Germany Tries to Wipe Out New Republic

By Associated Press.
Coblenz, June 6. — American authorities here have sent word to the over-president of the Rhine province to ignore orders from Berlin transferring him to another province, the American, believing that this move was a political one and connected with Berlin's efforts to counteract the movement for the establishment of a Rhenish republic.

It was declared in Wiesbaden on Sunday that Berlin had also ordered the removal of the over-president of the Rhine province against the Americans had instructed this official to ignore his instructions from Berlin.

Just what bearing the German government's endeavors to change officials at this time has on the republican movement, Americans are not certain. Five political parties in proclamation protesting against the move, the English Government has a separation of the Rhineland from Germany.

MELROSE WINS GRAMMAR SCHOOL TRACK MEET

May Be Last of Kind Because of New System of Instruction

Chief clerk of the course at the Grammar School track and field meet, D. D. Hammelbaugh, announced today that two teams had been disqualified in the one-half mile relay, Maclay and Poole. He gave the new alignment in this event as Allison, 1; Shimmell, 2; Lincoln, 3; Camp Curtin, 4; Melrose, 5. Melrose was the winner.

Every tongue interested in Harrisburg schools was wagging today over the fact that yesterday's track show was probably the last of the kind. Next year there will be two junior high schools and there will be only a few schools in the central part of the city; not enough to put up such a magnificent meet as took place yesterday, so the youngsters will have a vivid memory of the last of the great grammar school track meets on the island. It is assured, however, that some sort of similar events will take place next season, perhaps a dual junior high school gathering of athletes.

Yesterday was a glorious exhibition of "pep" which would have cured a dyspeptic or a Bolshevik. Hundreds upon hundreds of robust, bright-eyed girls jammed the big stand, banners indicating such school and athletes, not even in the days of ancient Greece, never received such ovations as were bestowed on the Harrisburg boys in the various contests.

When the events had been carried through it appeared that Camp Curtin would win, but little by little the gallant Melrose hoist forced ahead, so the patrons fairly waxed insane in their rooting.

The queerest feature in the Melrose victory was the fact that there was but one first place taken by the school and that was a 100 yard dash with Prowell, Shimmell, in the broad jump and this was the only first taken by the winning school.

Melrose won the meet by filling every event with a large list of entries and placing in nearly every event. Camp Curtin was a good second following with 23 points to Melrose's 26 1/2.

Not a record was broken in the entire meet. Few were even approached. This probably was due to the fact that a younger lot of athletes were on the field than customary.

100-Yard Dash — First heat — Won by Long, Rely, second, Edmondson, Melrose. Time, 11 1/2 seconds.

Second heat — Won by Rosenberger, Lincoln; second, Burd, Camp Curtin. Time, 11 2/5 seconds.

Third heat — Won by Johnson, Allison; second, Stroup, Cameron. Time, 11 2/5 seconds.

Fourth heat — Won by Diggs, Woodward; second, Warden, Camp Curtin. Time, 12 seconds.

Fifth heat — Won by Yingt, Maclay, second, Magluahlin, Boas. Time, 11 seconds.

Sixth heat — Won by Bender, Melrose; second, Hasson, Woodward. Time, 11 2/5 seconds.

Seventh heat — Won by Lentz, Shimmell; second, Mader, Maclay. Time, 12 1/2 seconds.

Eighth heat — Won by Bricker, Willard; second, Seltzer, Melrose. Time, 12 1/2 seconds.

Ninth heat — Won by Heagy, Melrose; second, Boyer, Cameron. Time, 12 seconds.

Running High Jump — Won by Atchley, Lincoln; second, Lauffe, Cameron; third, tie between Daly, Willard, and Bowers; Camp Curtin, fourth and fifth, tie between Carter,

BARRETT WILL STAGE BOUTS

Steelton Promoter to Put on Some Good Local Talent

Feeling that he has been vindicated in the recent tender and "Allentown" Dundee bout two weeks ago at the Chestnut Street Hall, Joe Barrett has arranged a card of boxing for Monday night, June 16, to take place in the Quartet Hall, in Steelton. When Barrett held bouts at the Standard Theater he found the house would not accommodate the crowds, but the new scene of his battles Barrett says will accommodate twice the number of fans.

Barrett's card for the coming show is a good one from a local point of view, consisting of four bouts, one ten, and three of six rounds. Four local boys are in the line up, namely Sammy Schiff, Nels Isaacman, Billy Morton and Billy Atticks. Schiff will oppose Young Mahoney, the lightweight from Baltimore, in the first round, ten rounds. Isaacman will meet Young Silar, of York, in the semi-windup of six rounds. Silar fought for the honors of the 28th Division while overseas in the light weight class and came through with flying colors. Morton will meet Paul Wagner, another Yorker, who is rapidly coming to the front, while Atticks will attack up against Young Wampler, another Yorker in the middleweight class.

WATER IN LAKE HAS MEDICINAL INGREDIENTS

Saskatoon, Sask. — The Indians of Western Canada preserve the tradition of a healing lake whose waters worked wonderful cures. To this lake, according to aboriginal stories, the sick were brought from hundreds of miles around and were restored to health.

Only recently this miracle water was identified by the ruins of ancient lodges about its shores as Lake Manitou, on the Grand Trunk Pacific Railway, sixty miles east of Saskatoon. The lake, it is believed, will become in time the Carlsbad of Canada.

Lake Manitou is only fourteen miles long and one mile wide. There are hundreds of lakes in the district, but it is the only one whose water is medicinal. Except for a small percentage of carbonate of soda, the water is almost identical with that of Carlsbad in Europe. It is said to be especially valuable in liver and kidney troubles and in cases of rheumatism.

Back From "Over There" and Waiting to Get Into Brooklyn Baseball Togs

Chickward

Brooklyn baseball fans are rooting for Chick Ward. The Dodgers' former shortstop has just got back from France, where he was a member of Battery C, Three Hundred and Forty-second Field Artillery. As soon as he is discharged he will rejoin the Brooklyn team. While "over there" Ward played on the champion team of the A. E. F. with Grover Cleveland Alexander, who already is back in baseball uniform.

The great Krupp Gun Works at Essen, Germany, has increased its employees from \$0,000 to 170,000 and has invested immense sums of money in factories and in houses for its work people. Plans are now being formulated to manufacture locomotives and railway cars, to increase the capacity for bridge building and to make stationary and marine engines, motors, etc.

Jr. O. U. A. M. Plans Big Booster Rally

State officers of the Junior Order United American Mechanics will speak at a booster session to be held to-night at the hall of Penbrook Council at which members of the various councils of the city and vicinity will be present.

The speakers will be State Councilor H. H. Sinnamon, Philadelphia; State Vice-Councilor Cyrus S. Weiss, Wilkes-Barre; Junior Past State Councilor Arthur M. Fording, Pittsburgh; State Council Secretary Charles H. Hall, Philadelphia.

"Bench" Defeats "Bar" in Exciting Quoit Contest

Attorneys and county officials returned to the city last evening from Inglenook, where the annual outing and picnic of the Dauphin County Bar Association was held. About sixty-five made the trip to the picnic grounds and back by automobile.

Some of the lawyers say they are contemplating bringing charges against Harvey Knupp, who was named to umpire a baseball game in the afternoon. He wouldn't let either side win, the legal lights say, and the dispute between the two teams may never end as a result of the action.

Four of the lawyers took a dip in the river, according to reports, but they have threatened to bring injunctions to prevent the giving of their names to the public.

Judges George Kunkel, S. J. McCarrill, C. V. Henry and A. W. Johnson were the guests of the association. During the afternoon Judges Kunkel and Henry were pitted against William M. Hargest and William M. Hain in a grueling quoit contest. It was a case of a bout between "bench and bar," in which the "bar" Polius, who had just received a dislocated jaw in an automobile accident and had come to the motion picture theater for the express purpose of forgetting his face.

The conversation, lightly entered into, switched from liniment to love, and the following morning, Mrs. Polius became a bride.

Rival Flier, Who Was "Spilled" Same Day Hawker Started, Ready For Second Attempt

FREDERICK P. RAYNHAM

A little thing like getting "spilled" the first time he started to try to fly across the Atlantic has not lessened the enthusiasm of Frederick P. Raynham, pilot of the Martynade biplane that was smashed when he tried to get away from St. Johns, Newfoundland, the same day Harry G. Hawker "hopped off." His machine is being repaired and he is busy preparing for another attempt. This photograph was taken just before Raynham and Captain William F. Morgan, his navigator, made their unsuccessful attempt.

Tractor Coming Here on Coast-to-Coast Trip

The famous Wheat Tractor making a coast to coast trip will be in Harrisburg this evening. It will come here from Reading, stopping a short time at Lebanon. This tractor has been on exhibition in all principal cities in the East and will go from this city to Pittsburgh. The destination is Los Angeles.

While in this city the tractor will be in Market Square. The men in charge will have their headquarters at the Penn-Harris Hotel. The tractor will be met by a number of local autoists and there will be a short street parade.

The route from Reading includes the Mulberry street bridge and it is probable that the parade will be up Market street. This can be run over roads without injuring the road bed and has something new in wheels.

West Shore Express Co. Carries Passengers, Charge

Complaint that the West Shore Express Company, which operates a motor bus service between this city and points on the West Shore of Cumberland county, was carrying passengers was filed today with the Public Service Commission by Herman G. Neumyer, of New Cumberland.

He contends that the express company is running a service for passengers between the end of the Valley railway line to the Army reserve depot at Marsh Run without a certificate of public convenience. Neumyer is in the same business and has a certificate. The West Shore company has been handling parcels for years, but it is claimed that it has no authority to haul people.

SMALL COST FOR FILLING

The fact that the filling in of the Capitol Park Extension has been done at the low figure of 12 cents a cubic yard, became known to-day when it was learned that 100,000 yards from the Harrisburg Light and Power Company plant is being delivered for that sum, including some ten soil for the gardening. Huge fills are being made in the park.
