HARRISBURG, TUESDAY, JUNE 10, 1919.

FOUNDED 1871

48th ANNIVERSARY SALE

*Most All of These Are New Specials
That Have Not Been Advertised Before*

Just glance over the many new articles of merchandise we announce for to-morrow's selling at Anniversary reductions. It is, indeed, a pleasure to be able to present such values, and the way the public responds is evidence conclusive that the values we have announced are appreciated. A walk through the store yesterday, mingling with the throng of prudent buyers and observing how the active sales force were working to the utmost capacity to supply the demands, and a glance at the sales figures at the end of the day, which told of the substantial increases over last year's sales—this proved without a shadow of doubt that the values given in the past created confidence in the announcements of other sales. Even though comparative prices were not used, customers recognized the merit of the merchandise and the remarkable price reductions.

Why Help the "Y"

Because 15,000 men in uniform have used the Y as a social center and meeting place.
Because 10,129 men in uniform took free shower baths, with free soap and towels.
Because 24,500 sheets of writing paper was furnished free to men in uniform and free envelopes.
Because 3,099 men in uniform used cots set in gymnasium for the sum of twenty-five cents per night, and 510 used the cots free of charge who had no money.
These are only a few of the many reasons why you should do what you can to help the Y who is constantly helping others.

Merchants Vote in Favor of Saturday Night Closing

We are pleased that a majority of the merchants of Harrisburg at a meeting last evening voted in favor of closing their stores Saturdays at six. We hope the movement will become general.

There is no consistent reason why workers in stores should be expected to work longer hours than those employed in other vocations. Employees in factories, office buildings and other branches of industry. Mostly all enjoy eight hours' work and Saturday afternoon holidays. This gives ample time for shopping during daylight hours and the public will gladly cooperate as it does not wish to impose unnecessary hardships on store workers. If the merchants will but cooperate among themselves and practice as they vote, the proposed closing movement will be an assured success.

SILKS

White Brocade Sport Satin

38-inch; 2 neat designs for skirtings; limited quantity.
