HARRISBURG, TUESDAY, MAY 20, 1919.

FOUNDED 1874

"A Man May Be Down But He's Never Out"

What a world of truth in that slogan of the Salvation Army! Men may be down a number of times, but a little pluck in a helping hand may get them started on a new road that leads upward again.

Tens of thousands of men and women have received the helping lift from the Salvation Army in the various cities throughout the world. And in this war, every soldier who comes from abroad can tell you of the sacrifices made by these unselfish workers to give cheer and relief to the fighting men.

A greater work is planned, and this requires funds. Most all of the money raised in this campaign is to be expended here.

You have given liberally to all the various organizations during the war. Remember this worthy cause this week by giving generously.

Specialized On Redferns

They're a joy just to hold in the hand—flexible (take the center and bend it, in the palm of your hand), shapely at sight and pretty to look at—quite as pretty as the prettiest bit of lingerie—in fact, the designer's aim is to create in the Redfern, a garment that shall (if we may say so) be a fitting companion for exquisite lingerie. Flatly applied trims of course, but dainty in pattern and lacy in weave.

There are styles, too, with silk and cotton embroidered edges; yes, ribbons, too; but these are not really the important points; they are only the surface attractions—the shape is the real test and here is where Redfern truly excels. If the proper model is selected—it's marvelously satisfying in the first fitting.

It was our pleasure to look over many makes this season, all of which, or at least some of all, we saw fitted; but the Redfern was too convincing; we saw every model fitted, and it is now featured here as a back-lace model.

To be sure, Redferns are sold elsewhere in our city, but that, too, proves their value. We are glad to have others sell them, but you will find a larger assortment here since we specialize.

Prices of new Redfern models are not high—\$3.50 to \$15. Fittings may be made any time.
