"CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that and cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. tion was adopted by a vote of 304 to 89. Supporters of the measure immediately arranged to carry their fight to the Senate, where, although twice defeated at the last session, they are confident of obtaining the necessary two-thirds vote. The victory for the suffrage forces yesterday was 42 votes more than the required two-thirds. On the previous ballot on the resolution, cast January 10, 1918, exactly the necessary number of affirmative votes were recorded.

The only Republican to speak against the resolution was Representative Focht, of Pennsylvania, who asserted that his objection would remain unchanged if his political defeat was certain. He added that "no man from New York, Pennsylvania or Ohio, down in his heart, favors this thing."

House leaders of both parties in the brief debate preceding yesterday's vote urged favorable action but many Southern Democrats opposed the measure, as did several New England Republicans.

The favorable vote was more, by fourteen, than would have been necessary, had all members of the House been present. The political division of the vote showed that 200 Republicans, 102 Democrats, one Independent and one Prohibitionist voted for adoption, while the negative poll showed seventy Democrats and nineteen Republicans. Speaker Gillett, who voted against the resolution on previous ballots, did not vote yesterday.

Fire in Mobile, Ala., Sweeps Ten Blocks; Loss Put At \$750,000

Mobile, Ala., May 22.—Ten square blocks of Mobile's residence section, lying near the river front, were swept yesterday by fire which caused \$750,000 property damage, left 1,500 people homeless, and destroyed probably 200 buildings.

The flames were checked before reaching docks and shipbuilding plants which lay in the path. A citizen relief organization hastily formed, is now caring for those left homeless.

The fire which started in a trash pile back of a retail store, was spread by strong winds over a wide territory and fanned out of control for several hours, during which the business and industrial districts of the entire city were threatened. The area devastated was one of the older residence sections.

ASK INTERVIEW WITH PRESIDENT

American-Irish Delegates Would Discuss the Irish Situation

Paris, May 22.—Frank P. Walsh, Edward F. Dunns and Michael J. Ryan, the representatives of Irish Sojourners in the United States, have made public a letter addressed to President Wilson, asking for permission to present to him personally the matter of safe conducts to Paris for Edward De Valera, Arthur Griffith and Count Plunkett, as well as "certain facts of grave import now in our possession."

The letter gives the history of the case, showing that on April 17, Colonel House requested Mr. Lloyd George, that safe conducts be given the three Irish leaders as representatives of Ireland to the Peace Conference. On the day following, Colonel House informed them that Mr. Lloyd George was willing to comply, but desired an interview with the Irish-American delegation before doing so.

After two tentative dates had been set by the British Premier, and, not having been received, they were advised by Colonel House to repeat the request through Secretary Lansing, who laid it before the President, to whom an appeal for a personal hearing is now made. In conclusion, the letter says:

"In view of existing conditions in Ireland that cannot be denied, to foreclose its case by refusing a hearing to its representatives at this time would be dissonant with the declared purpose for which the war has been prosecuted and out of harmony with the common principles of Democracy."

Colonel House said that the letter was in error in stating that he had informed the delegation that Mr. Lloyd George was willing to comply with their request for safe conducts for the Irish leaders. The request for safe conducts had been made, but no reply that the request would be complied with.

Colonel House says that the request was unofficial, except as the delegates stated, the President had referred them to him.

Marshal Petain "Sneaks" One Over to Ogle a Ball Game

How Marshal Petain of the French Army ducked duty to witness a ball

game is the story brought back to this country by W. C. Mullen, former manager of the Dubuque team in the Three-I League, who has returned after spending six months as a K. of C. secretary with the Thirtieth Division overseas.

The game was between company teams of the Fifty-Sixth Engineers at Ste. Nazaire. Marshal Petain was crossing the lot with fellow officers. He knows the American game and, being a fan, stayed to watch it for a few moments. The game was exciting. The Marshal remained. His duty was forgotten as the game went on into extra innings, ten thousand to punch the headquarters' time-

men vociferously applauding. The game ended with a 6 to 5 score and Marshal Petain, enthusiastic, came to K. of C. Secretary Mullen, umphring the game, and autographed the K. of C. ball in play at the finish. Then the Marshal telephoned his orderly on into extra innings, ten thousand to punch the headquarters' time-
