

POLICE TO CLEAN UP BOXING; BECK HERE AT STATE MEET; ROLLER-DRAAK TOMORROW

Tendler Plays Harrisburg For a "Sucker"; Mayor Keister States He Will Bar Barrett

A callow, sinister duffer from the slums of Philadelphia, in which bush-league village they have made him a hero, came to Harrisburg on Saturday night and threw a monkey-wrench into the placid machinery of the boxing sport which may stop it for all time. This is an out-and-out crime. Just when Uncle Sam has introduced boxing to three million husky soldiers; just when boxing has been put upon a substantial basis at all the big colleges; just when the public is beginning to take an interest in clean sport, even if rough, our city is cursed with a shifty stunt on the part of shifter creatures who use us for an easy mark. If Harrisburg does not give the Police Department to handle boxing, and it may be noted Mayor Keister with other members of the Council saw this "sucker" stunt, or if the State does not come across immediately with its boxing bill appointing a capable commission, the sport is dead here.

SNOODLES

Tom Draak Arrives to Grapple Roller Tomorrow

With "Tommy" Draak in town today and Dr. Roller scheduled to arrive early to-morrow afternoon, everything is practically set for another fine wrestling show to-morrow night in the Chestnut Street Auditorium. Maxwell Baumann, promoter of the show, wishes to announce that his attraction to-morrow is nothing at all on the order of that staged in the Chestnut Street Auditorium on Saturday night. Baumann does not tolerate any bluffs, fakes or roughneck tactics. Mr. Baumann has received a challenge from Iran Madras, Greek champion, to meet the winner of the grapple to-morrow night. Madras, under the name of "The Greek," is a fast-developing into one of the premier mat artists of the country. Zbysko had given better men than Zbysko much harder battles.

Dempsey Will Win Says Herman Miller Who Boxed With Him

At the ring-side Saturday night was Herman Miller, of York, southern middleweight champion, who has been training with Dempsey, but gave it up for the time because "it's a rough life." He says Dempsey handles a sparring partner just like he will Willard and he uses them up pretty rapidly. "He will beat Willard, sure as shooting," declares Miller. "This fellow is the huskiest man I ever boxed with; he can stand anything, and he'll keep drilling into Willard with both hands until he has his middle part caved in. He can hit like a trip-hammer in six inches. He loves fighting; knows and cares for nothing else."

CONCENTRATION OF COURTS HERE FAVORED BY BAR

Majority of Lawyers in Preliminary Canvass Prefer Location at Capital. Chief Justice J. Hay Brown and a majority of the members of the Supreme Court, which is now in session in this city, favor the proposition to concentrate the activities of the higher tribunals in Harrisburg. It is the judgment of the eminent justices that Governor Sproul is absolutely correct in his attitude with respect to the concentration of the State government in all its departments in this city.

St. Mary's and Galahad Start Third Week of the Hill League

The Allison Hill Baseball League will start its third week of the fifth season to-night when St. Mary's and Galahad will oppose each other in the initial contest of the week. Reading got the jump on its other three opponents by winning each of its four contests, all, however, by the slimmest of margins. Each game was a victory by a one-run margin. Rosewood dropped a single game at the opening by a 1-to-0 score.

Standing of Clubs

Table with columns: Club Name, W., L., Pct. Reading: 4, 1, 0.00; Rosewood: 2, 1, .667; Galahad: 1, 2, .333; St. Mary's: 0, 4, .000; To-night: St. Mary's vs. Galahad; Umpire: "Clint" White.

TECH WON AT STATE

As was to be expected, Captain Carl Beck, and his Tech track team ran away with the inter-scholastic track meet, held at State College Saturday, scoring 96 points. The other five teams together scored only 62, so that Tech was able to outscore all its opponents combined. Williamsport was runner-up with 31 points, taking the individual part of the meet, taking five firsts, one second, and running anchor man on the victoriously relay team. Despite adverse weather conditions, he broke the State inter-scholastic record for the shot by tossing it 49 feet 2 inches. This is a record that should stand for some time to come.

Long Island-Irish Coast Flight Feasible, Is Report

St. Johns, N. F., May 19.—The United States cruiser Chicago sailed for New York at daylight yesterday morning, thus having the whole day with clear weather to avoid icebergs while navigating the coast. It is understood that Admiral Wood and the aviation experts on board the cruiser, as well as the crew which brought the lost dirigible C-5 from Montauk point to St. Johns, are unanimous in agreeing that the flight of the experiment show that a flight direct from Long Island to the Irish coast is perfectly feasible for the design of the C-5.
