

A SENSIBLE QUESTION
A Irishman went into a jeweler's to buy a clock and the shopman showed him one for \$10. "What \$10 for that bit of a clock?" he exclaimed. "Is there anything wonderful about it?"
"Yes," said the other. "This is an eight-day clock."
"And what of that?" inquired Pat.

Don't Be A Slave To Your Nerves

Good Advice to Nervous People
People who are excessively nervous, tired out and all run down, who get the "jumps" and "fidgets," who can't concentrate their minds on their work, have fits of "blues," trembling, nervous headaches, and dyspepsia, and that "Don't-give-a-hang feeling," so common to nervous folks, may take it as a certain fact that their trouble is due to impoverished or devitalized nerve force. Probably their nerve cells are starving and if they give out entirely, complete nervous prostration or breakdown is the result.
A splendid treatment for weak nerves is found in the famous Margo Nerve Tablets, composed of several nerve vitalizing elements well known to modern chemistry. These tablets seem to go direct to the nerve cells and begin immediate action. Just make this test—Take a Margo Nerve Tablet, wait for about a half an hour, and watch yourself perk up. See how they feed your famished nerve cells, start healthy blood circulation and normal digestion. Then you can brighten up, put on a smile, get some of the old-time "pep" back in your system and feel as happy as a clam at high tide. Margo Nerve Tablets are absolutely harmless, contain no dangerous habit-forming drugs, are easy to take, inexpensive and Kennedy's, Geo. A. Gorgas and other leading druggists sell them on a positive guarantee of successful results or money back.

TOLEDO'S MAYOR DEFENDS COMING BOUT FOR TITLE

Ministerial Association Registers Protest to Willard-Dempsey Fight

ONLY THE PUGILISTS HAVE FAILED TO STRIKE
London, May 16.—Johannesburg, South Africa, has grown so used to strikes of all kinds that they have ceased to be effective there, and yet they continue. The teaming girls, in particular, are always striking, using the hottest afternoons. Stenographers meet secretly in each other's rooms and plan walkouts. Chauffeurs are in perpetual turmoil. The unrest of the barbers is sharply manifested. The bank clerks, threatening to close down, have the hearty support of every man with an overdraft. Only the professional pugilists have failed to strike. The cables are in a decline. Since the "trade union forming fortnight," which the Rand enjoyed a little while ago, there has been no time to do anything but negotiate.
IT'S NATURE
"This abolition of capital punishment is mere child's play."
"Why, isn't it skipping the rope?"
—San Francisco Chronicle.

added, would stimulate Toledo's business, provide employment to labor, bring Toledo advantages natural and industrial, to notice in every section of the country, and result in enriching the city's charity fund by approximately \$35,000. Seven per cent of the gross receipts of the contest are to be donated by Tex Rickard, the promoter, to the fund.
"The contest will be an exhibition of clean sportsmanship and free from fraud of any kind," the mayor added. "It will do much to bring home to every one the advantage of athletics and physical exercise."

EMIR'S ASSASSIN STILL AT LARGE; RIVALRY FOR TOGA
Habibullah Slain During Sleep While on Grouse Hunting Tour
London, May 16.—Latest reports received here regarding the murder of Habibullah, Emir of Afghanistan, on February 26, indicate that the assassin is still at large. The body of the emir was taken to Jellalabad and buried on the royal golf course, but it is assumed that it will be exhumed and reinterred in one of the palaces at Kabul.
Rival Claimants to Throne
Meanwhile there have been rival claimants of the throne. The new emir is Amarullah Khan, third son of Habibullah, the dead monarch. He is 26 years of age and has never been out of the country, but he is described as having "an active brain and a keen intelligence."
Details of the assassination of Habibullah now in hand confirm cable reports that he was killed in his sleep while on a grouse hunting expedition.
Eats Engineer's Lunch
He had dined beyond Khatul-ul-Seriah palace at Jellalabad, accompanied by his eldest son and Nazurulla Khan, his brother. According to a Calcutta newspaper, about two days before his death he was seen at Khatul-ul-Seriah, a pistol shot about 25 miles from Jellalabad, by a European engineer engaged in work there. His visit was a surprise and no lunch had been prepared. The European engineer saved the situation by giving lunch to Habibullah, who ate it all and presented the cook with \$10. To the engineer he handed a cigar.
"Good-by," he said as he departed. "I shall see you again in three days on my way back."
Dead Two Days Later
When the motor car returned two days later it contained his dead body.
His Majesty had proceeded about 27 miles beyond Khatul-ul-Seriah and camped at a little place known as Kollagosh. He slept in a large tent well guarded by soldiers. Four or five page boys also in the tent took turns in watching. About 3 o'clock in the morning a pistol shot was heard, and when the emir's brother and eldest son rushed into the tent they found Habibullah shot through the head.

CHURCHMEN ARE IN ST. LOUIS FOR ANNUAL SESSION

Recommendation Granting Presbyterian Women Equality With Men on Program

By Associated Press.
St. Louis, May 16.—Recommendations to grant women equality with men in the church affairs endorsement of the inter-church world movement, and comparative plans for a five-year church expansion program were laid before commissioners of the Presbyterian Church in the United States here today at the second day's session of the 131st General Assembly.
A larger place in church leadership for women was recommended in the new era expansion program presented to the commissioners which provided that women be given the right to hold office in the church council, the board of trustees and all committees of the church.
Full co-operation with the inter-church world movement and support of all worthy movements to promote the co-operation of all Protestant churches in facing social, religious and civic problems, also was recommended to the assembly.
Five-Year Program Outlined
Recommendations that the church launch upon a new five-year expansion program for the spread of Christianity and plans for reorganization upon a budget system were outlined in the new era program. Special attention to the Americanization of immigrants at industrial centers and "fearless application of the principles of Christ," to the solution of economic and social problems were also recommended.
Declaring that cruel and vicious social forces brought on the world war, the social service commission urged work toward the establishment of a new social order whereby injustice and wrong among men would be eradicated and war made impossible.
Bryan in Attendance
William J. Bryan, who withdrew from the contest for moderator yesterday, attended the sessions of the assembly today. Mr. Bryan is urging that the assembly take some action to establish a financial aid bureau to be supported by the church for loaning money to needy members to save them from resorting to chattel mortgage money lenders.

THEFT OF SUGAR FROM NAVAL SUPPLY BASE IN BROOKLYN ENMESSES FOUR

New York, May 16.—Theft of between \$75,000 and \$80,000 worth of sugar during the last five weeks from the United States naval supply base in Brooklyn led to the arrest today of four men charged with grand larceny.
They are specifically accused of stealing 1,000 bags of the commodity, taking it away in a motor truck with the connivance of Louis A. Markowitz, a checker at the supply base, one of the men under arrest.

GOING HIM A FEW BETTER
The boy who left the farm and got a job in the city wrote a letter to his brother, who had elected to stick by the farm, telling of the joys of the city life, in which he said:
"Thursday we auto'd out to the country club, where we golfed until dark. Then we motored to the beach and Friday there."
The brother on the farm wrote back:
"Yesterday we buggied to town and baseballled all afternoon. Then we went out to the cornfield and geese-hawed until sundown. Then we suppered, and then we piped for a while. After that we staircused up to our room and bedded down until the clock struck."
—Pittsburgh Chronicle-Telegraph.
