Paris, Tuesday, May 16.—The University Baseball League, of France, was organized here today. It will be made up of two circuits, it being planned to have every French university attended by students from the American Expeditionary Forces represented. The officers of the league are: Presdient, Major J. T. Quinn, University of Greenoble, and secretary

The American army tennis team returned to-day from Brussels, where it defeated the Belgian army team on the courts of the Leopold Club, winning eleven out of fifteen matches. The Americans were not familiar with the courts and had little opportunity for practice, but took advantage of the fact that the Belgians played far back from the nets, which gave the Americans a chance to play a slashing game. play a slashing game.

"Bill" Euker, Kline and Embick, of the West End ball club, made themselves famous last evening by pulling a game out of the fire and finally winning against the Engineers and Firemen, 5 to 4. In the last half of the seventh, as the official chroniclers tell, the score stood 4 to 2 against them and with one man on base, these three husky lads marched up to the plate, one after the other, and faced Hinkle, their opposing twirler, who, up until this time had them practically baffled.

Although the dark shades of night were rapidly falling over the field, which was surrounded by enthusiastic fans, these three players kept their eyes upon the ball and soon had three runs across the plate, by getting next to Hinkle's delivery for two triples and a sacrifice fly in rapid succession, thereby winning the most sensational game wtinessed by the uptown fans by the score of 5 to 4. By bagging this game the West..nd club took a tighter grip on first place in the Twilight League and at the present time undefeated, having won three and lost none.

This evening the West End team is scheduled to play a postponed game with the Commonwealth nine, at Fourth and Seneca streets.

Jack Ozar, Besting "Pinkey" Gardner, Entitled Now to Meet the Big Ones

Last night Jack Ozar showed himself capable of grappling with the best wrestlers in the country by getting two falls on "Pinkey" Gardner, at the Orpheum, and he is due to be matched with a big-leaguer now, and figure in the contest for champion wrestler of America. Dr. Roller who wrestles here next Tuesday night at Chestnut Street with Tom Draak, has been writing a series of fierce articles showing up the "wrestling ring" which he accuses of preventing Plestina from finally settling who is champion. If the wrestling promoters do not run straight, and give the public a clean run for its money the game will be killed off mighty quick.

The big fellows seem to thrill a wrestling arena more than light men and there is no reason why wrestling should not be staged here if it is kept from being crooked. As. Dr. Roller himself is the main protestor against crookedness in this sport, his meeting with Draak should be on the level, and the result should help getting some standardized way of determining just who is American champion wrestler.

Draak first broke into the limelight three years ago in New York, when he defeated such men as Santelle, Levitt the champion of the Army, and Tafalos, the Greek strong man. When the war finally became part of the affairs of the United States Draak volunteered his services as an instructor and was one of the most popular athletes at Camp Dix. Draak's work in connection with the various welfare benefits won him a host of friends and at the last match which was staged at the camp by Draak over fifteen thousand men turned out to root for the big Belgian.

It will be remembered that Jack Ozar gave Draak the worst beating he ever received, stoving him up so that he could not appear for six months.

Ozar had plenty to do last night,
