Name Sioux City Man President and Select Buffalo For 1920

Denver, Col., May 27.—Election of D. Shull, Sioux City, Iowa, as president, selection of Buffalo, N. Y., as the 1920 convention city, adoption of a \$100,000,000 budget, covering five years, completion of the \$8,000,000 laymen's fund, and organization of the general board of planning and promotion were the features of yesterday's session of the Northern Baptist convention. Completion of the \$8,000,000 fund, which the state delegations raised by underwriting the unsubscribed portion, makes immediately available to the home and foreign missions societies of the church the \$2,000,000 contingent donation from John D. Rockefeller, announced on Saturday. In addition, legacies and bequests announced yesterday brought the fund, including the Rockefeller donation, to \$9,000,000. The adoption of the \$100,000,000 five-year budget is an increase of more than fifty million dollars from the recommendation of the general survey committee.

Labor Men See Virtual Union Recognition in Gary Letter

New York, May 27.—News dispatches from Pittsburgh concerning an exchange of letters between M. F. Tighe, newly-elected president of the Amalgamated Association of Iron, Steel and Tin Workers, and Chairman E. H. Gary, of the United States Steel Corporation, announce that labor leaders interpret this exchange as a virtual recognition by the steel corporation of labor unions, it being stated that this was the first time the corporation had acknowledged a communication of a union. Inquiry at the office of Mr. Gary resulted in the correspondence being given to the Associated Press with the understanding that "all or none" be printed.

**Tighe Letter**  
Mr. Tighe wrote to Mr. Gary on May 15 from Louisville as follows: "The Amalgamated Association of Iron, Steel and Tin Workers of North America, in national convention assembled, by resolution have instructed the undersigned to address you as chairman of the executive officers of the United States Steel Corporation on a matter which, in the opinion of the representatives of the Amalgamated Association of Iron, Steel and Tin Workers, is of vital import to the corporation if you have the honor to represent, and to the Amalgamated Association.

"As you no doubt are aware there are serious disturbing elements in the industrial world at the present time, a great spirit of unrest has spread over our common country. It is becoming more and more acute, and there is no telling when or where the storm clouds will break. It is the judgment of the representatives of the Amalgamated Association that it is the patriotic duty of all good citizens to use their every effort to stem the tide of unrest if possible.

**Gary's Reply**  
To this Mr. Gary replied May 20: "I have read with interest your letter of May 15. It is the patriotic duty of all good citizens to use their efforts in stemming a tide of unrest in the industrial world whenever and wherever it exists. As you know, we do not confer, negotiate with, or combat labor unions as a class, but stand for the open shop, which permits a man to engage in the different lines of employment whether he belongs to a union or not. I think this is the best security for the employees generally and to the country.

Albany, May 27.—"I think it is important that the language of the constitution, of the declaration of independence, should be made the one and only language in all our public schools up to the high schools. It is the language of democracy."

### Pays Balance on Wagon After Waiting 21 Years

Philadelphia, May 27.—"I want to see Aaron Kratz," said a man who walked into the home of Kratz, who has been a carriage builder at Plumsteadville, Lower Bucks county, for sixty-five years. Upon being told that the man to whom he was talking was Kratz, the stranger said: "I want to pay you the balance owing you for a wagon I bought from you twenty-one years ago."

### Shoots Sweetheart and Kills Himself; Children Find Bodies

By Associated Press. Allentown, Pa., May 27.—Following a lover's quarrel, Palmer Lilly, aged 18, of Northampton, yesterday shot and killed his sweetheart, Mava Newhard, of Kreidersville, while they were seated in a field near Northampton. Lilly then shot and killed himself. The gun with which the young man killed the girl, was held so close to her body that her clothing became ignited and when the bodies of the young pair were found shortly before the supper hour by some children who were out picking flowers, the body of the girl had been almost completely destroyed by fire. A note written before the deed was committed and left in the young man's hat, gave jealousy as the motive for the crime.
