Today's Beauty Talk

You can enjoy a delightful shampoo with very little effort and for a trifling cost, if you get from your druggist a package of canthox and dissolve a teaspoonful in a cup of hot water. This makes a fluffy cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.

The Fact is— Over half the truck Tonnage of America is carried on Firestone TIRES THERE are good reasons for Firestone Truck Tires carrying more than half America's truck tonnage. Look at the trucks in this city that are mounted on Firestone Tires. You'll find that they run faster, have fewer accidents, stand up better with less repairs, are operating with the lowest possible quantity of gasoline. Our own service here in the city co-operates with Firestone policy. Our tire presses, with power equal to many tons pressure, and our other machinery make it easy for us to change truck tires quickly. And you know that the paying truck is the truck in the streets hauling your goods. When a truck's laid up a day for tire change, you lose far more than the cost of the change.
