CITY GETS BACK OF SALVATION ARMY DRIVE

"Dollars For Doughnuts" to Se the Slogan For Committee

SOLDIERS ARE AIDING

Men Who Found Organization's Worth in France Support Movement

In the echo of the most thrilling wan adventure, related at the Harrisburg Club last evening by the city's own heroes, the local campaign for the Salvation Army Home Service was launched today by a six-cylinder executive committee, sounding the slogan: "dollars for doughnuts" and "a man may be down, but he is never out." The big assembly room glittered with military uniform, and the welkin resounded with the convincing pledges of captains, lleutenants and privates to "go over the top" for the Salvation Army who "were always there where the shells were dropping."

always there where the shells were dropping."

The drive starts next Monday, running from May 19-26 and is nation-wide for a total quota of \$13,000,000. A great number of big cities, especially in the West, have gone over their share; Scranton is raising \$150,000, and the amount for Dauphin County is set at \$35,000. These and other facts were set before the gathering at the Harrisburg Club last night by Captain E. J. Stackpole, Jr., who was unanimously chosen chairman. His executive committee will have more or less the appearance of a regimental staff, including: Captain John T. Bretz, in charge of soldiers' canvassing teams; Lieut-Col. Edward Schell, Capt. Jackson Herr Boyd, Lieut. Wilbur Towsen, Capt. William McCreath, Capt. Meade D. Detweiler, Lieut. Charles W. Thomas, Capt. E. Laubenstein, Capt. H. M. Stine; Lt. Joshua Swartz, Al K. Thomas, Kl-wanis Club; Ell N. Hershey, Rotary Club; Mercer B. Tate, all-round-jazz; publicity, Allea Sangree and Laurence Shepley. The headquarters have been established at the former Gilbert Store whence the other drives were conducted. Chairman Stackpole put the fact that brevity, laying stress on the fact that

Chairman Stackpole put the situation before the gathering promptly and with brevity, laying stress on the fact that almost the entire bulk of the local quota remains here; the treasurer being J. William Bowman, and if a sufficient sum is raised a substantial Salvation Army building will be established where home work may be carried on in eminently progressive and satisfactory fashion. He informed that Pennsylvania is taxed with a total of \$2,000,000, the city of Philadelphia taking over half of Philadelphia taking over half that, the rest for the State outside. It was not necessary to make an appeal for energy; the soldier volunteers could barely hold themselves in leash from springing out on their humane mission

Paris, May 14.—The Peace Conference to-day received from the Women's International Conference For Permanent Peace at Zurich the resolution, adopted yesterday by the conference, denouncing the terms of peace with Germany.

The resolution declares that the terms tacitly sanction secret diplomacy, deny the principles of self-determination, recognize the right of the victor to the spoils of war and violate principles of justice. Rule of force, it is declared, is continued by the financial and economic clauses.

Inquiries made at the State Police Department concerning the charges made against the Berwick of detail of State police by Mrs. George H. Morton, published this morning, brought a statement to the effect that this woman has been prosecuted by a member of the State police on a charge of criminal libel and is now out under bail, a true bill having been found against her by the grand jury of Columbia county. This fact, the department considers, is sufficient answer to her charges.

Much surprise was expressed by the Acting Superintendent that the State Federation of Labor should go to necord, as reported in the morning paper, in favor of having the twoman's charges printed in pamphlet form: "Organized labors clarks" Mr. Hess, Lancaster. PARIS, May 14.—The three German notes delivered to the Council of Four, the Havas Agency says, deal with the following subjects: "The first, the effect of the peace terms upon Germany's economic situation; the second, with the manner in which President Wilson's points are applied which is protested against and the third with the principles of the reparation demands, which are protested, although it is declared that Germany is prepared to subscribe to them.
