Annual "May Fair" Is Drawing Many to St. Paul's

The annual May fair now in progress at St. Paul's Baptist Church is largely attended and bids fair to surpass that of last year in interest and receipts.

The concert of the opening night was all that could be desired. No stranger was on the program, it being "home-talent night" and the reputation of the musical ability of Harrisburg was easily sustained.

Miss Mary Lewis, of Zion Baptist Church; Miss Jennie Cooper, of Bethel A. M. E. Church; Mrs. H. B. Hall, Mrs. Bertha Baker and Mrs. Martha Williams, of St. Paul's Baptist Church, were the star performers.

The choir of St. Paul's Baptist under the direction of Prof. B. H. Baker was in excellent form and maintained its reputation of being one of the best choirs in the city. A most pleasant social evening was spent.

To-night the children of all colored churches will be the attraction. Children's night is always regarded as the most popular night at the fair.

The fair continues next week, opening with "Living Pictures" on Monday evening.

Rifle Club Will Open Season With Big Shoot

The Harrisburg Rifle Club will begin to-morrow the first lap of the biggest shooting program arranged since its organization in 1916. The big range of the club is rapidly being put in shape for the summer events, and this year promises to be a banner one in the annals of the local club as well as in all the other clubs of the State.

The closing of the war has enabled the War Department to devote more attention to the civilian rifleman, such as releasing for his use, arms, ammunition and other shooting supplies and this fact, coupled with the return of many of the

boys of the Iron Division, promises to bring the rifle clubs again into prominence.

Out of a membership of 130, the Harrisburg Rifle Club furnished a total of 44 marksmen, the majority of whom were members of the 112th, while a few others were gunners on transports and destroyers. Many of these boys have already returned with wound stripes on their sleeves and a Croix de Guerre pinned on their blouses. They know the value of rifle practice, and have already expressed their desire to get on the range.

A special program has been arranged by the executive officer for to-morrow, and the general public is invited to try its luck with the ser-
