Scouts, how's this for making good te? Two Scouts of Troop 13 went York and back, which is a total 65 miles, in ten hours, on bi-

of 65 miles, in ten hours, on bicycles.

When they arrived in York after
an eventful trip, they scouted around
as all Scouts will, and looked the
city over, stopping at a soda fountain where they filled up on something cool. Before they started the
trip home they talked with several
Scouts of York about what they
were doing in scouting in that town.
Dinner was cooked under a big
oak tree, where they had all the
good things to eat that Scouts usuality prepare on a long hike.
After New Haven was passed the
hard part of the ride started, because the hills became more and
more frequent, and the roads were
rough.

# For Boy Scout Camp

Only about a week more of school and its tortures and then hurrah for out-doors, and an extra cheer for Camp Hacoboscam. It's going to be Camp Hacoboscam. It's going to be a popular place this summer, and every scout who has not decided where to spend his vacation, had better make up his mind to come to Hacoboscam, the place where one can swim, fish, and enjoy himself to his heart's content. One look at a week's menu is enough to make the mouth of any scout water. Reservations must be completed as soon as possible, so make up your mind and if your troop hasn't secured its dates, ask your scoutmaster why not.

on Monday evening Troop 26 held its weekly meeting in the open at Reservoir Park. We all met at the Elk monument from the troop camping expenses. Every member of the troop will have some part in the entratainment from the scoutmaster to the candidates.

Several scouts from Troop 20 were in the parade last Friday and assisted the G. A. R. veterans in many ways.

The troop has been getting iots of wood for the Liberty Fire. Scouts receive points for this work and the scout reporting the largest number of loads delivered to-night gets an extra plate of ice-cream.

Plans Are Completed

On Monday evening Troop 26 held its weekly meeting in the open at Reservoir Park. We all met at the Elk monument and from there hiked to a good place to hold the meeting. Scoutmaster Vanaman had a sycamore apple which was new to the Scouts. The apple was fastened to a twig of a vine and looked like a tenderfoot dough twist. The inside was a light green in color. It is edible and many of the Scouts enjoyed a taste of it.

Assistant Scoutmaster Sparrow took the second class Scouts on a short hike to identify trees for their first class test. Many more than the required number were identified. Scoutmaster Vanaman was the candidates for tenderfoot Scouts through their evans.

# Will a Slaughter of Jews Be Next European Horror?

While the sporadic persecutions and massacres of Jews in Russia, Poland, Roumania and the Ukraine, already reported, are disturbing in themselves, they are but scattered sparks compared to the conflagration some observers foresee. Thus William G. Shepherd, in a Paris dispatch to the New York Evening Post, says that not only leading Jews in France, but even notable Russian authorities, including Kerensky, "admit the possibility that the next Russian horror will consist of attacks on Jews." In the course of a dispatch from Paris a correspondent to the New York Day, a Jewish paper, says regarding the massacres in the Ukraine that "the purpose is apparently to exterminate the entire Jewish population."

Regarding the reported persecution of Jews in Poland, Rev. Dr. H. Pereira Mendes, of New York, declares that that country "is now at the bar of the world's judgment, for the world has to choose between Turkish atrocities in Armenia, German atrocities in Belgium, and Polish atrocities in Poland."

Poles in New York, and the new Polish Premier Paderewski, deny that pogroms have occurred in Poland, and characterize these charges as anti-Polish and pro-German propaganda. To substantiate these denials the Polish Information Bureau cites Dr. Vernon Kellogg, recently returned to New York from Poland, who in an interview published in the New York Times stated that while "there were constant rumors of difficulties of one kind and another between the Jews and the Poles," he did not find evidence of any widespread massacres American readers will be interested in this striking article in THE LITERARY DIGEST for June 7th which presents various angles on a very menacing situation.
