EVERY EFFORT BEING MADE TO FIND BODIES

Juniata Fails to Give Up Its Victims; Troopers on Scene

Efforts are being redoubled to locate the bodies of the seven officials of the Haws Refractories Company, who drowned in the Juniata river near Hawstone on Saturday when their boat overturned. State police are lending their assistance.

This morning a contingent of the troopers left this city for the scene of the accident to aid in the search. They secured the motor boat of Charles C. Linton, 1007 North Second street, and took it by truck to Hawstone. It will be operated by Mr. Linton's son, Thomas Linton, while the police search for the body.

It is understood that plans are being made to put a diver to work to aid in locating the bodies. The Haws Company is understood to be negotiating with a Harrisburg diver, just now the river is quite muddy and will prevent the diver from rendering much assistance. The waters are clearing up and are expected to be in condition for him to work in a few days.

The riggers from the Standard Steel Works, Burnham, will build barbed wire dredges with which to scrape the river. The Red Cross has located a kitchen on the north bank of the river and will feed those engaged in the search. Barbed wire guards have been placed between the pieces of the Millintown bridge to catch the bodies in the event of their floating that far down the stream.

Five hundred persons have been engaged almost constantly in the search since the accident. It is the intention of the authorities to use dynamite in all deep holes within a mile of where the accident occurred, in the hope that the concussion will release and raise the bodies to the surface.

The accident resulted in a panic among those on the boat, Mr. Haws of the Hawstone plant said yesterday, when it shipped a little water.

SIX GO DOWN AT SEA WHEN BARGE NANTICOKE SINKS

Captain's Wife and Four Children and Engineer Perish on Way to Maine

Portsmouth, N. H. May 15.—Six persons, including the captain's wife, and four children and the engineer, were drowned when the coal laden barge Nanticoke, owned by the Porter Transportation Company, of New York, sank off the Isles of Shoals early today.

Captain William Gray and Allen McDougall, a deck hand, were picked up by the coast guard at Rye Beach after they had drifted about in a small boat for several hours. They are the only survivors. The Nanticoke was the last of a string of three barges in tow of the tug Triton and bound from Perth Amboy, N. J., for Portland and Rockland, Me.

Strollers Asked to Keep Off Grass in Park

Pedestrians using the upper walk in River Front park from Market to North streets are requested not to tramp out the sod which is being placed along the edges. Park department officials have men at work straightening this path by seeding and expect to complete the work in a few days. They said that the city department will not use signs to warn pedestrians as they do not object to walking on the grass, but persons while in the park are urged not to walk at the edge of the path and damage the sod.

Y. M. C. A. TO HOLD ITS ANNUAL MEETING

The postponed annual meeting of the Central Young Men's Christian Association will be held in Falmestock Hall next Thursday evening, at 8 o'clock. Election of officers and directors and presentation of the year's reports will be included on the program. The board of directors of the same organization will meet in their monthly session Wednesday noon.

RUSSIAN TRADE IS BEING SOUGHT

[Continued from First Page.]

Commerce as "insidious." He claimed he had substantial information to the effect that Chambers of Commerce in Pennsylvania and Ohio conspired to close down as many industries as possible at the conclusion of the war in order to bring about lower wages. This, he alleged, was part of the program of the United States Chamber of Commerce. Wheeler succeeded in making a majority of the convention believe his statements.

The "Blue Laws" of 1795 were denounced in a resolution in which the association went on record as favoring a more liberal observance of the Sabbath. The resolution continues to demand the abolition of the Blue Laws and other "fanatical measures" which act as a "curb or check" upon the "innate and natural instincts" of mankind. The resolution favored the permitting of entertainments, whether admission is charged or not. Support was pledged to any exponent of more liberal Sunday measures.

Textbooks used in the public schools of Pennsylvania came in for their share of denunciation from the delegates. A resolution was presented and adopted without dissenting vote. It declared the content of the books used in the State were declared to be unsuitable.

Wants Americans Home "They have been prepared without regard to the fundamental needs of workers," the resolution said. "They have been censored to meet with the economic desires of the employing class." The resolution declared in favor of the revision of the text books used in the public schools of the State to meet with the more universal needs of the people.

The retention in Russia of American forces sent to Europe to battle the Huns received the severe condemnation in which the resolution adopted during today's session. With the armistice signed and the Peace Treaty in the hands of the Germans, there is no need for the American forces to be kept in Russia, it was said. The men should be immediately withdrawn from the front lines and sent to their situation themselves, it was resolved.

Another resolution bearing on the Russian situation was adopted. It was urged that the removal of the blockade on Russian ports be accomplished without any delay in order to permit the sending of supplies to the people of that country. They have plenty of money, the document declared, with agents in New York City eagerly awaiting the opportunity of purchasing and shipping to their countrymen the needed supplies. Such a course will do more for the people of Russia than any food commission could do, the resolution pointed out.

Opposition to the private ownership of public utilities was declared to be the best interests of the people of the State at large, was recorded, in a resolution in which the abolition of the Public Service Commission was favored. The Public Service Commission has favored these private owned corporations, in which it was declared rates were boosted without reason. Approval was given to the Reber House Bill No. 1401, in which the abolition of the Public Service Commission is provided.

Endorse Free Ireland City administrations were declared to be responsible for any bad housing conditions that might exist within their cities. As the guardians of the interests of the city people, they were declared also to be duty bound to do their best to prevent rent gouging, profiteering, etc. Recognition of the new Irish republic without delay was urged in a resolution in which it was declared that as a democratic measure this country was bound to support it. The people of Ireland were commended for the action they have taken.

The release of all political and war prisoners received the approval of the delegates. In the resolution introduced by Miss Pauline Newman, of Philadelphia, the release of these persons, "langushing in the jails of the country," was urged since the war has been ended. It was pointed out that other countries had taken similar action.

The organization went on record as favoring the reduction of hours rather than the reduction of forces in cases of industrial depression when it becomes necessary to curtail production. The resolution pointed out that specific information was at hand that industries of the State at times created artificial periods of depression in order to secure specified results, such as lower wages and longer hours. The resolution provided that efforts shall be made to make the plan of reducing hours rather than forces, a national practice.

Plan Investigation The State Legislature was called on in a resolution to do something really constructive for the benefit of the returned soldiers, sailors and marines. Along this line, another resolution condemned the Chamber of Commerce controlled employment agencies created for the benefit of the soldiers, but gave commendation to those conducted by the State Department of Labor and Industry. The officers of the State Federation of Labor were authorized to investigate the alleged piling up of expenses by railroad managers for what was termed the purpose of proving government control of the railroads unsuccessful. It was declared that the managers were interfering with the government in their efforts to prove government control a financial success. Conditions in Pennsylvania, especially, were declared to be bad. It was recommended that the American Federation of Labor investigate condi-

COMMERCE BODY GETS NEW SIGN

The new membership signs of the Harrisburg Chamber of Commerce have arrived and will be distributed among the members within a short time. The signs were made up especially for the Chamber of Commerce, and are designed to be hung on a wall or stood on a table or desk. They will make their appearance within a few days in hundreds of representative offices, homes and business establishments throughout the city, and also will be hung up in offices and business houses in many of the large cities of the east, such as New York, Philadelphia, Baltimore and Lancaster, where there are Chamber of Commerce members. The sign depicts the dome of the Capitol, set in a blue keystone, surrounded by a field of white, and the whole enclosed in a blue circle in which is inscribed in white, "Member, Harrisburg Chamber of Commerce."

tions in other parts of the country for the same purpose.

Agitation of government ownership by the delegates was favored as a measure that will prove beneficial to them. They were called on to aid to the greatest possible extent to prevent the return of the railroads to private ownership.

Other resolutions adopted favored the Kelley bill providing for collective bargaining by government employees; the continuance of the old age commission; opposition to the anti-sedition bill; favoring the mine inspectors bill; favoring a six-hour day for mine workers; condemning the railroad organization known as the International Association of Supervisor Forces.

Yankee Officers and Men Assessed 27,000 Francs For Loss in Wine

By Associated Press.

Coblentz, May 15.—Nine hundred and thirty-one officers and enlisted men of the Third United States Army have been assessed approximately 27,000 francs to reimburse a French railway company for the loss of 2,175 bottles of champagne which disappeared on the night of last December. Findings of an Army board, which had the case in hand for several months, were announced recently.

The officers and men, all from the Army of Occupation, were on their way to an Army school at Chatillon-sur-Seine, traveling by special train, and, according to testimony before the board, the champagne disappeared one night soon after the Americans arrived in Toul. While a number of French soldiers were also involved in the disappearance, the railway men were the only ones who were held responsible. The railway employees reported that the morning after the train left the bottles, many of which had been broken.

Seventeen Bodies to Meet With Chamber of Commerce This Evening

Seventeen public welfare and similar organizations will be represented at the meeting, in the Harrisburg Chamber of Commerce offices this evening when steps will be taken for an active campaign in co-operation with Colonel Edward Martin, chief of the State Health Department, to make Harrisburg a model city from a standpoint of sanitation and health. The organizations have selected representatives who will form a permanent committee to take up the suggestions made by the delegates. The meeting will be held at a public meeting in the Hall of the House of Representatives several weeks ago.

Constipation Billousness-Headache Dr. Chase's Liver Tablets

Make the liver active, bowels regular, without pain or griping, relieve sick headache and that bloated feeling, purify the blood and clear the eyes. Large box, enough to last a month, 50c. UNITED MEDICINE CO., Philadelphia, Pa.

Not Enough Tickets For 28th Division Review

Clarence O. Backenstoss, secretary to Mayor Keister, today expresses his regret that every Harrisburger who applied for grandstand tickets for the review of the 28th Division in Philadelphia could not be accommodated by the Philadelphia committee. Mr. Backenstoss had charge of the work for this city and conferred three times with the committee in Philadelphia.

Tickets were mailed direct from Philadelphia and the demand evidently was larger than the supply on hand. Hundreds of Harrisburg people left the city early today for Philadelphia. Scores were without tickets to grandstands but were willing to stand in honor of the marching hosts.

AWAITS DISCHARGE Word has been received by Mr. and Mrs. D. M. Esworthy, of 2313 Derry street, that her brother, Corporal A. Moffett, of 107th Field Artillery, has arrived safely from overseas, on Transport Mongolia. Corporal Moffett is now at Camp Dix waiting for his discharge.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

HAS FRACTURED FOOT

Charles Oren, a crane-man at the Central Iron and Steel Company, is in the Harrisburg Hospital with what is believed to be a fractured right foot. He was hooking up an ash bucket when it fell on him. His home is at Enhart.

FEEL IT IN THEIR BONES

Rheumatic sufferers are highly sensitive and easily affected by any change in the weather, "they feel it in their bones". Rheumatism is the foe which steals away the joy of life. "Neutrone Prescription 99", the different remedy, has banished winter terrors for all.

Each week more and more sufferers are all walks of life take "Neutrone Prescription 99" and every week adds more names to the long list of permanent cures. Go to your druggist today and get a 50c or \$1.00 bottle. It will repay you many times in health. Mail orders filled on \$1.00 size.

George W. Bergans, the Druggist, and leading druggists everywhere.

Famo Destroys Dandruff Bacilli

Science has perfected a wonderful preparation that stops Seborrhea (the medical term for dandruff) by killing the dandruff microbe. Its name is FAMO and it is a product of one of the famous pharmaceutical houses of Detroit. The ingredients have never been used on the scalp before but they are well known to physicians.

As fast as nature grows new hair the Seborrhea germ kills it off. Unless you destroy the germ with FAMO, the new hair will grow weaker and weaker and baldness finally will result. FAMO destroys the dandruff bacilli and makes new, luxuriant hair grow. FAMO actually retards grayness. It contains no alcohol. It stops all itching of the scalp.

FAMO should be used daily by every member of the family, even by those who have no dandruff. It keeps the hair healthy and beautiful and prevents seborrhea. FAMO is sold at all toilet goods counters, also applied at the better barber shops. It comes in two sizes—a small size at 35 cents and an extra large bottle for \$1.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands in the scalp. The seborrhean secretion forms in scales or flakes and is commonly known as dandruff. Mfg. by The Famo Co., Detroit. Croll Keller and C. M. Forney. Special Famo Agents.

AT POLICE COURT

Annie Toddles, charged with the larceny of \$10 from the person of James Thorp, will be given a hearing in police court during the afternoon. Charles Brown, of Washington, reported to the police that he was robbed of \$6 by Marie Thomas and Robert Thomas, at 16 Cowden street. They will be given a hearing at police court during the afternoon. J. F. McDermott, 143 Sylvan Terrace, is in the hands of the Harrisburg police, charged with speeding at the rate of forty miles per hour in Derry street.

Buy Coal

this spring

Prevent Shortage

next winter

Remember the coal famine of 1917-18. The reason we have been advising coal buyers to lay in their winter's supply without delay is because we know conditions that prevail at the coal mines—the source of the supply.

So far this spring there has been mined little more than half the normal production of coal. The talk, therefore, of coal shortage next winter is not a myth, but will become a stern reality unless buyers take their coal from now on, and keep up a steady demand, which in turn will cause steady production.

If householders wait, as many used to, the chances are they will regret it when cold weather comes again. Labor and transportation will not be able to meet the winter demand should Consumers "hold off" ordering until later.

These advertisements are costly. Our whole object in using space in the daily papers is to prevent a serious situation for Harrisburg and for you. Phone us your order today.
