**LOST HIS FALSE TEETH
 IN BUSY BROADWAY**

Man in Fur Coat Creates a Sensation at Forty-Third Street Corner

People in the vicinity of Broadway and 43d street this noon were perplexed when they saw a well-dressed man, weighing about 350 pounds, wearing an expensive fur overcoat on his hands and knees in the middle of the uptown car track.

Patrolman Patrick McDonald elbowed his way through the crowd and grabbing the man by the shoulder, asked what was the matter with him. The man got up and, pointing to his mouth, muttered in a semi-intelligible manner that he had lost his false teeth. He said he believed they were lost in the slot of the car track. Search by policemen, chauffeurs, bystanders, motor-men and conductors failed to reveal the missing piece, and with great disgust the unknown man hailed a passing taxi. His breadth being bigger than the entrance of the taxi, he finally secured a large limousine and departed, giving instructions to drive anywhere north.—N. Y. Eve. World, 2-17-19.

This would not have happened if he had used Dr. Wernet's Powder for False Teeth, as it holds the teeth tight in the mouth under all conditions, and a costly, ugly public accident like this would be impossible.

If your plate gets loose and drops, to get instant relief use Dr. Wernet's Powder for False Teeth. Keeps them firm. Prevents sore gums. Not a dentifrice. It relieves sore gums and hardens them so they support the plate and make it fit snug and firm while the antiseptic qualities make it excellent in daily use in caring for false teeth. Guaranteed by Wernet Dental Mfg. Co., 116 Beekman St., N. Y. Two sizes. At all drug and department stores.

**ROSE SHOW WILL BE COLORFUL
 AND FRAGRANT SUCCESS; JUNE 6-7**

Hundreds of Gardens Throughout City Will Contribute to the Big Exhibition

THE SECOND Annual Rose Show at the Y. M. C. A. rooms, Friday and Saturday, June 6 and 7, is going to be a fragrant and colorful success, for the rose-gardens of this city will be robbed of their choicest blooms to make it so—at least, so the entry cards indicate. One rose enthusiast, who has a large rose garden near Middletown, will have entries in many classes, and as he has the reputation of having the finest roses in his locality, the city exhibitors will have to look to their laurels.

The visitor to the Rose Show will be greeted by all the old favorites and many of the new roses that are just making their debut before the public—in fact, some of them as yet unnamed. Every color will be represented, from the pure white of the Frau Karl Druschki, the delicate pink of the Lady Gay, the lovely yellow of Mrs. Aaron Ward, to the deep red of General Jacqueminot. The public have been invited to send flowers other than roses for display purposes, which will add greatly to the attractiveness of the show. The florists displays will also be a noteworthy feature.

 YOUR KIDNEYS**

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you will have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take the MEDAL HAARLEM OIL Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL HAARLEM OIL Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

**GIRLS PREPARED
 FOR STUNT NIGHT
 ON ISLAND PARK**

Center of the Grandstand Reserved For Soldiers of All Wars

Girls—Hundreds of them.
 Stunts—Something doing every minute.

One big program of surprises, scheduled to take place at Island Park to-night.

If you do not know what is going to happen to-night, you are a back number. "Stunt Night" is the big bill and it will give the people of Harrisburg something to talk about for a long time.

This big entertainment will have as participants girls representing the city industries. There will be ten different stunts and in some stunts more than a hundred girls will be in evidence. Nothing is known definitely as to what these stunts will be. That is a secret and will remain so until 7:45 p. m. when the surprise program starts. There will be only one thing that will interfere and that is rain. Then the big show will be postponed to-morrow night or on the first dry night following. This entertainment is free.

Seats For Veterans
 The center of the grandstand has been reserved for soldiers, sailors, G. A. R. veterans and veterans of the Spanish-American and other foreign wars. All that is needed to get one of these reserved seats is a button, uniform or badge showing the military organization.

The Big Feature
 There will be singing, music by the Municipal Band and—but the rest is not to be told until to-night. This is one time when it can be positively stated that the fair sex can keep a secret. To stay away from Island Park to-night will be missing the greatest thing of the kind offered this year.

The Big Feature
 Florence Ackley Ley, music director of the War Camp Community Service, will direct the entire staging of "Stunt Night" with the exception of the features to be presented by the Girl Scouts. Training for this big night has been in order for some time.

Through the courtesy of the city authorities the grounds will be lighted by four large flood lights. The current is being supplied by the Harrisburg Light, Heat and Power Company without cost, and the wiring was done by the boys of Technical High school.

The volunteer aids who will assist the cast are: Lt. E. J. Fuert, Lt. L. P. Nichols, Lt. C. J. Crossett, S. S. Fackler, Elmer Hobbs-Ley and A. W. Neate.

The part of the Girl Scouts in the program has been under the direction of Mrs. Edwin S. Herman, sponsor; Miss Almeda Herman, captain; Miss Helen Hawes, lieutenant; Miss Pearl Ebner, lieutenant; Miss Lucille Smucker, lieutenant; Mrs. Bertha Frey, lieutenant; Miss Mary McKee, lieutenant; Mrs. Charles Stroh, lieutenant; Miss Martha Reese, lieutenant.

20-MULE BORAX TEAM
 From the Hottest Place on Earth—Death Valley, California

The 20-Mule Borax Team will rumble out of the interesting past through Harrisburg's principal arteries, with all of the rugged investiture of those strenuous pioneer days in the Far West. Just as adventurous Southerners to reach the gold fields of California sailed around Cape Horn, in '49, owing to the lack of overland transportation facilities, so Death Valley miners had to design and use these gigantic caravans to haul the crude borate mineral through 160 miles of pulsating torridity, 200 feet below sea level, to the nearest railroad. The same mammoth vehicles you will see here were in actual use in the desert for many years.
