both author and scenarist made this the epic of marts of trade. It is a picture that will not soon be forgotten by those who witness it. The leading man is Elliott Dexter, and other notable screen players appear in the cast. Saturday only. Shirley Mason and Ernest Truex will be seen in John Emerson and Anta Loos' newest picture production, "Come On In."

Everyone likes to see a young tenderfoot who breaks into ranch life and makes good. But seldom makes good quickly, because the real cowpunchers are not willing to let him make good. They usually give him the wildest horses to ride. Do all the hardest work, etc. But in "The Coming of the Law" several experienced cowpunchers received the surprise of their life. They were going to stick up a fellow who they thought was merely a kid. They drew their guns—but before they had a chance to pull the triggers their heads bounced off. The kid proved he had a wonderful pair of fists and that he knew how to use them. The kid is no other than Tom Mix in his latest photoplay which shows for the last time to-day at the Victoria Theater.

To-morrow and Saturday, Dustin Farnum will be shown in "A Man in the Open."

Suppose your brother had been killed and someone informed you that he had been killed. What if you found your husband? If you loved your husband, but he had been killed, would you avenge your brother's death, would you kill him? That's the question beautiful Geraldine Farrar has to decide in her latest photoplay release, "The Stronger Vow," which plays at the Colonial Theater to-day, to-morrow and Saturday. It's an excellent picture, in fact it is considered Miss Farrar's best.

The Colonial management has also booked another feature attraction which should appeal to Harrisburg. It is the joyful Alice Brady in "Red-head." The play's a scream.

which the big open air vaudeville theater at Paxtang Park attains its greatest popularity. When the thermometer ranges from 96 to 100 in the shade, the park breezes that play through the park playhouses are nature's own cooling system and the only one that produces real results for the super-heated amusement seeker. The bill at the park playhouse for this week is headed by Miss Fremont Benton and Company in "Handkerchief No. 15." This is a nifty little one-act comedy that makes one forget all about the heat while laughing at the ludicrous situations that develop during the play. The playhouse at the park is made up of four high-class vaudeville offerings.

**Harrisburg Rifle Club Star in Pennsylvania League Shoot**

The Fort Pitt Rifle Club of Pittsburgh, won the first match in the Pennsylvania League by good, consistent team work. The other clubs each had one or two men who shot well, but their team averages were not so high.

Each club reports having a splendid shoot and a great time. The State League idea has taken splendidly among the different clubs in Pennsylvania who report that when properly run each man under almost the same tension as if they were all on the same firing line.

The second series of matches will be held during the last two weeks in June. Each of the clubs will have a larger representation of their best shots in the second match and each team excepting Fort Pitt is determined to wipe out the results of first match by putting on a score that will be a record breaker for that club.

Fred Fisher, of Fort Pitt, was the star of the first match by making high general average with a score of 145. He had high rapid work of 50, closely followed by Unger, of Harrisburg, with 49. High average in slow fire was triple tie between Fisher, of Pittsburgh, and Lenz, of Durban, with 49. Unger, of Harrisburg, with 92, followed by Atkinson and Dillman, of Pittsburgh, with 91 each.

Fred Fisher, of Pittsburgh, with 142, Durban, of Harrisburg, with 138, Barr for Reading with 137 and Flowers for Keystone, with 132.

It is a dangerous thing when you have let slip an unfortunate remark to try to cover up the blunder.

Mrs. G. was talking with the wife of a professor. "That fellow is a good lawyer," she said. "I don't want him to be a lawyer," she said. "Why not?" asked the judge's wife. "I think there is nothing much finer than the legal profession for a bright boy."

"Well," said Mrs. G. bluntly, "a lawyer has to tell so many lies. Then it dawned on her that she was talking to the wife of a lawyer, so she hastily added: "That fellow is a good lawyer." —Youth's Companion.

**Read What They Say About Nuxated Iron**

**As a Tonic, Strength and Blood Builder**

Physicians Explain How It Helps Put Renewed Vim and Energy Into the Veins of the Weak, Run-down, Infirm and Aged — Often Increases Their Strength in Two Weeks' Time.

When widely known men of the highest calibre come out frankly and publicly endorse a product which they have personally found valuable for building up the health and strength, it must arouse the interest of every thinking person in Nuxated Iron, which is today being used by over three million people annually to help create red blood, power and endurance.

Dr. T. Alphonso Wallace, a physician of many years' experience and formerly of the British Naval Medical Service, says: "It is the men of blood and iron—on a par with the war-hardened fellows returning from camp and fields—who will forge ahead in the business and political life of the country to-day. Without iron there can be no strong, red-blooded men or healthy rosy-checked women, and unless this strength-giving iron is obtained from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which has been used so successfully both in civil life and for convalescing soldiers that I am absolutely convinced of its effectiveness for helping to build red-blood, strength and endurance."

Of great importance to the public should be the strong endorsement of Nuxated Iron as a tonic and blood builder given by former U. S. Senator William E. Mason, who has the distinction of being one of the really big men of the nation. His championship of Pure Food and Drug legislation, his fight for the rural free delivery system, and his strong advocacy of all bills favoring labor has made him a national figure and endeared him to the hearts of the working man and the great masses of people. Senator Mason says: "I have often said I would never recommend medicine of any kind I believe that's the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible, tired feeling one cannot describe. I was at first loathe to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one at my age, should be known to the world."

Equally interesting is the opinion of Judge G. W. Atkinson, of the United States Court of Claims, at Washington, who for twenty years has been in the public service of the Government. Member of Congress and U. S. District Attorney. He says: "It is without hesitation that I recommend Nuxated Iron to persons who in the stress of physical or mental labors have permitted the system to become debilitated, the body exhausted or the nerves rundown. It has restored my appetite and my vitality. I feel that I have dropped the burden of months of toil in the few weeks that I have been following the very simple directions for the use of Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loathe to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one at my age, should be known to the world."

Then there is United States Commissioner of Immigration Hon. Anthony Caminetti who, despite his 64 years and a life which calls him to all parts of the country in all climates and all seasons, is today more active and alert than many a younger man would be in meeting the strain of his official duties. Commissioner Caminetti says: "After weeks of busiest confinement to office duties, I find in Nuxated Iron the true tonic qualities which help bring one's physical being to that state of fitness which is the desire of every healthy minded man or woman. Nuxated Iron I recommend to whoever feels the need of a tonic restorative for debilitation, exhaustion and overwork."

Dr. George H. Baker, formerly Physician and Surgeon Memorial Hospital of New Jersey says: "From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results."

Manufacturers' Note: Nuxated Iron which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, makes them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Croil Keller, Geo. A. Gorgas, J. Nelson Clark and all other druggists.
