WAR AWAKENED CHARITY WORK

Reports Indicate That All Records For Generosity Are Broken

New York, June 2.—Indication of the world-wide generosity awakened by the war is given by preliminary reports of the British and American Red Cross, Young Men's Christian Association, the Order of St. John of Jerusalem and similar organizations which, during the past four years, have done service in alleviating distress and which are now taking part in the work of reconstruction.

A recent issue of London Truth, in commenting on the record of \$75,000,000 war contributions to the Red Cross by the British people during the period from 1915 to 1918, includes, says "this must easily be a record collection for charitable purposes." Admitting that the amount is not equal that raised for the American Red Cross, the Truth observes that "the general total of voluntary giving for war purposes in England must have been something without precedent in that country's history."

Contributions to the American Red Cross from the date of the entry of the United States into the war, on April 6, 1917, to the present are roughly estimated at about \$350,000,000. This amount was raised mainly in two donation "drives" which brought in \$106,000,000 and \$180,000,000, respectively, and two membership "drives" in which 42,000,000 membership signatures worth a minimum of one dollar each (many of them much larger sums) were obtained. The cost of administration, it was stated by an official of the Atlantic Division, was entirely defrayed by the Red Cross membership subscriptions and for every dollar contributed \$1.02 was made available for actual relief by reason of bank interest. L. J. Hunter, comptroller of the American Red Cross in Washington, is now at work on receipts and expenditures, it is said, and is expected to make an official report in June.

M. E. CENTENARY DRIVE LAGGING

Entire Country \$8,000,000 Behind in Raising Its Quotas

Baltimore, Md., June 2.—The Methodist Episcopal Centenary Drive, based upon returns from all parts of the United States, has reached a total of \$37,294,000 it was announced to-day by the Rev. Dr. M. E. Swartz, executive secretary of the Centenary, with headquarters here. The entire country is about \$8,000,000 behind in raising its quotas for prosecution of the Centenary program, which contemplates social, educational and evangelistic improvements upon a huge scale. The task of raising the full amount with confidence, however, in view of the fact that Methodist churches have until June 15, before subscriptions are closed.

This area, including four big conferences, covering Central Pennsylvania, Maryland, Delaware, District of Columbia, Virginia and West Virginia, lacks practically \$1,000,000 to meet the area allotment. Campaigns which were delayed for a variety of causes in different localities now are in progress to put the area "over the top," before the final returns are tabulated.
