairs, science and business. On her mother's side she came of people who helped settle this county long before the Revolution.

The funeral services will take place Thursday afternoon at 2 o'clock from her residence, 215 South Front street.

MRS. W. H. JARRISON

Funeral services for Mrs. W. H. Jarrison will be held Thursday afternoon at 2 o'clock from the residence of the Rev. Henry W. A. Hanson, pastor of the Messiah Lutheran Church, officiating. Mrs. Jarrison died Sunday. She was survived by her husband, two sons and a daughter.

JACOB L. SINNINGER

Funeral services for Jacob L. Sinninger, a dayman of Penbrook, died Sunday afternoon after several months illness, will be held to-morrow afternoon at 2 o'clock at the home of his daughter, Mrs. George First, 1811 Penn street. Burial will be made in the Oberlin Cemetery.

Annual May Fair to Open at St. Paul's Church

The annual ten-day May fair of St. Paul's Baptist Church, the Rev. E. Luther Cunningham, pastor, will open this evening at State and Cameron streets with a concert. Readings, organ recitals and other numbers are included on an interesting program that has been arranged for the occasion. The vestry of the church has been renovated. The decorations are quite elaborate and pleasing. It will be opened for inspection tonight. Those in charge of the arrangements for the event are: Mrs. Lucinda Gillis, president; Mrs. Lillian Page, vice president; Mrs. Blanche May, secretary; Mrs. Mary Woods, vice president; Mrs. Edmonia Belchly, vice president; Mrs. Bertha Baker, secretary; Mrs. Mabel Grinnison, assistant secretary; Mrs. Bessie Jackson, assistant secretary; Mrs. Hattie Anderson, assistant secretary; Mrs. Anna J. Greene, assistant secretary; Mrs. J. Steth Cunningham, Mrs. Matilda Jordan, assistant treasurer; Mrs. Carrie B. Powell, assistant treasurer; Mrs. Mildred Jones, assistant treasurer; Mrs. Hattie Huston, assistant treasurer.

MIDDLETOWN WOMAN DIES

BADEN-POWELL IS TO VISIT AMERICA

Big Doings When Founder of Boy Scouts Comes This Month

GENERAL BADEN-POWELL

Hay M. Butler, National Scout Commissioner, has returned here from a visit to New York with the news that Lieutenant General Sir Robert Stephenson Smyth Baden-Powell, founder of the Boy Scouts, is coming to this country for a visit.

General Baden-Powell was born on February 22, 1857, the son of the Rev. Professor Baden-Powell of Oxbridge in England. He is best known as the hero of Mafeking in the Boer War. He formed the Boy Scout organization in Great Britain in the year 1908 for the purpose of promoting good citizenship in the rising generation. General Baden-Powell says that the possibility of putting responsibility onto boys and treating them seriously was brought to the proof in Mafeking with the corps of boy messengers raised by Lord Edward in 1899.

Will Visit Here

General Baden-Powell is to visit the Scout organizations in the United States and in Canada during May. He left England on the White Star liner Baltic and will arrive at St. Johns on May 7. He will be in Harrisburg for three days. During his visit in New York City a large program of Boy Scout activities will be carried out in his honor. He will then return to Philadelphia, being in Ottawa on the 21st and 22d, in Montreal on the 23d and 24th, in Toronto on the 25th and 26th, returning to England on May 28.

General Baden-Powell will be accompanied by Lady Baden-Powell, who is chief guide of the Girl Guides, as the girls' organization in Great Britain has always been known.

He will devote four days to the Boy Scouts of America, visiting also the Canadian Scouts and assisting in the organizations for girls.

The main feature of his visit will be a welcome rally at the Metropolitan Hotel on May 17, on the Sheep Meadow of Central Park, New York, at which time there will be a mobilization of 20,000 Boy Scouts of America. This will be a formal occasion in which Scouts awaiting honor medals and Eagle Scout badges will receive them from the hands of Sir Robert himself.

National Scout Commissioner Daniel Carter Beard will be the ranking uniformed official. He will be assisted by the staff of officials participating in the rally. Captain James H. Beard, representing the Chief of Scouts of America, James B. West, will be the active executive officer for the rally.

Big Gatherings

General Baden-Powell will spend May 16 in informal conferences with the Scout officials at National Headquarters. Following the welcome rally on Saturday, a dinner will be served to all Scout officials in the metropolitan district. On May 18, Mortimer L. Schiff, vice president of the Boy Scouts of America, will give a dinner in honor of Sir Robert to the Scouts' National Executive Board and the Citizen's Committee for the Boy Scout week in June, it being expected that Mr. McAdoo, the chairman of the committee, and Lieutenant Colonel Theodore Roosevelt will be present. On Monday evening, May 19, there will be another great gathering at a citizens' dinner to which the public is welcome.

The London Times, in a recent editorial, spoke of the Boy Scout organization as follows: "No greater or far-reaching movement has been launched in our generation. In the decade which is now ending Sir Robert Baden-Powell and other not less devoted workers have made experiments on a great scale, and have shown that the spirit of adventure and of service can be harnessed to the highest purposes of life, and that energies which generation by generation have been perverted to evil uses can be used as the foundations of good citizenship."

General Baden-Powell in one of his letters said: "The term scout master for the officers was one which I adopted from Oliver Cromwell's officers' rank among whom there were 'scout masters'."

Insurance Department

Bill Read in House

Issuance of a non-assessable policy by a mutual fire insurance company without having assets to cover it is forbidden under terms of a bill introduced in the House to-day by Mr. Goldberger. It is an Insurance Department bill.

Mr. Palmer, Schuykill, presented a bill making it a felony to maliciously burn any motor vehicle, and Mr. Clements, Northumberland, a bill regulating trading stamps. A bill giving the State Department of Health broad powers in control of venereal diseases was introduced by Mr. Reber, Lehigh.

VETERANS TO PARADE

Veterans of Foreign Wars and others in uniform will meet for the parade at the Grand Army rooms, No. 28 North Third street, to-morrow afternoon before taking part in the welcome home parade to the old Eighth Guard.

Steelton News

Borough to Take Steps to Compel Gas Company to Lay Main in Adams St.

The Harrisburg Gas Company will be forced to lay a main in Adams street, it was determined at the meeting of council held last night. The company had refused to do this. An opinion by the borough solicitor quoting an ordinance which provides that gas shall be furnished upon the petition of ten freeholders of the district, was used as the basis for the action.

It was revealed at last night's meeting that the Harrisburg Railway Company has so far disregarded the borough's street car license law which became effective April 1. The firm has, up to this time, failed to furnish a statement of the number of cars being operated over the borough streets. License tags required to be displayed in the cars have not yet been lifted.

A tax of \$50 a year is placed on each street car operated in the borough limits, according to the regulations of the ordinance. No appeal has been taken by the Harrisburg Railway Company and, according to the borough solicitor, Wickersham, it is now up to the police department to enforce the ordinance.

A long report summarizing the repairs and improvements in the streets was presented by Chairman Henderson, of the highway committee.

Better fire protection for its property in Furnace street was requested in a communication from the Bethlehem Steel Company. The request was complied with.

A long report summarizing the expenses was passed.

How Lack of Iron In The Blood May Change A Woman's Appearance

And Break Down Her Physical Strength While Plenty Of Iron Makes Rich Red Blood Corpuscles That Give Health, Vitality and Beauty

Every Woman Who Looks Pale, Haggard and Worn Should Have Her Blood Examined For Iron Deficiency—Administration of Simple Nuxated Iron Will Often Increase the Strength and Endurance of Weak, Nervous, Careworn Women in Two Weeks' Time and Make Them Look Years Younger.

Lacking for the keen activity, the youthful step, the fresh rose cheeks and the sturdy disposition of buoyant health is making many a woman unhappy, discontented, wrinkled and old before her time. Sleepless nights spent worrying over supposed ailments, constant dosing with habit forming drugs and narcotics and useless attempts to brace up with strong coffee do not help the real cause of their troubles. Iron is one which may be nothing more than lack of iron in the blood. For want of iron a woman may look and feel old at thirty, pale, haggard, and all run-down—while at 50 or 60 with good health and plenty of iron in the blood she may still be young in feeling, and so full of life and attractiveness as to defy detection of her real age.

That women may become stronger, healthier, more beautiful and better able to meet the cares of home, social and business life by increasing the supply of iron in their blood is the opinion of Dr. J. C. King, M. D., formerly Physician and Surgeon of Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs, but plenty of rich, pure red blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and has found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results."

Among other physicians asked for an opinion was Dr. Ferdinand King, New York Physician and Medical Author. Dr. King says: "It is my

75% when she has only 25 per cent. of red blood corpuscles, and her blood is starving for iron and the change that takes place in her appearance when the percentage of red corpuscles increase as her strength-giving iron.

100% These illustrations show how a woman may look when she has only 25 per cent. of red blood corpuscles, and her blood is starving for iron and the change that takes place in her appearance when the percentage of red corpuscles increase as her strength-giving iron.

opinion that in practically nine times out of ten, unstrong nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, all ailments, including nervousness, blood corpuscles, increase their physical energy and do themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, run-down women into a glow of health and make them look years younger within a surprisingly short time."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York and the Westchester County Hospital, says: "Dr. King is absolutely right. As I have said a hundred times over, organic iron is one of the greatest of all strength-builders. Many a woman who is run-down, easily tired out, nervous and irritable suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, all ailments, including nervousness, blood corpuscles, increase their physical energy, and get themselves into a condition to ward off the millions of disease germs that are almost continually around us."
