New York, May 31. — Philadelphians who witnessed the arrival of units of the Sath Division of the Sath Divisi units of the 80th Division on the transport Mobile, in New York yeserday, hung their heads in shame. rney were forced to compare the manner in which Pittsburgh was on

New York - Delegates representing seventy organizations, including labor bodies with a membership of manner in which Pittsburgh was on hand to greet its boys of the 320th Infantry with the pitiful showing Philadelphia made in the last few weeks when units of the 28th and 79th Divisions steamed into New York.

When the first Philadelphians arrived here the city had no one at all to meet them except a few newspapermen from the City of Brotherly Love. After many ships had arrived, bearing many Philadelphians, the Quaker City Committee at last woke up and sent over a delegation of a handful of men, headed by a

Your first thought of the Liberty is that it has a beauty and a charm of individual style that set it quite apart from other cars.

Your first ride in a Liberty reveals the astonishing fact that a car may possess unusual road steadiness and balance without being either cumbersome or costly.

This pleasant sensation of difference in the way the Liberty rides and drives is being spoken of everywhere.

And this friendly feeling reaches its climax in the enthusiasm of its owners render day after day and

TEACHERS \$70 PER MONTH
Louisville.—A minimum salary of
\$70 per month has been adopted by
the board of education for teachers
in Louisville schools, as the result
of shortening the school term from
ten to eight and a third months.

The former minimum was \$55 a,
month. The maximum for elementary teachers is to be \$105 a month,
a raise of 16.8 per cent. High school
instructors are to receive salaries as
high as \$2,050 a year.

In order to make these increases
possible, the board has announced,
it was found necessary to cut its estimate for repairs and improvements
from \$94,000 to approximately \$20,000 and to discontinue the summer
school.

DUPLEX TRUCKS

Duplex Always Wins In a Comparative Demonstration

All we ask of any business man is a chance to show the Duplex 4-Wheel-Drive in a comparative demonstration.

We know that the Duplex will out-demonstrate any rival under all haulage conditions.

We know it will show a saving of 20 to 60 per cent in ton-mile cost.

We know, because the Duplex is doing these things every day in a score of industries, in competition with other trucks and with horses and mules.

Therefore, we welcome the opportunity to enter the Duplex 4-Wheel-Drive in competitive demonstrations.

A call will bring our representative with records of how the Duplex has lowered tonmile costs for other business men.

On the Job

W HETHER it is coal or merchandise, produce or oil-in the fertile valleys, on the desert or in the mountains-International Motor Trucks are "on the job" hauling their load the greatest distance with least expense. It takes time and skill in manufacture to gain a reputation like this, but wherever you find an International Motor Truck you will find a satisfied owner.

Over three-quarters of a century of manufacturing experience and over ten years' experience in building motor trucks and tractors is back of every International Motor Truck that we sell. The sturdy construction, the "builtin" service, the low-cost mileage is evident in every line of this useful truck.

No matter what you have to haul or where you want to haul it, there is an International to meet your requirements. We do not want to burden our customers with a mass of technical detail, but if you will come in to our salesroom we will present proofs of performance that will convince you that Internationals are on the job and making good in a big way. We have a catalog showing a variety of body styles and types. Come in and get a copy.

JAIL RATHER THAN PLEDGE
San Francisco, Cal.—Rather than
take the pledge to refrain from
drinking intoxicating liquors, William May, sefaring man, chose a six
months' sentence in the county jail
and then changed his mind.
"I'll take a chance on getting a
nip out there occasionally," he told
Police Judge Morris Oppenheim.
"You see the country's going dry
July 1, and if I take the pledge I
won't get a drink between now and
then."
"Say, mate," said a fellow prisoner in the dock. "You got the dope
wrong. The county jail's dryer than
the Sahara Desert under a July
sun." Increases Registration Fees and Makes Changes in Regulations

amendments. It increases the reg-

sproul after undergoing many amendments. It increases the registration fees for both pleasure and commercial vehicles and it is estimated will bring to the State increased revenues of about two million dollars yearly.

The fee for registering pleasure vehicles and trucks with a chassis weighing less than 2,000 pounds is 40 cents a horsepower. Heavier commercial vehicles are divided into seven classes and all fees are charged on the weight of the chassis, with the license running from \$20 for cars between 2,000 and 3,000 pounds to \$150 for trucks with chassis weighing more than 10,000 pounds to \$150 for trucks with chassis weighing more than 10,000 pounds. No truck can carry an over-all weight of more than 26,000 pounds for more than 26,000 pounds for more than 26,000 pounds for more than 26,000 pounds. use that do not conform to the above measurements.

The speed allowance is thirty miles an hour on the open highways with local regulations permissible in cities and towns limiting the speed to fifteen miles an hour. Traffic regulations are also permitted in cities. Both the load and the speed of trucks are specified, the lighter trucks being allowed a speed of twenty miles an hour while the heaviest are permitted but 10 miles an hour.

The regulations for trucks are as follows: Lbs. Chassis License Speed

Class Weight Fee Miles

AA 2.000 to 3.000 \$ 20 20

A 3.000 to 4.500 25 20

B 4.500 to 6.000 30 18

D 7.000 to 8.000 75 55

E 8.000 to 10.000 100 12

F Over 10.000 150 10

The use of Pennsylvania highways by commercial vehicles registered in other states is limited to one round trip a week, but the usual reciprocal privileges are extended to pleasure vehicles. When applying for registration applicants must file sworn statements as to the mental and physical ability to operate a car. Persons having less than 20 per cent. of normal hearing are considered physically incapacitated.

Full registration fees must be paid up to August 1 of each year when half rate fees will become effective.
