

GREEK REFUGEES ARE DESTITUTE

Many Live in the Warehouses Along the Water-front

Algion, Gulf of Corinth, Greece, May 22.—Afflicted in hundreds of cases with the itch or other diseases resulting from poverty and exposure, Greek refugees from Triest and Albania are daily arriving here. There are about 1,500 in the town. All of them were driven from their homes in Macedonia by the Bulgars and Turks. About a thousand are destitute and live in current warehouses which line the waterfront. Three American girls, one of them a graduate of Johns-Hopkins University and another of Vassar, maintain a dispensary, treat a long list of cases daily and provide hot sulphur baths for the afflicted children, many of whom have died. American condensed milk has arrived from the American food ships which are discharging their cargoes in dozens of Mediterranean ports. American flour, hundreds of sacks of it, is piled upon the docks. The three American girls distribute the milk to about 700 children and adults daily.

CUT THIS OUT Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to the nerves as iron is to the blood. He is nervous or irritable, worn out or looks haggard and pale, to make a strong and vigorous healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The lack of phosphates is the cause of all emic conditions and the administration of Dr. Jacobson's Phosphate Tablets will increase the strength and endurance 500 per cent. in a few weeks' time in many instances. Dispensed by Gorgas, the druggist.

ECZEMA CAUSED YEARS OF INTENSE AGONY

"I have suffered intense agony from eczema on my leg and other parts of my body for years, and received only temporary relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and the signs of eczema or itching. You can refer to me.—Geo. C. Talbot, 27 Penfield Street, Buffalo, N. Y. I've got a hundred testimonials, says Peterson, of Buffalo, just as sincere and honest as this one. Years ago when I first started to put out PETERSON'S OINTMENT, I made up my mind to give a big box for 25 cents, and I am still doing it, as every druggist in the country knows. I guarantee PETERSON'S OINTMENT because I know that its mighty healing power is marvelous. I say to every one who buys a box that it is rigidly guaranteed for eczema, salt rheum, old sores, blind, bleeding and itching piles, ulcers, skin diseases, chafing, burns, scalds and sunburn, and if not satisfactory, any druggist will return your money."

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit Send No Money—Just Your Address Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is. He has given him sympathy with all unfortunates who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"I had Sharp Pains like Lightning Flashes Shooting Through My Joints." In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply fill out the coupon below and will send it free to try. After you have used it and it has proven itself to be that long looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mr. Jackson is responsible. Above statement is true.

OLD ACTS MUST BE REPEALED

Interesting Decision Made By Attorney General's Office on Fines

An opinion which may have important bearing upon special acts of the Legislature relative to disposition of fines for various violations of laws has just been given by Deputy Attorney General W. I. Swoope to Dr. Joseph Kalibus, Secretary of the State Game Commission, regarding fines for law violations in Monroe county.

A local law of March 16, 1872, provides that fines and penalties imposed by the courts of Monroe county and all forfeited recognizances which under laws are not payable to the State are directed to be paid to the committee in charge of the law library. Similar acts are in force in other counties. Mr. Swoope says that as the act of 1917, under which fines collected for violation of the game laws are payable to the Game Commission does not mention the holder of the act of 1915 and as there is nothing in either act repealing the special law of 1872 the fines must go to the law library of Monroe county. Investigate Land Inquiries into titles of a number of tracts of forest land close to existing reserves of the State system are being made with the idea of purchasing them when the new appropriation becomes available. The State Commission has received numerous offers of properties, including some on the western watershed and others to link up reserves in eastern counties.

The Revenue Problem—The revenue problem of the General Assembly of 1919 upon which hangs the question of how much money can be appropriated will be worked out within a week by Governor Sprout and the fiscal officers. Governor William C. Sprout said today that while he still thought that a light tax should be laid on manufacturing capital he had been assured by Auditor General Snyder that if he is given the authority conveyed by pending legislation he can collect more than \$90,000,000 for two years.

"We will be able to tell in a week," said the Governor. "The appropriation committee heads are now at work and are in conference with heads of departments. The Auditor General will submit some figures to me soon."

New Justice—Governor Sprout has appointed Daniel S. Buckley as Justice of the peace for Freedland borough.

Pipe Contracts Let—Contracts for reinforced concrete culvert pipe were awarded by the State Highway Department on bids which were submitted May 15. The Concrete Products Company, of Chicago, was awarded the contract for twenty-four, thirty-six and sixty-inch sizes at their low bids, while the Hudson Cement and Supply Company, of Baltimore, secured the contracts for twelve, fifteen and eighteen-inch sizes. Two other firms submitted bids for the pipe.

The awards were: Hudson Cement and Supply Company, Baltimore: 790 feet of 12-inch reinforced concrete culvert pipe, \$790; 2,484 feet of 15-inch reinforced concrete culvert pipe, \$2,483.60; 448 feet of 18-inch reinforced concrete culvert pipe, \$572. Concrete Products Company, Chicago: 498 feet of 24-inch reinforced concrete culvert pipe, \$1,095.60; 62 feet of 36-inch reinforced concrete culvert pipe, \$248; 24 feet of 60-inch reinforced concrete culvert pipe, \$1,134.

Tribune Counsel Accuses Ford of Being Anarchist

Mount Clemens, Mich., May 22.—A vehement denunciation in which Henry Ford was characterized not only as an anarchist, but a dangerous one, startled spectators in Judge Tucker's court here yesterday. The assertion came from Elliott G. Stevenson, of Detroit, one of counsel for the Chicago Tribune, which is being sued for one million dollars damages by Mr. Ford, on charge of libel. The pivot of the alleged libel published June 23, 1916, was the heading of an editorial reading: "Ford is an anarchist."

In his comment, incident to debate on a brief in which the plaintiff seeks to limit the evidence, Mr. Stevenson alluded to the assassination of President McKinley and the bomb outrage during the preparedness parade at San Francisco. "It is our purpose," he said, "to endeavor to show that Henry Ford was just the kind of a man we characterized him as being, an anarchist. Henry Ford was the most dangerous kind of an anarchist that can be thought of. A man, who by insidious propaganda, undermines the confidence of the people is just as dangerous as the kind who throws bombs."

One Ship Carried 28,386 Square Bales of Cotton in Its Hold

Galveston, Tex., May 22.—The distinction of carrying the largest cargo ever contained in the holds of a vessel is claimed by shipping men for the British Steamship Indore, which left here for Liverpool with 28,386 square bales of cotton. This was accomplished by a method of scientifically compressing the bales until they occupied minimum space. The closest approach to the record was made by the Russian Steamship Omsk, which in December, 1917, carried 27,130 square bales from Galveston to Liverpool. A strict news censorship would not permit mention of that record.

Ruined French Towns Cannot Be Rebuilt

Paris, May 22.—Investigations by the commission which is examining the devastated regions of France, are confirming the previous evidence that many of the beautiful towns and hamlets of the battle area are so totally ruined that they never can be rebuilt. Vaux, of immortal fame, has taken its place in the long list, and the mayors of two other historic villages, Douaumont and Fleury, have recently notified their people, who are refugees in various parts of France, that these places cannot be reclaimed. Not only is the soil in such shape that it cannot be cultivated for many years, but the ruined hamlets are filled with hidden explosives and other dangers.

American Soldier Even Found on Remote Island of Mytilene

Island of Mytilene, Aegean Sea, May 22.—No matter where one travels in Greece or Italy these days, the American soldier is to

be found. Here on this far-off infrequent island one would scarcely expect to see a doughboy but he is here. The Yank is becoming a familiar sight in the Near East. In remote villages the traveler will find former west-front doughboys working for the Army Food Mission, the American Red Cross Balkan Commission, or on pleasure bent,

visiting, with the permission of the army, the old folks and the boyhood home. On Mytilene Island are Greek born Americans from several United States Army units. One is from Springfield, O., and wears the Italian insignia of the Lion of St. Mark on his left shoulder. He was born in Mytilene and fought with the 32d infantry, in Italy.

Thirteen Arrests Result of Fight At Reading Steel Plant

Reading, Pa., May 22.—Thirteen arrests, some of the prisoners suffering broken heads and needing hospital treatment, were the result

of a fight yesterday at the Carpenter Steel plant at Riverside, where a lockout and strike are in progress. This was the day for the Greek strikers pickets to be on duty and when a dispute arose with men going to work, a fight followed and some were injured before the police arrived. The men arrested were held in \$500 bail each.
