

HOLD REHEARSAL
Members of the cast of "The Laughing Cure" held a successful rehearsal last evening at the home of Miss Martha Lawton, 1923 Market street. This play, to be given early in June by members of the Grace Methodist Epworth League, is a clever, mirth-producing farce, with the people participating admirably adapted to the parts they take. Every effort is being made to stage one of the best productions of its kind ever shown in this city.

EVENTS HONORING
WORKER'S RETURN

Miss Watts Home From France
and Germany Heartily Greeted by a Host of Friends

Ever since Miss Marian B. C. Watts reached this country on a six weeks' leave after a year and a half spent in Y. M. C. A. canteen work in France and with the Army of Occupation in Germany, she has been busy greeting a host of friends and with engagements of all sorts.

Stopping with her mother, Mrs. David Watts, in Mechanicsburg, makes her easily accessible to Harrisburg friends, several of whom have entertained informally for her. Among the hostesses were Mrs. William E. Bailey, who gave a tea, Wednesday afternoon, at her home, Front and South streets, and Mrs. Marlin E. Olmsted, whose luncheon on Tuesday was attended by twelve guests.

Members of the Presbyterian Church, of Mechanicsburg, greeted Miss Watts at an evening reception Tuesday and yesterday she had the pleasure of meeting again the girls of the Seiler school who form the nucleus of the club and who have been sending her magazines and various supplies for her work.

Miss Watts addressed the Red Cross chapter at the home of Mrs. C. E. Stocks, of 1014 North Second street, yesterday afternoon at the Walnut street, where she had the most interesting information about her work. While she had no thrillers to tell, Miss Watts said that the days were full of care for others, and that canteen work was something like a church supper with its crowds and hasty service, only that the hours were longer. Many questions were asked, one bringing out the fact that although their canteen was just across from a hospital where thousands of wounded were brought in, they never had time to go in to see them.

Arrangements have been made for elaborate decorations of a patriotic character and every effort is being extended to make the affair the most successful ever held in the history of the organization. The executive board has announced the following committees: Banquet: Miss Hazel Kuhn, chairman; Miss Ruth Kunkle, Miss Alma Sawyer, Miss Esther Slothower, Walter McCormick, Lloyd Smith. Charles M. Courboin
to Give Organ Recital

An organ recital will be given in Bethlehem Lutheran church, Tuesday evening, May 13, by Charles M. Courboin, one of the great organists of the day, whose first visit to this city promises to be one of the outstanding musical events of the year.

Mr. Courboin is a native of Antwerp, Belgium, and his powerful talent for music developed at an early age. Following his graduation at the Brussels Conservatory he was appointed organist of Antwerp Cathedral in 1904. He has since visited America and his success as a concert artist has been a notable one. He is the municipal organist in Springfield, Mass., where he gives weekly recitals and in addition is organist of the First Baptist Church, Syracuse.

The recital will be given under the direction of the Harrisburg Association of Organists.

Children Across River
Hear Fascinating Tales

Illustrated Talk on "Women in Industry" Sponsored by Civic Club at Y.W.C.A.

An illustrated talk on "Women in Industry" will be given this evening in the John Y. Boyd Hall under the direction of the Civic Club and the Industrial department of the Y. W. C. A. Miss Mary Van Kleek, director of the Women in Industry Service, Department of Labor, who sends out the lecture and slides, in speaking on the subject said: "In time of peace no less than in time of war the nation must depend for its prosperity upon the productive efficiency of its workers. The most important question arising now is the comparative wage paid to women and men. The principal of equal pay for equal work was affirmed repeatedly by agencies of the Federal government during the war as a means of preventing the lowering of industrial standards. This principle should be carried further. Wages should be based upon occupation and not upon sex."

The subject matter to be presented this evening will be of vital interest to all people interested in women of the working world. Some of the points to be considered are: "Eight-hour Day," "Forty-four Hour Week," "Lunch and Rest Periods," "Equal Pay for Equal Work," "Factory Sanitation," "Correct Posture and Dress," "Employment Management" and "Co-operation Between Worker and Employer."

Women's Coat Salon—Second Floor

THE GLOBE

"I've Been Wondering Where I Could Get a Practical Top-Coat"

explained a woman who called here the other day.

"And now I've found a wonderful assortment. So many are wearing capes and dolmans that I've wanted a handsome coat. They look as though they'd give splendid service too. What is the material?"

"Some are of Worumbo pure camel's hair," I replied—"the others of golflex heather jersey. They're very durable." She slipped into one and stood before a mirror.

"That's the coat I want," she exclaimed with decision. "Don't alter it one bit. It's a perfect fit. Though it's not a rain coat I can see it will stand all sorts of weather. I'll use it in the car and for street wear."

We've a wide assortment of these really beautiful coats on our racks. You'll like the lines and patterns.
