Philadelphia, May 13.—The Hick-site branch of the Society of Friends has protested to Secretary of War Baker against alleged excessive pun-ishments and general treatment of military prisoners, according to the report of the committee on philan-thropic labor at the yearly meeting here yesterday. Epistles were read from the year-ly meetings of Friends in London, Canada and Australia, disapproving the war and recommending the Friends of America for the stand they took. Concerning woman suffrage an-other report said: "At present it appears to be only a matter of time and method when suffrage will be granted. The work of delay is due to the slow process of American machinery in register-ing the popular will."
