

Elks Issue Invitation to Fraternal Orders to Join in Flag Day Parade

Buy an American Flag and join the Elks' Flag Day parade, Saturday, June 14. Report to the parade com-

mittee at the Elks' Home, 216 North Second street, in the evening. This invitation is to every local citizen of America. The Elks want to make the Flag Day exercises this year the greatest ever, and reports received to date indicate that they will not be disappointed. An invitation was sent to all fraternal and military organizations

some time ago. Citizens are also invited to participate. They, too, will be given a place in line. All over the United States the Elks will observe Flag Day on June 14. Committee to Meet The committee, of which Horace A. Segelbaum, past exalted ruler, is chairman, will hold its final meeting Wednesday night. The chief marshal,

Captain of Police Joseph C. Thompson, is arranging the various divisions. Announcement was made to-day that the Boy Scouts would make up an entire division. Local military organizations have also accepted the invitation to participate. Soldiers from overseas, and those who enlisted for other service, will be in line. Route of Parade Captain Thompson, in selecting the route, did so with a view of reaching Reservoir Park, where the exercises will be held, after a short march. The procession will form in North Second street, in front of the Elks' Home, and will move over the following route: Down Second to Market, to Fourth, over Mulberry street bridge, to Derry, to Eighteenth street, to Reservoir Park, where the flag exercises will be held. Previous to the parade there will be a band concert in front of the Elks' Home.

Third Arrest Made in Old Pocketbook Swindle

Charged with false pretense, Joe Hall and Willie Jones were taken into custody last night by Harrisburg police authorities. The men were arrested on complaint of Cora Walker, 1131 Wallace street, whom they are said to have attempted to swindle, and will be given hearings in police court during the afternoon. They are said to have persuaded the Walker woman to place her funds with theirs and \$600 in cash which they had just found and the total money would then be divided among the three they promised. After receiving \$25 in cash and a \$50 Liberty Bond from her, the men left the woman at Second and Boas streets. When they failed to reappear at the end of a half hour the police authorities were notified. The bond had been recovered, but the money had been spent, police authorities say. Hall is said to have been arrested on a charge of picking pockets last September. This is the third similar case reported to local authorities.

The Hershey nine includes some of the best ball players in Central Pennsylvania, so the game should be a fast one. It is expected that another tier of bleachers will be on hand for the game to-morrow and these are expected to accommodate between 1,000 and 1,500 more fans. A big crowd is expected.

Nelson Shreiner Cops the Tennis Title at the Academy Tournament

Nelson Shreiner, member of this year's graduating class at the Harrisburg Academy, on Wednesday afternoon won the championship in the annual tennis tournament of the Riverside school. He defeated S. H. Fisher in the final round of the tourney in sets 7-5, 6-4, 3-6 and 6-2. Shreiner was awarded a handsome cup as a trophy at the commencement exercises held yesterday morning.

Shreiner is one of the most popular students of his class, having always been a tennis star. He was manager of the school team during the spring season just past.

Shreiner will likely enter the city tournament at Reservoir Park this summer and it is expected that he will make all of the older city stars step fast for the honors.

University Club to Hold Its Annual Outing

Reservations made for the University Club picnic, to be held to-morrow at the Henderson Gilbert country home, along the York and Bowmans creek, indicate a record crowd will enjoy the outing. The trip will be made by automobile to-morrow afternoon between 1 and 1.30 o'clock, leaving the club at Front and Market streets.

A big program of entertainments has been planned and at 6 o'clock the club caterer, George Phillips, will serve a beautiful supper. Sports of all kinds are being arranged for, including bathing. To reach the country home autoists should go to Mechanicsburg and turn to the left at the Opera House corner following the road to Bowman's creek, going down High street, under the railroad arch and then through covered wooden bridge, avoiding first turn to left and going straight on over two iron bridges.

Those who cannot leave until late in the afternoon will go to Bowmansdale on the train leaving the Philadelphia and Reading station at 5:10 o'clock in the afternoon. Autos will meet the train and take members and guests to the picnic. Reservations should be made at once, club officers said, so that arrangements can be made to accommodate the crowds. It was noted that while the picnic is for members of the club, they have the guest privilege.

FIRST ENGLISH BOOK FOR BLIND PRINTER IN 1827

The first book in English printed in raised or embossed letters for the use of the blind was issued at Edinburgh ninety-two years ago by James Galt. The first attempt to provide literature for the sightless was made in 1786 by Haüy, at Paris, who invented a system for printing raised letters. Haüy used the Illyrian or Slavonian alphabet in the few brief works he published, and his project ended in failure. Galt, the Scotchman, vastly improved the system, using a modified Roman letter, and confining himself to the lower case in preference to Haüy. In 1824 Galt issued the Gospel of St. John, the first book of the Bible ever printed for the blind. The work was taken up in America by Dr. Howe, the husband of Julia Ward Howe, then in charge of the Perkins Institute in Boston, who printed the entire New Testament in 1838. Dr. Howe issued the entire Bible in raised characters in 1845, and a similar work was issued in Glasgow a few years later. The first magazine for the blind was established in England in 1855 by the

Rev. W. Taylor, who devoted forty years of his life to the education of the sightless. A circulating library for the blind was founded in 1822 at the Perkins Institute in Boston, and libraries of this kind have since been established in nearly all large cities.—Detroit News.
