

BIG "Y" HUT IN 33 HOURS

Hundred and First Engineers, of Twenty-Sixth Division, Do Quick Job

Paris, May 9.—To have erected in 33 hours a building of 15,000 square feet floor space, including a theater, special rooms, two canteens, class rooms, kitchen, offices and five sleeping rooms, the whole being what in army parlance is known as a "hut," is an achievement of which the 101st Engineers, of the 26th (Yankee) Division, American Expeditionary Force, may well be proud.

The "York Harbor Y. D." hut of the Yankee Division, opened by the Young Men's Christian Association at Le Mans, owes its inception to Miss Grace Thompson, of New York, who raised a fund for the purpose in York Harbor, Maine. Owing to the early return of the 26th New England Division to the states, the original plan was modified to the extent of allowing the New England boys to erect a hut by their own labor.

Time was pressing, but that was a detail which only put the eager beneficiaries of the scheme on their mettle. Foundations had to be leveled, French municipal authorities had to be dealt with for the site and for the location of sewer, water and electrical connections; one car of material carrying the floor joists went astray and other timbers had to be cut at a local mill. Notwithstanding all these difficulties, the hut, which is the largest one used by the A. E. F., was erected of New England stone fireplace and latticed doorways all complete, in a space of time that made the good people of Le Mans rub their eyes in amazement.

Suitably decorated for the dedication ceremony, the big hut was turned over by the 26th division to the American Embarkation Center for use of the American Army on its way home.

George W. Perkins, of the National War Work Council, made the formal presentation to the 26th, whose commanding officer, Major General Harry C. Hale, acknowledged its acceptance on behalf of the division.

After the war, the hut will be handed over to the people of the city of Le Mans, "as a token of cordial friendship," as said Major General George W. Read who, in his capacity as commander of the American Embarkation Center, committed the operation of the "New England Home" to the care of the Y. M. C. A.

Postal Telegraph Adopts Eight-Hour Day

New York, May 9.—Charles P. Bruch, general manager of the Postal Telegraph system, announced here that effective June 1 the eight-hour day and time and a half for overtime had been adopted for all its employees in fifty-one large and small cities in the United States.

Mr. Bruch said all the details of the change in working conditions which he added had been approved by Postmaster General Burleson, had not been worked out but that the preliminary order stated that the shorter work day would apply to "all employees in Postal offices working under similar conditions or doing work corresponding to that of employees in the service of other telegraph companies in the fifty-one cities."

Morse operators, he said, were now employed on day "tricks" of nine hours and night "tricks" of seven and a half hours. On June 1, he said, the day operators would work fewer hours and the night operators' time would be increased.

Study Situation in Mexican Oil Fields

Tampico, May 9.—Accompanying General Candido Aguilar, a party of members of Congress have arrived here to secure first hand information on the situation in the oil regions in preparation for the extraordinary session of Congress in May, when the oil question will be among those considered.

American Shoes On Sale in Brussels

Brussels, May 9.—American shoes were placed on sale here today. Great crowds struggling to reach an objective on the northern side of the Rue Nauve becoming noisy and unruly caused a call to be sent to the police station for the reserves. The objective was an American shoe store which had just advertised for sale a carload of footwear, at prices ranging from 50 to 60 francs. In the shopping district shoes were worth from 80 to 150 francs and here these crowds were battling for the privilege of purchasing shoes at the lower cost, equivalent to \$10 or \$12 a pair. The supply was exhausted before sundown. As two poorly dressed women emerged from the store one was heard to say: "Blessed be the Americans; I have saved 50 francs."

Daily Health Talks

Good Health Is in Your Own Hands

BY SAMUEL HAMILTON, M. D.

The man who said "People dig their graves with their teeth" uttered a truth that goes clear to the bottom of the health question. Suppose you should take everything you eat and drink for breakfast, everything you eat and drink for dinner, everything you eat and drink for supper and mix all together in one mass. It would surely be dreadful mixture to look upon. And yet your stomach is obliged to dispose of that unsightly mass each day! Is it any wonder so many people have indigestion, dyspepsia, backache, headache, bad blood, liver complaint, skin diseases, nervousness, coughs, colds, catarrh, bronchitis and goodness knows what else? Yes, people dig their graves with their teeth, and before the end comes they pass through one sickness or trouble after another. You should be glad to know that Dr. Pierce, of Buffalo, has placed in the drug stores a medicine called Golden Medical Discovery that depends upon to overcome many of the diseases named above. It may seem impossible for one medicine to do so much, but really the whole thing is as simple as the figure 1. Dr. Pierce's Golden Medical Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. When this is done, away go the diseases that are caused by a sick stomach. If you are digging your grave with your teeth, stop to-day. Correct your stomach disorders right now with Golden Medical Discovery, and henceforth eat for your health's sake. If you don't know what foods are best for you, write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice without charge.

Golden Medical Discovery is made without out alcohol or opiates, so anybody and everybody can take it with safety. It is put up both in liquid and tablet form. Send Dr. Pierce 10¢ for a trial pkg., and see for yourself how good it is. Try it now.

Cuticura
SOAP and OINTMENT
FOR HAIR AND SKIN

Treatment for pimples and blackheads: At night smear with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water and continue bathing a few moments.

Something About Clothing Conditions

There's one thing to remember this year--in one sense there is no such thing as cheap clothing; poor stuff costs nearly as much as the good. In another sense there's a lot of cheap clothing in the market poorly made, worth very little. Don't be fooled, because you pay a fairly good price, it doesn't mean the merchandise is good. Be sure of your store, and clothes that are guaranteed to satisfy you; as long as you pay the price of good clothes you had better go where you are sure of what you'll get there.

Good clothes and dependable service, that's what you'll get when you come to this "Live Store." These are the elements of our success; we don't only promise to do certain things for you—we do them—because we regard our public statement and private dealings above a mere commercial transaction. We are in business to serve you as well as to sell to you. The reason we have been successful is because we stick rigidly to the methods we know to be right, and for the customers' greatest interest. Then see that they get dependable wearing apparel that we can stand back of. That's why we sell

Hart Schaffner & Marx Kuppenheimer & Society Brand Clothes

A guarantee of "good" is only good if the merchant "makes good," and if you watch the enthusiastic and eager buying at this "Live Store" day after day, you'll be convinced beyond doubt that there is something out of the ordinary about Doutrichs that brings a greater number of people here than you can find in any other store in this section of the country.

Try the Dependable Doutrich Service That Everybody Is Talking About

Never in the history of the clothing business has there been a style so popular as the waist seam suits introduced to Harrisburg by this "Live Store." Everybody likes it. The returning soldiers and sailors say it's the liveliest yet. Business men are wearing it. Not the same model, of course, but variations of this idea. You'll find the color you like in our tremendous stocks.

Straw Hats

What's your choice for your new straw Hat? We'll agree that it's a problem to decide but the new Leghorns will be exceedingly popular this season. Our large stock, comprises every desirable style and shape. It's an education worth a great deal to you to look at our fine display of straws in our mammoth window.
