Chairman Ramsey, of the House rules committee, presided and praised Mr. McCaig. Other speakers were Senator Max G. Leslie, Secretary Harry S. McDevitt, Secretary of Internal Affairs James P. Woodward, Representative Edwin R. Cox and P. J. Sullivan, leader of the ward in which Mr. McCaig resides in Pittsburgh.

Members of the committee also remembered the good work done by Secretary A. B. Smith.

Schaffer Keeps Up Telephone Fight

Attorney General William I. Schaffer, who objected in the Dauphin County Court to the proceedings for dissolution of the injunction granted by Judge Kunkel restraining collection of increased telephone rates, has sent letters to United States Senators Penrose and Knox asking that they protest against the action of the postmaster general to advance the rates.

J. L. Swazy, general counsel of the Bell Company, asked the Dauphin court to dissolve the injunction granted recently, but the Attorney General held that the matter was not closed by the Supreme Court decision in view of the recent statement of the postmaster general. The matter was taken under advisement by the judge.

Cab Drivers in Rome Exercise Influence in City Elections

Rome, June 11.—The horse here has not vacated his position to make room for the automobile. There are still thousands of horse-drawn cabs operating in Rome while there is not a single taxicab.

Two reasons are given for this equine superiority. First, there are three thousand cab drivers in Rome, according to the municipal statistics. These exercise a considerable influence in the municipal elections of Rome and as a consequence no motor vehicle concessions are granted. The politicians know that in order to retain these three thousand votes they must be faithful to the horse and an enemy to the "flivver."

Besides the supply of gasoline in Italy is not large and to insure enough for the military needs, it was found absolutely necessary to discourage as much private motor vehicular traffic as possible.

A committee has been appointed to get detail information and report at the next regular meeting.

ELMER TALKS TO ENOLA SHOPMEN

P. R. R. Superintendent Addresses Workers at Safety Meeting

After the men at the Enola shops had finished their lunch yesterday, over 200 workmen from all departments gathered in the large men's room at Enola where Superintendent Elmer was introduced to the workmen by Foreman Bingham. In the course of Mr. Elmer's remarks he stated, "I am very much encouraged by these meetings, we are not only after, but getting results. The list of accidents as well as the loss of life are being diminished. The safety movement is very close to my heart and the officials of the railroad are interested as well."

J. W. Chapin, of the Insurance and Safety Department, Philadelphia, was introduced who made a stirring address calling particular attention to the goggles supplied by the company to protect the eyes of the workmen. Mr. Chapin displayed a large photograph of fifty-eight glass eyes due to accidents, failure to wear the goggles, remarking "that the man who failed to wear the protection could be likened to the soldier who refused to wear the gas mask or helmet. Mr. Chapin used as his slogan, "Watch out for the other man as well as yourself."

Promises to Stop Fighting Czecho-Slovaks; Kun Blames Them

Bela Kun also expresses satisfaction that the Allies have invited Hungary to the Peace Conference.

CITY EXAMPLE IN CHURCH WORK

Harrisburg Cited as to What Can Be Accomplished by Organization

Among the cities which staged their Methodist Episcopal Church Centenary drive recently, Harrisburg is cited by officials as the one furnishing the most forceful example of what church teams, properly organized, can accomplish in so short a period of time. Within a few days Harrisburg's quota of approximately \$250,000, based upon five-year pledges, has been oversubscribed.

The Rev. Dr. E. R. Heckman, superintendent of the large Harrisburg district, in a report to Centenary headquarters yesterday, stated that the Centenary subscriptions for the district now aggregate \$795,000. Dr. Heckman feels confident that the district will go "over the top" with its quota of \$863,000 within a few days.

An increase of \$125,000 in the Centenary fund of the Washington area was registered yesterday with returns tabulated from churches which now are in the midst of their financial campaigns. The splendid response made by localities where the drive was not launched until a few days ago has shoved the total for the area up to \$6,588,000. Reports now rapidly being received

in Centenary headquarters in Baltimore from points where the campaign got a late start are most heartening to prominent clergymen and laymen who have been most active in the great drive. These leaders believe that the area's goal is in sight, and should be reached within two weeks.

COMMON SENSE TOLD THIS WALLACE ST. LADY THAT IT IS SAFE AND RELIABLE, TOO

"I read about Natonex and my common sense told me 'Here is a medicine that is reliable, a medicine that a person can take and know just what she is taking,'" said Mrs. Fannie Burkey, of 1327 Wallace Street, Harrisburg, when she gave this splendid endorsement of Natonex, the safe, pure, sensible Nature remedy that is creating a sensation here.

"I suffered from stomach and liver trouble for several years and I can truthfully say that I found none that gave me as quick or good relief as did Natonex," Mrs. Burkey declared.

"I think Natonex is simply wonderful. I am a woman advanced in years I can't expect to respond to treatment as quickly as a younger person. I was nervous and constipated and for several months I did not know what a good night's sleep meant. My meals distressed me and caused gas which pressed against my heart and caused me to suffer intense pain.

"After taking Natonex for four or five days, I noticed that I was no longer bothered with constipation. It is remarkable how well I sleep.

My appetite is good and I can already see a great improvement in my nerves.

"But, of course, I don't expect one box of Natonex to clear up a condition that has been coming on for years, and I am surely going to continue taking Natonex until my system is entirely clear of poisonous waste.

"I know what Natonex has done for me and I am only too glad to tell all my friends about it. Natonex will do even more than people here claim for it."

Your common sense tells you, as it did Mrs. Burkey, that Natonex is safe and reliable. Here are twelve of the most famous of all Nature remedies combined in one medicine designed to cleanse, purify and build the digestive system, blood and nerves.

Not secret, Natonex is fully explained by the special representative at the Gorgas Drug Store, 18 N. Third street. It can even be tested there absolutely free. Natonex is sold by the leading druggists in every town. If your druggist can't supply you don't wait, address The Gorgas Drug Store, Harrisburg.

THE GLOBE Store Hours 8.30 A. M. to 6.00 P. M. THE GLOBE

WHY?---

LOOKING for modesty in the average clothing advertisement is like looking down a dark alley on a moonless night for a black cat that isn't there.

WE ARE bold enough to declare that THE GLOBE is not the only good clothes shop in Harrisburg. It is because our competitors run such good shops that our wits have been brightened up to make THE GLOBE better.

WE DO give more quality, dollar for dollar, and more smartness, line for line, than they do. We can't find anything that is more all wool than all wool is. We do use exclusively, selected grades of fluffy, long-haired all wool yarns.

WE DON'T have a corner on courtesy to the buyer. We do have a store where just as much courtesy is shown to the non-buyer. We don't claim to be the only store to hand back your money on demand. We do hand it back without demand.

FINALLY, we don't know whether or not this advertisement will bring you and your wife or you and "the best girl in a million" to THE GLOBE. We do believe that you will come here sooner or later and we have an idea that if it is later you will wish earnestly it had been sooner.

MORAL---

The fellow who is continually blowing his own horn is bound to get winded.

That's the reason when we advertise dependable merchandise you can be certain of finding it here. When we advertise our service you can be sure of having the greatest care and attention given your personal wants here. When we say "satisfaction guaranteed"—we mean it.
