Hummelstown, Pa., June 7.—A pretty wedding was solemnized this morning at eleven o'clock when Miss Annie Isadora Mack, daughter of Mr. and Mrs. Darius Mack, and Lieutenant John W. Garmes, pastor of Zion Lutheran Church, officiating. The bride wore a gown of ivory Georgette over a white crepe de chine, trimmed with seed pearls and carried a shower of white sweetpeas and white orchids. Homer C. Mack, of Pittsburgh, a brother of the bride, played "Lohengrin's Wedding March" as the bridal party entered the parlor. When the benediction was pronounced the Mendelssohn's Recessional was played. Must Repair Plant

The Public Service Commission today issued an order on the McConeillburg Water Company, which supplies the Fulton county seat, to make repairs to its reservoir within 20 days and reduce to a minimum the period in which the reservoir will be out of service and repair all fire hydrants and arrange for a joint inspection with the borough authorities. The commission has issued an order on the United Natural Gas Company, which supplies Farrell, to extend distribution mains within 30 days, overruling a contention that it does not have a franchise to serve that town because it has for several years done so and also holding that orders of the Fuel Administration are no longer in effect and cannot be treated as a reason for not furnishing service.

Help Prevent A Coal Famine

Every effort is being made to urge householders to order their coal now. And there is a big reason for it aside from the saving — coal advances July 1.

Men of vision realize that a repetition of the shortage of the Winter of 1917-1918 may come this Winter if steps are not taken to prevent it.

So far this Spring only a little more than half the normal production of coal has been mined. If consumers fail to buy early, labor and transportation will positively not be equal to the demand.

Buy your coal this month and help prevent a shortage next Winter.
