# Hot Weather Makes A Refrigerator One Of The Most Popular And Useful Of Furnishings In A Home

What does it matter how hot of a day it may be if one can go to one corner of the room and open a little door and draw from it a chunk of crystal clear ice! It seems as if the magicians wand had suddenly opened the door to the frozen North. And in the most sanitary of compartments are cool beverages and the most dainty or nourishing of foods preserved to refresh one at a moment's notice.

But to those who do not enjoy the luxury of a good refrigerator in the home, we would suggest the most careful consideration of the kind of refrigerator that is selected. There are a number of good standard makes, but before we selected the ones that measured up to the Bowman standard, we subjected them to the tests of Economy, Air Circulation and Sanitary conveniences. The following measured up to every requirement, at the most reasonable prices:

*Belding Hall Stone Lined,  
Belding Hall Century And  
Seeger Siphon Refrigerators*

**One Dollar Delivers One  
To Your Home  
On The Bowman  
Club Plan**

A demonstration of either make or the size that suits your purpose best will convince you as it did us that there are no better refrigerators made than these. The Bowman Club Plan permits immediate delivery to your home on initial payment and balance on monthly payments if desired.

## Good News For Motorists

## Gordon Jiffy Cushion Slips

For many months this store has watched for just such relief from cushion soiled clothes to offer its patrons among the motoring public. Now comes this offering of WASHABLE CUSHION SLIPS from the leading maker of fine Seat Covers, and they are so practical for every day service they will win your instant approval.

### Cover Dirty Cushions---Prevent Soiled Clothes

They cover the cushions you sit on and lean against so your clothes can't be spotted and stained from the accumulated dust and grime on uncovered seats. Wash them every week. They launder beautifully — don't fade, and come out looking as fresh as new. Put them right in the tub — they're pre-shrunk. Twenty minutes will place the tack buttons for the first set. Then it's simply UNBUTTON the soiled and BUTTON ON a clean set — an easy 3-minute job. That's the gratifying part of having them on your car — you need never put up with dirty cushions. A set and a change — one on the car, the other in Monday's wash — will save your clothes from all ugly cushion smudges.

See These At \$2.75 to \$5.00 Per Seat
