

### SCHOOL BOARD GIVES REASON FOR INCREASE

#### Members For First Time Print Full Statement of Budget

Proposed expenditures for the 1919-1920 school year as submitted by the budget committee of the city school board showing the available revenue at 1 1/2 mills and the amount of the deficit which will exist next year are published in detail to-day by the directors in a full page advertisement.

This plan was decided upon by the board in order to convince the taxpayers of the city that the budget committee has arranged only for the necessary expenses of the district and to show just where the big increases in school operation costs are, so that the public can understand the need for an increase in the tax rate of at least 1 1/2 and possibly 2 mills.

The budget has not been approved finally, but it is understood in official circles that such action is to be taken on Friday, at the regular meeting. The tax rate may be fixed at the same session, and from present indications it will be raised to 1 3/4 mill or higher.

In one of the statements furnished by the board officials a list

of increases in expenditures in the larger items of the budget over the school year 1918-1919 is given as follows: For operation of intermediate or junior high schools, \$80,648; increase in teachers' salaries, \$32,774; advance in cost of coal, \$3,302; operation and maintenance of all buildings, \$11,618; cost of supplies, \$10,025; sinking fund and interest charges, \$10,045.

In reviewing the financial situation of the last few years Secretary D. D. Hammelbaugh furnished the following information: "In 1914-1915 with a tax rate of 8 1/2 mills there was a deficit of \$76,359, \$7,880 higher than the previous year. The mill rate for the next year was kept at the same figure notwithstanding this deficit and a larger increase in the estimated expenditures with the result that in 1915-1916 the deficit grew to \$113,412.

"The next year the board increased the mill rate to 10 mills in order to take care of increased expenditures, and this large deficit which was reduced during 1916-1917 to \$44,353. For 1917-1918 the mill rate was retained at 10 mills regardless of this deficit, the provisions of a new teachers' salary schedule and the enormous increase in the cost of coal, fuel and other war conditions, with the result that the deficit was increased instead of being wiped out.

"For 1918-1919 the mill rate was increased to 11 1/2 but teachers' salaries were increased to the extent of \$40,000; janitors, \$5,000; interest on bonds, \$21,000; sinking fund charges, \$20,000, as well as an additional advance in the cost of supplies and fuel, with the result that the deficit for this year will likely reach \$60,000.

### GET NO NOURISHMENT FROM FOOD YOU EAT

#### That's Why You Are Thin and Run Down. You Can Get Real Food in Father John's Medicine

You may have a good appetite and eat as much food as you can in normal health, but if you are thin and run-down the reason for it is that you get no nourishment from the food you eat. A weakened digestive system which does not take nourishment from the diet will easily take up the nourishment contained in Father John's Medicine, because the real food elements of this old-fashioned family medicine are so prepared that even a weakened digestion will quickly turn them into solid flesh and tissue. This enables the system to resume its normal functions and a steady gain in weight and renewed strength follows the faithful use of Father John's Medicine. Remember, this pure food body-builder is guaranteed free from alcohol or dangerous drugs.

### Do Away With Indigestion

How to Purify a Sour, Distressed Stomach in a Few Minutes

Let us talk plain English; let us call a spade a spade.

Your food ferments and your stomach isn't strong enough to digest the food you put into it, so the food sours and forms poisonous gases and when it does leave your stomach it has not furnished proper nourishment to the blood, and has left the stomach in a filthy condition.

Take M-I-O-N-A stomach tablets if you want to change your filthy stomach to a healthy one.

If M-I-O-N-A fails to relieve your indigestion, rid you of dizziness, biliousness, and sick headache, your dealer will cheerfully refund your money.

If you want to make your stomach so strong that it will digest a hearty meal without distress, and you want to be without that drowsy, all tired out feeling, take M-I-O-N-A; it should give you prompt relief. For sale by H. C. Kennedy and all leading druggists.

### Disturbed Sleep

Usually comes from improperly digested food which clogs and poisons the entire system.

Avoid this condition by using the first signs of headache, nervousness, dull or heavy feelings.

### INTERNATIONAL MOTOR TRUCK FOR COST HAULING

International Harvester Co., Harrisburg, Pa.

Gentlemen: In view of the fact that your INTERNATIONAL Truck has become such an efficient and absolutely reliable member of my business, I wish to express my appreciation of your truck and am glad to say that I am more than a satisfied owner.

Since I have purchased the truck I find that operating expenses have been greatly reduced from that of the team, and the simple construction and operation of the INTERNATIONAL makes it very easy to instruct the most inexperienced person to handle and take care of it.

Since the pre-war days of conducting business I found that it was absolutely necessary for me to own a truck and after investigating the various trucks I selected an International. I wish to state that my truck has been in operation every day since the day I purchased it, which was about a year ago, making more, quicker and cheaper deliveries than I had ever anticipated.

Very truly yours,  
Coal, Flour and Feed Dealer.

### HOW EX-KAISER REVIEWED HIS TROOPS

Above is shown a view of the Ex-Kaiser reviewing his troops. The photograph was found by Maurice assistant band master of the Seventh Infantry. The photo was sent to Miss June Beard, 1825 Market St. Harrisburg, Pa. for publication.

He spoke of the maternity hospitals; how efforts were made to get these victims a position and help them start a new life. He said one aim of the Army is to get closer to the churches, and he gave enlightenment on the training schools of this organization which demands hard, persistent schooling for a worker before he is made responsible. Long, diligent service is required to get rank in the order.

J. William Bowman was given a rousing hand, for he has long been a notable helper of the Army and as treasurer and chairman of the industrial canvassing committee he will further show his sentiment. He spoke a very good word for Captain Neilson, the local Army man in charge here; said that he "would do anything for a man or woman down and out" and that his efficiency was only limited by too much work and lack of funds.

While there have been many demands for the public in recent years, it is believed this one will be considered no hardship. Lieut. Charles W. Thomas hit the audience in the eye with a straight from the shoulder narrative which was worthy of being recorded in historical records. "I would be ungrateful," said he, "if I did not come out now for the Salvation Army and any other man who fought at Argonne and Chateau Thierry would say the same. Members of Companies D and I will tell you how these women baked doughnuts under a big tree at Argonne when the men were falling by thousands. It would have been hell in the Army without the Salvation people. They never complained. One woman lost \$17 out of \$100 by changing American money from France for a soldier; never said a word. The boys were very strong for doughnuts, and then they furnished us good pies when they could get the material. I have to laugh when I think the public used to think of the Salvation Army as a joke. They are the real thing. They even helped us in writing letters home, always had paper, pen and ink. Other officers emphatically backed up the lieutenant and the soldier canvasser is bound to be an interesting one, not only to the heroes but to the public.

The gathering to launch the campaign last night included: T. T. Wierman, John Fox Weiss, Max Copelin, Mayor Esch, Harry E. McCormick, Robert McCormick, J. P. McCullough, Frank Payne, W. E. Starkey, William Strouse, Capt. Jackson H. Boyd, Lieut. Col. Edward H. Schell, Al K. Thomas, Capt. E. J. Stackpole, Capt. John T. Brewster, Lieut. Charles W. Thomas, Lieut. Wilbur Towsen, Capt. William McCreath, Mr. Whitney, Capt. Henry M. Stine.

### BEER IS ENDORSER BY LABOR MEN

#### (Continued from First Page.)

They take action to petition President Wilson to remove Postmaster General Burleson from office without delay because of his autocratic conduct toward labor workers engaged in the postal, telegraph and telephone service in the United States.

The organization is now stronger and in better condition than ever. President Maurer reported to the delegates. Since the last convention he has received 208 millions in contributions, breaking all previous records by 100 per cent. "And what is true of the Federation," he said, "is true of all of the national organizations."

The part that organized labor played in the winning of the World War was gloriously told by President Maurer in his report. He said in part:

### TRY GORGAS FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Fermentation, Eradicates Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, d. g. and other purgative pills, and you know these things will not cure your troubles in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little disintegrated magnesia—not the ordinary commercial variety, but the disintegrated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take this little disintegrated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the disintegrated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion. G. A. Gorgas.

### PEERLESS IS DUE HOME FRIDAY

Philadelphia, May 14.—Army officials announced to-day that the overdue transport Peerless, which is bringing home from St. Nazaire, France, the One Hundred and Eighty-Fifth Artillery, made up largely of Pennsylvania soldiers, will arrive at this port on Friday.

Thirty-two officers and 2,240 enlisted men are on the Peerless. Nineteen officers and 1,299 men are former members of a Philadelphia regiment and twelve officers and 832 men represent the One Hundred and Eighty-Fifth Machine Gun Battalion. The machine gunners were formerly of the Fourth Infantry and live in Dauphin, Lebanon, Berks, Lancaster and Berks counties. Their commander is Major Lawrence Watres, of Scranton. Many members of the old Governor's Troop are in the artillery.

money, munitions, ships and general supplies. Industry was expended upon the Salvation Army as a joke. They are the real thing. They even helped us in writing letters home, always had paper, pen and ink. Other officers emphatically backed up the lieutenant and the soldier canvasser is bound to be an interesting one, not only to the heroes but to the public.

Governor Sproul left for Philadelphia this afternoon to attend the review of the 208th anniversary of the signing of the Declaration of Independence, and to attend the review of the division to-morrow. A number of legislators and other officials also left to-day. To-morrow's program will include the review of the division to-morrow. There will be no sessions to-morrow.

### What Women in Their "Forties" Need

BY A SPECIALIST

Many women approach the critical changing period of their lives that comes between the ages of forty and fifty, unprepared for its tremendous importance to their future health and happiness. Not understanding the natural changes taking place in their bodies, they work beyond their strength, often break down, become wrecks, suffer from nervous prostration, and their weakened nerves tremble every step. Often while in this condition they take to their beds from nervous exhaustion. In many instances, what these women need is something that will instantly relieve the pressure on the overworked nerve centers and give them the strength to carry on with their daily lives. Margo Nerve Tablets, which are a combination of some of the best and most effective nerve stimulants known, are entirely harmless to people of all ages. Thousands of women can attest to the fact that Margo Nerve Tablets, the "Forties" need, relieve the tired brain and put the energy and courage into the body that enables one to stand up under the unusual strain of the changing period. Margo has to do the things that other pills cannot do. It contains no habit-forming drugs, such as Kennedy's, Geo. A. Gorgas' and other leading druggists sell it on a positive guarantee to relieve or money back.

### DIOCESE TALKS OF HIGHER PAY

will be that of permitting women to serve on vestries of parishes.

Greater salaries for the clergy is occupying attention of the delegates. It is proposed to increase the salaries by means of a central fund from which all salaries will be paid. It has been announced that the diocese will raise its share of the cost by twenty million dollars to be spent in social work throughout the country.

At the organization of the convention yesterday, Major General Charles M. Clement, of Sunbury, was elected secretary, and H. W. Hartman, of Lancaster, was elected treasurer.

Captain Elliott Frost, morale branch, general staff of the American Army, was the principal speaker at a banquet held last evening in the Sunbury High school building. He spoke at length on morale work in the Army, defining morale by the "measure of a man's confidence in himself, his leaders and his cause."

He told of the remarkable work accomplished by the branch among the American soldiers and told of the preparations being made for the men's return to life. It is the duty of the branch, he said, to help the men in the importance on their return to civil life of submersion of their individuality and the regeneration of self through service.

German Ships on Peace Board

The German ships, both mercantile and naval, is again being pressed upon the attention of the peacemakers. It seems that Poland is claiming some of the warships which Germany surrendered, having presented her case in this respect to the Council of Foreign Ministers.

Paris, France, May 14.—German protests against the proposed peace treaty are being filed with the various nations during the war. This would throw the ships interned in the United States prior to American entry into the war into the pool, and they would all be retained by this country.

### CUMMINS CHOSEN FOR SENATE CHAIR

#### (Continued from First Page.)

Senators Penrose, of Pennsylvania, and Warren, of Wyoming, was postponed.

Senator Lodge was authorized to appoint a committee on committees, and pending a report the fight of the Progressives against election of Senator Penrose to the chairmanship of the finance committee, and of Senator Warren as head of the appropriations committee, will be held in abeyance.

The Progressives, however, at a meeting before the conference determined to pursue their opposition to the Senate floor. Some of the Progressives said that they would do their best to get as good terms as possible, but that a "vanquished people could expect but little."

### Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.
