Try Freezone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious ether discovery of a Cincinnati genius. Cincinnati genius.

To Relieve Catarrh, Catarrhal Deafness and Head Noises

Dealness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing afficition can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmint (Double Strength). Take this home and add to it ½ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any torm, or distressing rumbling hissing sounds in their ears, should

Front to Be Started

It is expected that the Berryhill Nursery Company, which has been awarded the contract for planting the vines and shrubbery in the soil pots along the riprapping on the river terrace from Maclay street southward, will start their work without delay. Meanwhile the department of parks is trimming the luxuriant matrimony vine along the top of the embankment to prevent it spreading over the upper walk which is so largely used by thousands of people.

Vines have been planted along the bridge abutments at Walnut and Market streets and attention is being given the guilled slopes which have suffered from the recent heavy rains.

Road Map Prepared by the Penn-Harris If He Smokes

Manager Wiggins at the Penn-Harris Manager Wiggins at the Penn-Harris Hotel is having prepared a touring map which will show the most historic route from his old home at Peoria, Ill., to Harrisburg. This route follows the old National road for hundreds of miles and enters Harrisburg from the west through Cumberland, Hagerstown. Chambersburg and thence down the Cumberland Valley. No more attractive automobile tour could be imagined and Mr. Wiggins is hopeful that many of his old friends in the West will take advantage of the fine highways which have been linked up in the route which he has outlined.
