GERMANY, CLAIMING NOW TO BE DEMOCRATIC, WILL INSIST ON PEACE FASHIONED WILSON WAY

Teutons Will Say American Chief Stopped War

ITALY DELAYS AUSTRIA PACT

Limited Espousal of Kolchak in Russ Drive

Although there has been no official announcement it is expected the German peace delegation will present its counter proposals to the terms of peace at Versailles some time to-day.

Basics of German Proposals Dispatches from Berlin and Paris indicate that the Germans will base their proposals on the claim that they accepted the offer of the Allies to conclude peace on the basis of President Wilson's fourteen points and other assertions by Allied representatives that the peace would not be one of violence.

Allies May Not Parley There are reports which seem to reflect a disposition of the Allies not to parley long if the Germans actually refuse to sign the terms. An Amsterdam dispatch states that the Belgian frontier has been closed and that all Belgian soldiers have been recalled from leave.

Italy Delays Austria Pact The treaty with Austria may not be presented Friday as planned. The Italian delegation is declared to be delaying consideration of clauses of the treaty dealing with the southern frontiers of Austria.

Limited Recognition For Kolchak Limited recognition may be accorded the All-Russian government at Omsk in the form of lending aid in supplies and money to Admiral Kolchak, head of the Omsk government.

Berlin, May 28.—The German counter proposals to the terms of the Treaty of Peace will in the opening stage argue for the existence of Germany's contractual right to a peace based on President Wilson's fourteen points and other assertions by Allied representatives that the peace would be established on any other basis.

Points to Differences The second section will deal with the contradiction between the draft of the treaty and previous assurances from Entente statesmen and the general ideal of international right.

Counter Proposals Will Declare that the terms of peace completely ignore the fact that Germany has replaced an "imperialistic and irresponsible government by a strictly democratic one and that Germany in her proposals for a League of Nations has adhered to the principle of a limitation of armaments.

Church Notices To Be in Early Ministers and church officials are requested to have their announcements for the Saturday evening church service in this office not later than Friday noon this week.

Condemn Treaty Secrecy The national committee on the General Labor Federation has passed resolutions condemning the secrecy which the Treaty of Peace has been framed and protesting against the conditions imposed by an incomplete knowledge of the document.

Germany's Answer to Allies

Berlin, May 28.—Germany's counterproposals to the terms of the Peace Treaty, presented to her plenipotentiaries at Versailles, include the following points, according to an unofficial summary available to-day: Germany offers to disarm all her battleships, on condition that a part of her mercantile fleet be restored to her.

A number of public bequests were made for church and charitable purposes and a number of annuities are provided to be paid to friends during their lifetime.

In the will which was filed to-day Mrs. Kunkel provides a fund of \$1,000 for the care of lots in the Harrisburg Cemetery; \$10,000 to be invested for the Home for the Friendless; \$10,000 to be added to the John C. Kunkel poor fund; \$1,000 for the Historical Society of Dauphin county; \$3,000 for the Harrisburg Hospital; \$2,000 for the "Elizabeth Crain Kunkel pew" in the Market Square Presbyterian Church, and \$1,500 for the Market Square Presbyterian Sunday school.

The John C. Kunkel poor fund was created in 1870 in a codicil in the will of the late Mr. Kunkel, husband of Mrs. Kunkel. In it he provided for the investment of \$10,000 at the direction of the Dauphin county orphans' court, the interest to be used for the benefit of the poor of the city.

PORTUGAL HONORS CREW Foreign Minister Decorates Brave Americans With Order of Tower and Sword

Washington, May 28.—No word had reached the Navy Department to-day as to whether the seaplane NC-4 had left Lisbon in the last leg of the flight from Rockaway Beach, L. I., to Plymouth, Eng.

The feat of the seaplane NC-4 which blazed the way for trans-Atlantic aerial navigation when she flew from Ponta Delgada to Lisbon, completing the last leg of the actual continent-to-continent flight, continued to be the chief topic in naval and official circles here to-day.

Officers said communication with Lisbon was exceedingly slow, as was evidenced by the fact that message reporting the arrival of the NC-4 at the capital of Portugal was delayed several hours.
