

50,000 SACKS OF PADDY SAVED FOR RICE FLOUR
San Francisco—Taking a tip given by the grain corporation, California millers last week began accepting the 450,000 sacks of damaged paddy stored in this state and grinding it into rice flour for export. This means a salvage of from \$1,000,000 to \$1,200,000 for the growers who were uncertain of disposing of the paddy. Export trade in rice has opened and prices are advancing steadily. Scandinavia continues to buy in largest quantities, but Africa, Chile and Cuba are the market. On account of the heavy foreign buying, local dealers are becoming solicitous about home needs.

How Thin Folks Can Put On Flesh

If you are weak, thin and emaciated and can't put on flesh or get strong, no matter how much you eat, go to Geo. A. Gorgas and get enough Blood-Iron Phosphate for a three weeks' treatment and take it as directed. If at the end of three weeks you don't feel stronger and better than you have for months; if your eyes aren't bright and your sleep is steady; if you don't sleep better and your vim, vigor and vitality aren't more than doubtful, or if you haven't put on several pounds of good stay-there flesh, you can have your money back for the asking and Blood-Iron Phosphate will cost you nothing.

IMPORTANT—Blood-Iron Phosphate is sold only in original packages, containing enough for three weeks' treatment, at \$1.50 per package—only one a week.

WOMAN WHO FAINTED FROM PAIN AMAZED AT RELIEF

"I had no idea that I would be benefited the way I have by Natonex," declared Mrs. William Mack, 45 S. 10th street, Wilkes-Barre, as she told why she was amazed at the quick relief this splendid Nature medicine brought in her serious case.

"I was favorably impressed with all the praise I heard for Natonex, but I was in a very bad way. My system was all out of order and I did not think Natonex could relieve me so.

"I had a poor appetite and when I did force myself to eat I would be wretched with gas and a suffocating feeling. Some times the pain would be so bad I would faint dead away.

"I had a numb feeling in my limbs. I suffered from constipation and had to take physics always. I was so nervous it seemed as if I would jump out of my skin. As to sleep, I got so little that I walked the floor night after night, not only losing my own sleep, but keeping others awake.

"I doctored and doctored and I was told I would have to outgrow my suffering, but thanks to Natonex I did not have to wait. Soon after starting this Nature medicine I began to feel better. I had a fine appetite and good digestion. I have not had a dizzy or fainting spell since I began Natonex.

"My bowels are regular now and the numbness has left my hands and legs. My nerves are improved so that I would not know I had any and my sleep is sound and refreshing and oh, what a relief it is.

"To think that Natonex costs so little, after all, the money I had spent in vain. I hope that my experience will be the means of other people getting the same wonderful relief that I have."

Any one can learn all about Natonex how it is taken and the results that may be expected from its use. Just call on the Natonex representative at the Gorgas drug store, 14 North Third street. You can even test Natonex free.

Natonex is sold by leading druggists in every town. Look for the name. Don't take a substitute.

DO YOU KNOW "THE TRIANGLE RUN"?

No. It isn't a play. It's a sea trip on the Canadian Pacific "Princess" steamers with Seattle at one corner of it, Vancouver at the second, and Victoria laughing beyond Juan de Fuca Strait, ready with tea and cakes—a trip included in your ticket without extra charge.

SEATTLE—the metropolis of the Pacific Northwest with 200 miles of beautiful motor roads within the city limits.

VANCOUVER—is Canada West, from its bustling harbor under the Couchant Lions, to the roof garden of its tallest hotel.

AND VICTORIA—as English as clotted cream, with more roses than you ever saw at once, behind hedges glossier than anything in Devonshire. Victoria has time enough to play golf whenever you like it—or give you a spin on the Malahat Drive.

VALLEY RAILWAY CASES ARE OVER

Commission Will Consider the Matter and Render Decision Later in Summer

The complaints of various boroughs, associations and people in Cumberland county towns against the fares and service of the Valley Railways Company is now in the hands of the Public Service Commission for decision, the final arguments having been heard yesterday afternoon and the briefs are ready for the study. The complaints are the outcome of the advance of fares to seven cents and complaints against crowded cars and the service on lines which were scheduled to become effective on October 1. Excess fare checks were issued for the fares, as was done here in the complaints against the Harrisburg Railways Company's six-cent fare, allowed before the Commission for decision.

The Valley complaints were filed on September 18 and the company was said to have spent in the neighborhood of \$20,000 for a physical valuation of its properties, one of the most complete studies of the kind ever made in this part of the State, which everything from a power house to a spike was taken into account.

Charles H. Bergner closed the argument for the company, following E. M. Biddle, Jr., of Carlisle, for the complainants. Mr. Biddle attacked many items in the valuation and also the bridge toll contract. Mr. Bergner rejoined that the bridge contract was a very advantageous one and that the company would have trouble getting into Harrisburg now without spending a couple of hundreds of thousands of dollars.

Old Tollhouse Goes.—The ancient log tollhouse on the Lincoln Highway, at Glenloch, has at last been removed by the march of progress. It was probably the oldest between Philadelphia and Harrisburg and was built far beyond the recollection of any living resident. It had been occupied for some time by an Italian family, but they have been evicted and the building destroyed.

Northumberland Cases.—The Northumberland county grade crossing cases will be heard by the Public Service Commission tomorrow.

Ex-Speaker Elected.—Ex-Speaker Henry F. Walton, of Philadelphia, was elected chairman of the Board of Trustees at the State Hospital for the Criminal Insane, at Fairview. He succeeds ex-Senator Walter McNichol, who was not reappointed to the Board. Henry Ashmead, of Philadelphia, was named secretary. Mr. Walton returns to the position from which he was removed a year ago.

Three-cornered Fight.—A three-cornered argument was heard by the Public Service Commissioners yesterday in protests by the Pittsburgh Railways Company, and an auto bus company against issuance of certificates of convenience to applicants for right to engage in jitney service between East Liberty and the downtown business section of Philadelphia. George A. Dale, the Duquesne Auto Transportation Company and the Pittsburgh Bus Company asked the rights. The railways opposed all three, contending that the service should not be authorized under conditions prevailing. The Packard Auto Transportation Company also opposed one application. The railways company was represented by A. W. Robertson, while other attorneys for various parties were H. K. Siebenack, C. K. Robinson, E. A. Barchfeld, R. T. Holden and Jacob Seligsohn, all of Pittsburgh.

Veto on Salary.—Governor Sproul has announced his veto of the Senate bill increasing the salary of borough controllers. "Considering the amount of work that controllers in boroughs have to do and the responsibilities which they are called upon to assume, it is my opinion that the present salaries are ample and for that reason I can not approve this measure," says the Governor.

Unusual Contract.—Public Service Commissioners heard an unusual application from Saegertown, Crawford county, during the session for arguments. F. Fox, owner of an electric lighting plant and franchises in the town applied for sale of the property and rights to Harley D. Carpenter, who also asked approval of the Commission for extension and continuation of the municipal lighting contract. It was one of the few instances wherein individuals figured in a borough contract.

Hunter Moves Up.—Frank N. Hunter, Allegheny county, for four years law clerk to the Attorney General, was appointed deputy attorney general by Governor Sproul and immediately sworn in. He succeeds Edmund K. Trent, Allegheny, who resigned and was named special deputy for Allegheny county.

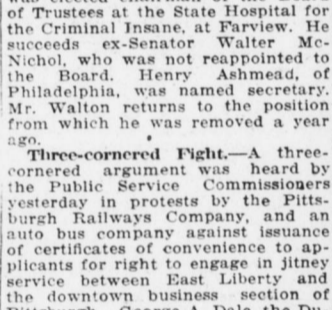

More Appropriations.—The House appropriations committee reported the following appropriation bills: Hazelton State Hospital, \$14,000; Institution for Deaf, Overbrook, \$121,250; Glen Mills, \$425,000; Scranton State Hospital, \$290,000; Coaldale State Hospital, \$122,000; Pymtuning swamp (re-appropriation), \$400,000; salary of commissioner of labor and industry increase from \$8,000 to \$10,000.

Aid For Firemen.—The Senate committee on appropriations last reported out Senator Smith's bill appropriating \$5,000 to the fire companies of Harrisburg. The money is to be equally distributed among the fourteen organizations. The measure was up for first reading this morning.

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs mostly in men and women over thirty, but it may be easily treated and without any of the privations which fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phynola. Take grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment.

Be sure however you get the genuine Phynola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Gorgas, the druggist stores 16 N. 3rd St., Third and Walnut Sts., and Penna. R. R. Station, can supply you.

Children Find Their Parents Dead

By Associated Press.
 Philadelphia, June 10.—George N. Eby, recently discharged from the Army, and his wife were found dead by their 9-year-old son and a younger brother at their home here yesterday. According to the police, Eby shot his wife and then ended his own life. The children discovered the bodies when they went to see why their parents had not arisen at their usual time.

IMITATION PEARLS MADE OF FISH SCALES
 Paris.—Pearls are not always the product of oysters. The imitation of these gems has been reduced to a fine art. Their manufacture embraces two processes—the making of a glass sphere and filling it with a substance resembling the luster of the pearl. For 300 years mercury was used for the latter purpose, but in 1850 a substitute was found which was both harmless and more successful. This is made from the scales of a little white fish which abounds in certain French rivers. The fish are rubbed rather roughly in pure water in a large basin. The water is then drained carefully, and the residue allowed to settle. The fish are so small that 17,000 or 18,000 are required to furnish one pound of the essence of orient, as it is called.

A genuine pearl may be distinguished from an artificial one by various methods. First, the real gem is much heavier than the imitation. Again, the case, very small, and with a sharp edge; while in the others they are larger, and have a blunt edge.

UNCLE LEVI CALVERT
 115 YEARS OLD, DEAD
 Hickman, Ky. — "Uncle Levi"

Calvert, 115 years old, oldest person in western Kentucky, is dead. He was a resident of this county all his life and was fifteen years older than Hickman. He was a very remarkable figure, claiming always he was still young, being able to jump up and click his heels together until three or four years ago.
