

NEW STEEL WHEEL FOR MOTOR TRUCK

Announcement of New Design Made by Firestone Fire and Rubber Co.

"I've had men tell me time after time that they couldn't sell pneumatic tires for trucks," declared C. S. Bushey, Firestone representative yesterday.

Spring Aggravates Your Catarrh

Sore and Irritated Membranes Choke Up the Air Passages

You cannot realize the full benefit of the balmy spring weather as long as the air passages are stopped up, and the delicate and tender membranes are kept sore and irritated by offensive Catarrh.

After using sprays, douches, washes and lotions constantly you should be convinced by now that only temporary relief can come from these local remedies.

In fact, as long as you use only such remedies as reach the surface, you will find that the disease continues to grow worse for while these sprays and inhalers and lotions may unstop the air passages for the time being, they have no effect whatever upon the cause of your Catarrh.

For this reason it is important that you realize that Catarrh is

too difficult a task to make road changes. "And as a matter of fact the 1 1/2 sized pneumatics—say, 38x7, 40x8, and 44x10, are so heavy that they have been considered beyond the capacity of one man to handle when using the ordinary type of wheel, where it is necessary to detach the tire from the rim.

"Recently the Firestone Steel Products Company, realizing that this obstacle meant to the working efficiency of motor trucks, developed an entirely new idea in steel wheel design, to accommodate Firestone demountable rims.

Remember that there are millions of catarrh germs, and when these infest the blood, you cannot hope to be rid of your Catarrh until these germs are absolutely eliminated from the blood.

So, if you wish to be relieved of your Catarrh in a rational way, you should begin taking S. S. S. to-day, and you will have the same satisfactory experience as the thousands of other Catarrh victims who had.

S. S. S. is sold by druggists everywhere. You should begin taking it to-day, and if you wish any medical advice without cost, write about your case to Chief Medical Adviser, 82 Swift Laboratory, Atlanta, Ga.

and apply an inflated 'spare' in five minutes even less time than that. And it doesn't take an experienced man to turn the trick, either.

"Why, the other day at Macon, Ga., six society girls—members of the Red Cross Motor Corps—none of whom had ever laid a finger on a truck tire before—participated in a tire changing contest staged by the manager of our 'Ship by Truck' fleet.

"This is not only one of the most important developments in connection with pneumatic tires for trucks, but a matter of particular importance to the 'Ship by Truck' movement, and all truck operators doing long-distance hauling.

According to Mr. Bushey, the Firestone Steel Products Company take just as much pride in this new steel wheel design as in the case of their famous demountable rim, which by the way, was the first practical quick-detachable demountable rim, a notable contribution to the working efficiency of the automobile.

However, he stated that the Firestone Steel Products Company have no intention of either manufacturing or selling wheels, simply having developed this design to meet the needs of the situation. They have passed information to all wheel manufacturers which will enable the wheel-maker to construct his standard wheels so as to incorporate the new design.

Six of the biggest steel wheel manufacturers in the country, declared Mr. Bushey, are using the design and are ready to make deliveries now. A dozen other firms have signified a similar intention.

BI-NESIA Stops Indigestion In Five Minutes

or you can have your money back for the 4c. If you suffer from gas-tritis, indigestion, dyspepsia—if food lies like lead in your stomach and you cannot sleep at night because of the awful distress—go at once to Geo. A. and get a package of Bi-Nesia Tablets. Take two or three after each meal or whenever pain is felt, and you will soon be telling your friends how you got rid of stomach trouble. Be sure to ask for Bi-Nesia, every binding guarantee of satisfaction or money back.

The Salvation Army Doughnut

Only a bit of rich rolled dough fried to a golden hue With a snowy dusting of sugar laid on top, as "she" used to do!

Only a girl in a long loose coat, with eyes that were unafraid, Cooking and serving. But this is one of the reasons the red Hun paid!

Round as the circle without an end. (God's love is endless, too!) Crisp and sweet and soft and warm as home hearts, staunchly true!

A bit of the simple when complex things held men's souls on the rack; One of Yankee's own means of turning an enemy back!

Served by the army in navy blue to the army in khaki tan With never a question of race or creed just, "Are you a fighting man?"

Shoulder to shoulder they stood out there and the doughnut link between Shall never break. Its welded strength was forged in the Fires unseen.

—ANNA HAMILTON WOOD.

ENGINEER FLAGS SENT TO BEARY

First Standards From France Reach the Adjutant General for State

The first flags of a Pennsylvania unit carried in the campaign in France have been received by Adjutant General Frank D. Beary for deposit in the State Capitol with the Civil War battle flags, from Col. Frederick A. Snyder, commanding the One Hundred and Third Engineers, a part of the Keystone Division.

The colors also include two battalion national colors carried by the First and Second Battalions. The intention is to place these flags in the rotunda at the Capitol with due ceremony.

Capitol Visitors—Among visitors to the Capitol were Robert McLean, former secretary of the Commonwealth, and R. A. Huber, prominent Wilkes-Barre coal operator.

Board to Meet—The State Compensation Board will sit in Harrisburg the remainder of the week. Hearing Wednesday—The House ways and means committee has fixed Wednesday for a hearing on the bill-board tax bill.

Entertained Court—Highway Commissioner Lewis S. Sadler entertained the Supreme Court judges at dinner last night at his home near Carlisle.

Fish Bills Merged—Some nineteen bills relative to changes in the fish laws were combined in one by the Senate game and fish committee, and a general system provided whereby the Department of Fisheries will control special devices through permits which will be issued without charge.

Dr. Finegan Praised—Governor Sprout last night received this telegram from the head of Pittsburgh schools, Dr. William Davidson: "Warm congratulations on your selection of Dr. Finegan as State superintendent of public instruction. I have known him intimately as an associate in educational work for years and I do not hesitate to say he is without doubt one of the ablest and finest school men in America, and that he will be welcomed cordially by every forward looking school man and school woman in Pennsylvania. You can count on the educational forces of this city giving him unreserved and hearty support. You have been most happy and fortunate in your choice of a man for this important position."

FARMER'S HAND MANGLED Mount Wolf, Pa., May 21.—Noah Gladfelter, a farmer near here had his right hand mangled in a corn planting machine early Monday evening. While cleaning the fertilizer the horse gave a sudden start, his fingers being caught in the machinery. Several of the fingers had to be amputated.
