A New, Romantic Serial Dealing With the Absorbing Problems of a Girl Wife

Sturges Realty Corporation came to be. And added, "Can you think of anything better, Babbs? Isn't Pat the best friend of a friend—hunting me up after the way I ducked back?"

"I couldn't," said Pat. "I couldn't make it—then." And it flashed across my mind that he must have had a strong sentimental reaction against going into the company that had been instrumental in ruining Virginia's father.

Sturges Realty Corporation came to be. And added, "Can you think of anything better, Babbs? Isn't Pat the best friend of a friend—hunting me up after the way I ducked back?"

Was Carlotta "a brick" or a scheming woman? Was she, without any ulterior motive, trying to help the world, or did she guess what it would mean to Virginia to see her affiliated with the old enemies of her father?

I didn't know, but I knew that I must know. I couldn't guess. As for Neal, he was sane from what he had taken sides with the foes of the house of Harrison.

Why had Pat gone over to the Sturges Construction Company in the end? To help Neal? To hurt Virginia? To further his own business interests?

I didn't know, but I knew that I must know. I couldn't guess. As for Neal, he was sane from what he had taken sides with the foes of the house of Harrison.

"Say, it's pretty blamed lucky for me that I have Neal to help me take about ten jumps up the ladder," said Pat, generously. "I need money—I've always needed it. But things never were right before. Now—with this pal and side partner, they are right. Don't thank me."

NEW CALENDAR SUGGESTED WITH THIRTEEN MONTHS

Each Would Have Exactly Four Weeks; Would Help in Business Calculations

A calendar grid showing days of the week (Mo-Su) and dates (1-28).

THIS IS THE WHOLE CALENDAR. EVERY MONTH JUST LIKE THIS FOR A MILLION YEARS.

New Year Day is not included in any week or month. Correction Day once each four years not included in any week or month.

The above shows a cut of the much talked of new Liberty Calendar. The mere suggestion that this plan of measuring time should take the place of our present calendar is enough to make any real, old-fashioned, conservative person gasp for breath.

To be sure, it would be a radical change in our time-honored and much-revered, though atrociously constructed, old-time calendar.

By the summer season under the new form is given four months, but a new month will begin, and a three months as heretofore. It is claimed that this arrangement will be more true to nature than our present division.

In framing the calendar, only three slight changes were made in the present form. First, New Year's Day was made an independent legal holiday. It is placed between the last day of December and the first day of January, but it is not included in any week or month.

Life's Problems Are Discussed

A conceited puppy! I doubt if any other three words in the language can call up such an obnoxious picture.

The financier, not wishing to be bothered, sent out word that he was engaged. But did that feaze the complacency of the young man visiting in the ante-room? Not at all.
