Who does not wish for good health? Looking at the question from a strictly business point of view, you must realize the necessity of being fit and fresh in order to succeed in your chosen work.

There are many men in the world today who have to confess that they have failed simply because they neglected to give proper attention to their health. Timely use of Beecham's Pills will keep you alert and at the top of your condition, all the time.

They exert a remarkably stimulating influence not only upon the various organs of digestion, but also upon the entire organism. They drive away lassitude and depression, infuse energy and cheerfulness and thoroughly equip one for the health-trying ordeal of business. This ought to be reason enough for most people to

Atlantic has Range

No two carbureters are adjusted precisely alike. Your gasoline, therefore, must have range.

Atlantic Gasoline has a range that compensates for irregularities of carbureter-adjustment.

Your carbureter will behave well with Atlantic Gasoline, when, with the same adjustment, a mongrel fuel would send it into a fit of coughing that would probably stall your motor.

Range of performance is important. It is particularly important because carbureter-adjustment is not something to be tampered with on the road.

Whether you own a Ford or Fiat, a truck or a fleet of trucks, you will find less carbureter-trouble and a smoothness of power with Atlantic Gasoline unobtainable with any other fuel.

The majority of trucks in this state use Atlantic Gasoline to the exclusion of every other motor-fuel. This is likewise true of the passenger-cars.

Use the gasoline that has the greatest range of performance-
