charged the colleges and universities with laxity in morals and materialism, which he claimed was a very dangerous forerunner for the religion of the coming generation.

Use McNeil's Cold Tablets — Adv.

Itching and Burning Eruptions Torture Victims.

Only those who are afflicted with Eczema, Tetter, Erysipelas, boils and similar so-called skin diseases can appreciate the real terrifying discomfort that comes from these disorders.

Just imagine that there is a steady blaze of fire in constant contact with your tender skin, and you can form some idea of the pain that must be endured by the afflicted.

And the constant plea of those afflicted is the oft-repeated question, "How can I find relief from this constant torture?"

Not palliative, temporary relief that causes the terrible itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease and restores the skin to its former healthy condition.

And temporary relief is the most that can be expected from local treatment, such as ointments, salves, lotions, etc., which is one reason why these diseases seem to hold on with such tenacity.

The fact is they are misnamed, and therefore, improperly treated. Because the trouble attacks the skin and all the pain and discomfort is confined to the surface of the skin, these disorders are called "skin diseases."

Go to your drugstore and get a bottle of S. S. S. to-day and begin the right treatment for skin diseases. Then write for free medical advice about your own case. Address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.

Terrifying Discomfort From Skin Diseases

plies by the million, and sets up an irritation in some tender location of the delicate skin.

You can get some little relief for the time being by rubbing or scratching the irritated skin, but you would not expect to be cured in this way.

You must locate the headquarters of the disease germs, and cut off their base of supplies. The blood is saturated with them, and they will set up their attacks on the surface of the skin as long as they remain in the blood, no matter how much local treatment you take.

A million gallons of local treatment applied to the surface of the skin, will not eliminate the germs of the disease from the blood, and until they are eliminated your skin will never be free from the itching and burning discomfort.

If you want relief that is permanent, then take a treatment that goes right to the seat of the trouble and removes its cause. Such a remedy is S. S. S., the reliable old blood remedy purifier that so thoroughly cleanses the blood, that every trace of disease germ is routed out, and a new supply of rich red blood is sent coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin troubles, and it can be relied upon to cleanse the blood of the last vestige of the disease. S. S. S. is also a splendid tonic and system builder, and it builds up and adds new vigor to the whole system.

Go to your drugstore and get a bottle of S. S. S. to-day and begin the right treatment for skin diseases. Then write for free medical advice about your own case. Address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.
