

SPEAKER GIVES AN OUTLINE OF SCIENCE CHURCH

Interesting Facts of Religious Faith Are Given at the Orpheum

Interesting facts relative to the founding of Christian Science and its growth in the United States were told last night at the Orpheum Theater by John C. Lathrop, of Boston, a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist. His subject was "Christian Science: Salvation Through Spiritual Science."

WEAK, SICKLY, RUN DOWN WOMEN

Must Look to Their Blood if They Wish to Regain Their Health and Happiness

Many symptoms peculiar to women, such as dizziness, fainting spells, headache, backache, kidney and bladder troubles, languor and nervousness are in a large part due to impurities in the blood—or worse still, anemia, which means that the blood is thin, watery and lacking in nourishment.

If you are run down, if your energy or strength are below normal, if you have to force yourself to do your daily tasks, you should enrich your blood supply at once. In this way, you start a sure foundation on which to build your health and happiness.

You may easily and quickly renew both the quantity and quality of your blood by taking a short course of Novo San.

Novo San, the new Red Blood Builder, has already won a place in the hearts of scores of women by restoring their youthful health and vigor, it not only enriches your blood of poisonous impurities, but actually makes new blood, in this way vitalizing your whole body, charging you with new powers of endurance and energy, stimulating the action of the kidneys, liver and bowels, promoting regularity, health and comfort.

Your jaded nerves are steadied and your overworked, undermined, weakened system is quickly nourished back to health and strength.

MAKE THIS TEST TODAY. Go to Geo. A. Gorges or H. C. Kennedy and obtain a trial package of Novo San (12 days' treatment). Take two tablets three times a day after meals regularly for 12 days and if you do not feel at least 50 per cent better, return the empty package to the druggist and get your money.

PAINFUL PILES

You are suffering dreadfully with itching, bleeding, protruding piles or hemorrhoids. Now, go over to...

PANAMAS

You Cannot be Constipated and Happy

ABSENCE of Iron in the Blood is the reason for many colorless faces but

churches or societies have been established over the world, forty-one cities each containing two churches or societies, and twenty-four other cities each containing from three to eighteen churches or societies. At the Wednesday evening meeting held in these churches and societies over ten thousand people each week publicly and voluntarily bear grateful testimony to the healing and regenerative benefits they have received through Christian Science.

"There is little difference of opinion about the fact that mortals need a clearer way and a truer point of view. All agree that the world seems to be about as full to-day as ever of sin and fear, hatred and jealousy, impurity and disease, vanity and selfishness, and that calamities, tumults, and wars have not substantially decreased up to the present hour.

"Surely intelligent people do not any longer believe that God is the cause of human discord and suffering, any more than they believe that the principle of mathematics is the cause of the failures of pupils to understand and prove its unchanging rules.

"Gaining an understanding of spirit and the omnipotent power of spiritual laws, and an understanding of the false nature of matter and of mortal mind and material laws, the seeker is armed successfully to cope with any human discord. It is then surprising that he should presume to attempt to heal disease as well as sin. What is disease that it should include the minister and be assigned to the physician, and what is sin that it should defy the physician and be allotted to the minister? From whence originated both? From God? No, neither the one more than the other. Jesus' identical handling of sin and disease should long ago have convinced the world that they have an identical source.

"The operation of Christian Science in healing disease and overcoming sin is the action of the divine Mind, God, the Principle and power of the universe through good thoughts, that is, thoughts which, admitting that they have action and power, are equally good for everything and everybody in creation. These thoughts come to a human being through the study of Christian Science, and reveal this divine power which is omnipotent, and make this divine power available in proportion as it is understood and accepted by means of such thoughts.

"Heaven is not a region nor a locality to be entered physically, but it is a state of purified conscience, a state of spiritual understanding, a salvation from sin, sickness and death.

DECIDED TO BE A LIVE ONE

Young Man Comes Back

One of our young men came to the front in short order, and his friends are at a loss to understand his untiring energy and ability to work and get results with only a few weeks before he seemed to be all run down and almost a nervous wreck.

British Troops Break Up Athlone Meeting

London, May 6.—British troops broke up a forbidden meeting at Athlone, Ireland, last night, by charging upon the crowd with a bayonet. A number of persons were wounded, Army officers have taken possession of the place. Laurence Ginnell, member of Parliament for Westmeath, attempted to address the meeting.

CONFIDENCE MAN REAPS MILLIONS, FIGURES INDICATE

Crude Devices Give Way to Modern and More Profitable Methods

Chicago, May 6.—The American confidence man reaped a harvest of more than \$10,000,000 last year, according to figures compiled by Chicago authorities. This is the approximate amount actually collected from the credulous public by professional confidence operators and does not include the millions gathered in annually by the various stock-peddling schemes.

The crude devices of the old time which is omnipotent, and make this divine power available in proportion as it is understood and accepted by means of such thoughts.

The really successful confidence men of to-day usually have summer and winter homes, ride in limousines and are aided by richly gowned women, authorities say. They are educated and far more clever than their brothers of old days, whose favorite trick in Chicago was to sell the Masonic Temple to a "rube" for a small sum, or agree to make the building "turn around."

Land selling schemes, peddling of worthless mine and oil well stock, wire tapping and "fake" sporting events are now the handiworks of the modern confidence man, who matches wits with the banker, capitalist and lawyer, instead of dealing with the ignorant ruralite. Nearly all the victims of a Chicago gang recently sent to the penitentiary were bankers and businessmen. The gang's loot aggregated more than half a million dollars a year.

Fear of publicity keeps most victims quiet, thus giving the high class confidence man a certain degree of immunity, authorities say. They add that Federal prosecution for forging the mails to defraud has been a big factor in breaking up gangs and recently brought about conviction of half a dozen leading confidence workers.

150 ARE KILLED IN MUNICH WHEN CITY IS TAKEN FROM FOE

5,000 Arrests Made in Bavaria n Capital; Toller, Soviet Chief-tain, and Sontheimer, Inciter of Slaughtering Hostage, Are Among Victims Killed When Reds Lose Power

Berlin, May 6.—One hundred and fifty persons were killed or executed during the fighting at Munich, according to an account of the fall of that city printed in the Lokai Anzeiger.

Among the killed were Herr Toller, director of the Soviet government, and Herr Sontheimer, a communist leader. Herr Seidl, who was said to have instigated the shooting of hostages, was beaten to death by Wuerttemberg soldiers, it is said.

SOVIETS URGE RIOT, PILLAGE AND PUBLICITY

Instructions to Agents Abroad Given by Lenine Are Made Public in Washington

Washington, May 6.—The text of instructions for the use of representatives and agents of the Russian Soviet government abroad, said to have been prepared by Lenine, Trotsky, Jukovski, Radek and Tchiteherin in November, 1918, was obtained here yesterday, as follows:

"General Instructions
To the representatives and agents of the Soviet government abroad:

"First. In the sphere of international relations,
(A) Support to be given to Chauvinist movements and national conflicts.
(B) Agitation to be started with a view to stirring up international strife.

"(C) Attacks to be made on the brothers of old days, to be made on the representatives of the Social Democratic party, will be kept up through internal disorders and coups d'etat.

"Second. In the inner political sphere,
(A) All means to be employed to compromise prominent men in the country; attacks to be made on those in authority; agitation against the government to be stirred up.
(B) General and partial strikes to be provoked; machines and boilers to be damaged; propagandist literature to be disseminated.
(C) By these means coups d'etat will be facilitated and political powers acquired.

"Economic Disorders
"Third. In the economic sphere,
(A) Railway strikes to be provoked and kept going; bridges and rails to be destroyed; disorganization of transport to be effected.
(B) Dispatch of flour to the towns to be impeded and prevented; financial difficulties to be created; the market to be inundated with false bank notes; special committees to be set up.
(C) In this way the economic upset will inevitably cause a catastrophe and the coup d'etat will gain the sympathy of the masses.

"Military Schemes
"Fourth. In the military sphere,
(A) Intense propaganda to be carried on amongst the troops; strife to be stirred up between officers and men; attacks to be made on superior officers.
(B) Armies, bridges, railroads, powder magazines to be blown up; consignments of raw materials to be seized.
(C) In this way the army will be completely destroyed, and the soldiers will adopt the workers' social-democratic program."

"Clean Up Big Money
"Tom Brown, who came from Detroit and made his headquarters in New York, was father of the present type of confidence man," said William A. Pinkerton, veteran detective, in striking a comparison between the old and new swindlers.

"He operated forty years ago and formerly was a three card monte man. He was known as a bunco steerer and was famous for his schemes and other crooked gambling devices. Then he invented the gold brick with which he toured the country. The green goods game came later and Brown had many imitators who picked up thousands annually. Wire tapping and other schemes now used developed from those old games.

"The modern operators do not clean up \$100,000 in a single deal. The old timers thought \$1,000 a big job.

"Victims are not really honest at heart, for they often enter into a scheme to cheat another fellow. The small town banker and businessman has proved a shrewd mark for swindlers. They cannot risk their reputations by complaining. It is surprising how many shrewd businessmen fall into the trap. The \$10,000,000 total was obtained in Florida, where hundreds of confidence workers are said to operate, particularly among winter tourists.

Town Solicitor, Back From War, Sues, Regains Place

Wilkes-Barre, Pa., May 6.—F. M. Mackin, who quit his law practice to enlist in the Navy, and who at the time was solicitor of Exeter borough, has compelled the council to reinstate him in his office.

Mackin was elected solicitor four days before he enlisted. Soon as he left the borough engaged new counsel. Council stood by the new attorney, Mackin sued, and when the evidence was heard yesterday the court gave binding instructions for Mackin, which means that he gets his job back and will hold it for three years.

Can Condemn Land For Extensions

Under the terms of the McConnell bill presented in the Senate last evening the State of Pennsylvania will have authority to condemn land for Capitol Park extension and for other purposes.

The bill would confer upon the board the powers expressly given to the Capitol Park Extension Commission in 1911 and under which it did such notable work in behalf of the State.

"EX-TROOPERS TO PARADE
All men who have served in the Governor's Troop at any time, or Troop C, First Pennsylvania Cavalry, who desire to parade to-morrow, are requested to meet in Walnut street, at the Tech High School at the hour fixed for the formation.

"TO HOLD SERVICE
Mid-week prayer services will be held as usual to-morrow evening at Tabernacle Church, Rev. Millard Osborne Peirce, pastor, announced to-day before leaving for Lancaster, where he will attend a Baptist Conference.

British Troops Break Up Athlone Meeting

London, May 6.—British troops broke up a forbidden meeting at Athlone, Ireland, last night, by charging upon the crowd with a bayonet. A number of persons were wounded, Army officers have taken possession of the place. Laurence Ginnell, member of Parliament for Westmeath, attempted to address the meeting.

GLASS APPEALS TO PATRIOTISM OF THE PEOPLE

Impossible to Float Loan on Commercial Basis, He Declares

Philadelphia, May 6.—Secretary of the Treasury Carter Glass, in a Victory Liberty Loan speech here last night, said it was impossible to float the loan strictly on a commercial basis, and that it was necessary to appeal to the patriotism of the American people.

"A little thought," he said, "will teach the wisest among the financiers of the country that it is impossible now to float purely for investment purposes a loan of \$4,500,000,000. We have got to appeal to the patriotism of the American people and it will not be done in vain."

"There are yet 1,500,000 American boys in France and Germany who may be maintained in comfort and brought home in safety and provided with employment on their return. While Congress has written off the books \$15,000,000,000 of authorized loans, for which public funds would have been expended had not the war suddenly terminated, the government is still expending \$1,000,000,000 per month to meet the honorable commitments of the country.

WASTE AND SCRAP BEING COLLECTED

Amazing Amount of Old Stuffs Found in Harrisburg Homes

Inspired by the knowledge that they are helping the Nursery to care for its family of little ones, Harrisburg people seem determined not to leave one scrap of waste undiscovered in their homes. Through the length and breadth of the city, women are buzzing waste campaign talk, and amazement is being expressed at the amount of old rags, and useless clothing, and of useless and even the things that can be found in even the household.

The campaign workers have completed the distribution of the collection bags and the collection is a few days away. There is the crop of waste will be one, for Harrisburg Nursery Home in the past year was the government as and widespread attention to the need of a certified child-welfare Nursery Home has part for twenty-five of this frugal way of care for the child.

Fifty-five children are cared for at the Nursery, clothed and every effort is made to
