NEW YORK STATE AUTHORITIES PAY FINEGAN TRIBUTE

Great Loss to the State Is Opinion of Associates of Naled Educator Who Comes to Pennsylvania to Become State Superintendent of Public Instruction

New York State authorities have given an expression of much regret at the departure of Dr. Thomas E. Finegan to become Pennsylvania Superintendent of Public Instruction.

The Albany Argus, of May 30, says: "The State Board of Regents, in session yesterday, accepted the resignation of Dr. Thomas E. Finegan, deputy state commissioner of education, who has accepted the post of Superintendent of Public Instruction of Pennsylvania."

Dr. Finegan's resignation was presented by Dr. Finley. It is to be regretted that Dr. Finegan, at Dr. Finegan's request that he be allowed time to acquaint himself with his new duties simultaneously while winding up his affairs in the New York State department.

Every member of the board of regents expressed regret over the loss of Dr. Finegan's services, and expressed appreciation of Dr. Finegan's work during the years of his connection with the department.

Loss to Department "I have, most regretfully, to begin my report to you this month by officially advising you, as I have already advised you personally, of the approaching withdrawal of Dr. Finegan from this department. It is a loss to the department which I cannot adequately appraise in a few sentences.

"It is needless to say that I sever my relations with this department with regret, and that I shall always cherish the opportunities that have been given me here and in the associations, official and educational, with you and with the board of regents."

"New York may well be proud of what our her country schoolboys has achieved through the training of her schools and of what she is, through him, able to contribute to the training of the children of another State."

TREATY LEAK IS TO BE INQUIRED INTO BY SENATE

Hitchcock Resolution Ordering Probe Adopted After Sharp Debate Today

Washington, June 6.—Investigation of how copies of the Peace Treaty with Germany reached persons in New York, was ordered today by the Senate.

Without a record vote and after a sharp debate, the Senate adopted a resolution by Senator Hitchcock, Democrat, of Nebraska, providing for an inquiry into charges made on the floor two days ago by Chairman Lodge and Senator Borah, of the Foreign Relations Committee.

Action on the Hitchcock resolution came after a substitute resolution by Senator Kellogg, Republican, of Minnesota, had been withdrawn at the request of Senator Lodge.

The resolution of Senator Johnson, Republican, of California, requesting the State Department to furnish the Senate with a copy of the German Peace Treaty, was adopted to-day by the Senate without a roll call without further debate and with only a handful of Senators present.
