SPROUL WARNS OF BOLSHEVISM

Governor Speaks at Commencement Exercises at Gettysburg

By Associated Press.
Gettysburg, June 12.—Governor Sproul, who spoke before the graduates of Gettysburg College at the eighty-seventh annual commencement exercises yesterday, warned against the dangers of Bolshevism and pointed out the way to the battles of peace, which he said would be necessary during the reconstruction. The Governor said:
"There is abroad in the land today a spirit against a republic that forbids license. We may imagine it financed by millions and millions of dollars looted from the governments in the east. We must be watchful, vigilant and militant in our resistance to those things which are hostile to our republic and threaten our faith. We must not be a race to tolerate those things which are abhorrent to the government which has been handed down to us after the years of hardship and toil that have made us a God-fearing and a God-honoring people."

BOY IS HELD ON SUSPICION OF KILLING MOTHER

Blood-Covered Shirt Found Among the Clothes of 19-Year-Old

By Associated Press.
Trenton, N. J., June 12.—The police have arrested Stephen Urban, 19 years old, of this city, on suspicion of having killed his mother, Mrs. Theresa Foder, 40 years old, who was found dead at a lonely spot near St. John's Cemetery Tuesday night with her hands bound behind her back, her belt tied tightly around her neck and two deep gashes in her head. A shirt covered with blood found among the young man's effects, his contradictory stories as to the shirt, and inquiries he is alleged to have made about his mother's insurance, prompted the police to make the arrest. Urban is a son of the woman by a former marriage. His father died in Hungary about eight years ago.
Three other suspects are being held by the police. One is Joseph Urban, a boarder at the woman's house, but in no way related to her or her first husband; Joseph Foder, the second husband of the woman who was divorced from her several years ago, and Frank Sae, who was seen with her shortly before she met her death.

Wire Officials Say Strike of Commercial Men Has Failed

By Associated Press.
New York, June 12.—Officials of the Western Union and Postal Telegraph Companies reiterated early today their statements that service of the two companies had not been severely affected by the strike of the Commercial Telegraphers' Union, despite claims of the union that between 15,000 and 25,000 men had gone out.
Edward Reynolds, vice-president and general manager of the Postal, admitting that between 20 and 30 per cent. of the company's 10,000 employees had quit work during the day, declared that reports indicated a large number of the strikers were returning to work.
Newcomb Carlton, president of the Western Union, placed the total number of strikers at 166 out of a total employed force of 40,000.
Mr. Carlton declared that employees who joined in the strike were out of the Western Union service "for good."

Japan Develops Trade With Java

By Associated Press.
Sydney, June 12.—Japan has made great strides in developing her trade with Java since the beginning of the war and is now extending her commercial advantages there, says R. Dryver, of Sourabaya, Java, an expert upon Far Eastern affairs.
"The cutting off of European supplies by the war," said Mr. Dryver, "forced Java to rely upon Japanese and Australian markets and these trade routes will not now suffer from the resumption of European activities. To my mind, the East should be independent of the West in trade. Japanese concentration in the Pacific puts in strong light her ambition to secure commercial mastery in Eastern waters."

Unightly Poles to Come Down in Central Part of the City, Says Mr. Diehl

City Electrician Diehl feels confident that the central part of the city will be clear of all poles and overhead wires before the close of the summer. He has been doing his utmost to carry into effect the provisions of the ordinances placing these wires underground and believes that there will be a marked improvement within a few weeks.
It developed today that the big poles which have caused so much comment on Third street between Walnut and Market are owned by the Western Union Telegraph company and asked regarding these today, Mr. Diehl said he had been in conference with the Western Union officials and that he had been assured steps were being taken to eliminate these unsightly poles with others along Walnut street without further delay. It appears that the Postal Telegraph company once offered to provide room for the overhead wires of the Western Union in the conduits of the Postal Company, but the proposition was not accepted. Unless the remaining poles are removed in the next few weeks it is probable that additional city legislation will be enacted placing a time limit on the life of the remaining masts.
