## Quick Funeral for Any Corn, It Works While You Smile

Magic "Gets-It" Takes the Corns "by the Horns," the Days of Corn-Fussing Are Over. Just Two or Three Drops of "Gets-It" Dooms Any Hard or Soft Corn, or Callus.

Yes, "Gets-It" Will Make That Fierce Corn Peel Off Painlessly and Easily in One Complete Piece, Just Like This. It Means Good-Bye to All Painful, Doubtful Methods!

Cheer up, corn-owners! Join the Never-Again Corn Club! You can say that never again will you use anything for corns but "Gets-It." Put two drops of "Gets-It" on that corn or callus, and from that second the corn begins to shrivel, instead of swelling up like a little white sponge. Then it loosens from the toe, and glory hallelujah! the corn comes off as though you'd take a glove off your hand. "Gets-It" is the greatest corn discovery of the age. Its formula is

different from anything else in existence. This formula makes corn-removing absolutely harmless. "Gets-It" never hurts or irritates the true flesh. You take no chances of failure. The moment you touch a corn with famous "Gets-It" you know that the corn is going to have a quick funeral. You are absolutely sure that you are going to get immediate relief, that you will be able to walk about, engage in athletics or go to a dance without the drilling pain of a corn

to spoil your good time or your work. When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do. Put 2 or 3 drops of "Gets-It" on the corn right away. Pain and inflammation will disappear. The corn will begin to shrivel from that instant—then it loosens and peels right off. There's no other corn remover in the world that acts like "Gets-It." No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting. "Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

### Simple Secret of Good Teeth

Thousands of people brush their teeth regularly, yet suffer from tooth decay. It's simply because the present-day tooth-cleanser is merely a soft, lathery substance without great cleansing qualities. Even hard rubbing will not cleanse teeth with such substances. This has led to the discovery of the new tooth-cleanser and polisher, "Pomona" Fruit Flavor Tooth Creme. Its scientifically composed "body" removes the decay-causing particles about the teeth, which other dentifrices do not remove. Try it—you'll find a wonderful difference in your teeth, and they'll be pearly white. You'll rave, too, over the delicious fruit-flavor of "Pomona" Tooth Creme—a relief from the usual druggy taste you have experienced in other dentifrices. "Pomona" Fruit-Flavor Tooth Creme is sold at 35c a collapsible tube at all drug stores, or sent direct by E. Lawrence & Co., Chicago, Ill.

### Use "Gets-It"—Walk With Comfort

Get Immediate Relief, Avoid Pain and Misery—Use "Gets-It." There is always a drug store somewhere within reach of every mortal in this fair land, and every one of them carries the biggest-selling corn-remedy ever known—

"GETS-IT." So, there is no excuse, positively none, for anyone losing time, missing dates, moaning in misery or limping around when a few drops of "Gets-It" applied in a few seconds, will give such splendid relief and ease your mind with the absolute certainty that at last the pesky corn is doomed forever. You can go about your work or play as usual after applying "Gets-It." This is quite a big difference from having to stop and fuss with your corns by wrapping up your toes with this and that, cutting or filing the, tearing them by bits and even after all this having your toe so sore and the corn so painful that even sleep is disturbed. No more of this with quick, easy "Gets-It." Why try to get rid of corns the long way around, and then even fall in the end, when you have such a never-failing, use-it-in-a-second, simple corn-remover like "Gets-It"? Let no one impose upon you and

"No, I didn't say 'feel like a nanny'; I said 'peel like a banana.' I put 'Gets-It' on my corns and you ought to see how it makes them peel like a banana!"

tell you there is anything else as simple or effective as "Gets-It"—the only great discovery of its kind ever made for corns. "Gets-It," the guaranteed money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

Ding Dong "Gets-It." Ding, Dong Bell! Corns that made him yell! Who had them on? Mr. Johnny Rawa. What got them off? "Gets-It"—it made them. Come off like banana peel.

### Had Been Paring Corns 25 Years

W. C. Beacham, Wesson, Miss. "Enclosed please find remittance, for which please send me one more bottle of 'GETS-IT.' It sure does get them. My corns were so bad and so many and of such long standing that I will have to use another bottle to completely eradicate the whole business, and that, too, without any pain whatever. Just think of it! For twenty years I have been paring corns, cutting my toes and making my feet so sore I could scarcely walk at times on account of the medicine used on them, trying to get relief. Many thanks."

### Safely Removes Superfluous Hair

Heretofore you have never been able to remove superfluous hair without a certain amount of skin irritation and reddening. With the new scientific discovery, "Solv-It," any superfluous hair, light or heavy, even on the most delicate skin, is removed with absolute safety. Use it like any toilet cream. Free from offensive odor. Try it. "Solv-It" is sold at all drug stores, 60c a collapsible tube, or sent direct by E. Lawrence & Co., Chicago, Ill.

### "Action of 'Gets-It' Amazed Me!"

Here is a Common Occurrence With "Gets-It." Mrs. T. M. Rice, Boyds, Md., writes: "I had worn a pair of cheap shoes in the house all winter that were over large. Imagine my dismay when I found in February a callus on the ball of each foot as large as a dime. They kept growing deeper and spreading and it hurt me to stand on my feet. "When your 'GETS-IT' came my husband laughed and said I had ruined my feet and would never be rid of the calluses. I was pretty well discouraged; never saw anything spread and grow like these two calluses did."

"I went ahead and used the 'GETS-IT' just as directed and after the first application I felt no soreness in either foot and could bear all of my weight in standing on the ball of my foot as usual. The first was encouraging and the second resulted in the removal of a large corn from the end of one toe and considerable portions of the callus on the soles of my feet. "The third time I applied 'GETS-IT' the result amazed me. The callus let loose in the center of the deepest part, it was over a quarter of an inch thick, and to-day my feet are as free from tenderness or any sore places as the palms of my hands, and my husband said last night, 'I want you to send right away and get two bottles of that

corn remedy and I will get rid of some of the corns and calloused places on my feet." The way it took the soreness out of my feet with one application made me its lifelong friend."

### All Good Druggists Recommend "Gets-It"

Every druggist who sells "Gets-It" knows that every customer that gets better satisfaction than from any corn treatment ever sold. This is why so many druggists instantly recommend "Gets-It" when a customer comes in and asks, "What's the best thing to take out corns?" They know, too, that a satisfied customer is a permanent customer and a friend always thereafter. "Gets-It" would never have become the biggest selling corn remedy the world has ever seen, even with millions of dollars of advertising, were it not for the remarkable and unflinching work that it does, and for the recommendation given it from friend and from druggist to customer.

### "Gets-It" a Great Discovery

Corn-Peeling Wonder of The Ages At no time in the world's history has it been possible to get rid of any corn or callus so easily, so painlessly, in such a simple, pleasant way, as it is to-day with the great discovery, "Gets-It." This puts an end finally to all corn misery, to corn pains, to the waste of time and the ruin of pleasure which painful corns have always caused. "Gets-It" is made after a secret formula, which was perfected only after the most exhaustive experiments. It is a liquid, but not the ordinary liquid sometimes sold for corns. It is a newly-discovered liquid formula, which has the remarkable features of being harmless to healthy flesh, but sure death to all callused skin and corns. Just a few drops will do this work in a really magical way. It is necessary simply to touch the corn or callus with a few drops of "Gets-It." The corn or callus at once begins to die, come entirely loose from the true flesh, so that you can easily and painlessly peel the entire corn off with your fingers. Isn't this a wonderful difference from having to fuss around, wrapping the toe up with bandages and tape, trying to be sure that plasters are placed just right and never being sure they will "stay put," having to cut, gouge, pick and slice the corn, making the toes sore and raw and making walking a misery? Stop it all quick and forever; get a bottle of "Gets-It" now. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

### Skinned Knuckles? Use COATS-IT

Put a few drops of Coats-It, the new liquid court-plaster, on that cut or bruise—and forget it. Coats-It makes a perfect dressing, protects the wound from rubbing, water, air and germs—and helps the wound to heal. It takes the place of old-time, dangerous and "germy" dry court-plaster. Use Coats-It for any minor wound, boils, skinned knuckles, cracked skin, etc. It has hundreds of other uses in the home, office and shop. Coats-It is sold by all druggists in collapsible tubes, in 10c and 35c sizes, or sent direct by E. Lawrence & Co., Chicago, Ill.
