IN 1915 WHEN this Reo "Speed Wagon" was first introduced, those features-electric starter, electric lights and pneumatic tires-constituted a liability.

TODAY, THEY ARE its greatest asset.

- THEN, REO DEALERS said that the one "sales resistance" was the reluctance of buyers to "experiment with pneumatics on a truck."
- NOW. THOSE SAME dealers say that it is mainly because of these features that this Reo enjoys such a tremendous popularity and demand.
- THEN, THERE WERE only a few Reo "Speed Wagons" in hands of a few daring owners.
- NOW, MORE THAN 20,000 in hands of the most conservative and critical class of customers.
- THEN, THERE WAS a fear of "punctures and blow-outs."
- NOW, THOSE bugbears are forgotten in the light of the great proven efficiency and economy of this Reo.
- THEN, EVEN the tire makers were skeptical of this Reo innovation.

- NOW, RIVAL ENGINEERS are copying this Reo as closely as they can. · · · (Bittig) ·
- THEN, ONLY DRIVERS knew the saving of time and fuel and motor wear effected by the electric starter.
- NOW, THE OWNER knows even better-through his cost accountant.
- NOR NEED WE NOW show how the working day is lengthened and the radius increased by the electric lighting system—for that, too, is patent.
- AGAIN, IS REO "conservative progressiveness" justified.
- AGAIN, IS THE LEADERSHIP of Reo shownand by imitation, that sincerest form of flattery-

Erzberger testified that he became convinced during the war that Nayhaus was intensely anxious to serve his Fatherland in some capacity. Questioned by Nay-haus how this might best be done, Erzberger said he told Nayhaus to try to bring about a separate peace with one of Germany's enemies, pre-ferably Russia. Anyone who could do that, Erzberger told him, would earn the gratitude of the Father-land.

### **Completes Debate On** Indian Appropriations

Indian Appropriations Washington, May 24. — General debate on the \$15,000,000 Indian ap-propriation bill was completed yes-terday by the House, in accordance with the schedule arranged by the Republicans for rushing through the appropriation measures which fail-ded in the last Congress and which must be passed before July 1. The bill will come up to-morrow for de-det the five minute rule, and to final passage. Members of the House took ad-vantage of the four hours' debate allowed on the bill to speak on var-tous subjects in which they were in-terested. Representatives Johnson, of Washington, chairman of the Im-migration Committee, urged that the country begin "cleaning house" at once of all "Bolshevik agitators" and that while this was being donë, the country's doors should be closed to other aliens. Mecessity of returning American passible was urged by Representative Dallinger, of Massa-chusetts, who asserted that many "swivel chair" officers did not want to lose their jobs. Italian Peace
