## **ALLIES PROMISE** AID TO KOLCHAK

Action of Big Four Practically Means Recognition

Paris, June 13. — The reply sent by the Council of Four yesterday to the note of Admiral Kolchak extends to him and his associates in the all-Russian government at Omsk the support set forth in the original letter of the council to Kolchak. This is interpreted here as meaning de facto recognition of the Omsk government. The text of the reply follows:

"The Allied and associated powers wish to acknowledge the receipt of Admiral Kolchak's reply to their note of May 20. They welcome the terms of that reply, which seem to them to be in substantial agreement with the propositions they had made and to contain satisfactory assurances for the freedom ,self-government and peace of the Russian people and their neighbors.

"They are therefore willing to extend to Admiral Kolchak and his associates the support set forth in their original letter.

(Signed) "LLOYD GEORGE, "WILSON, "CLEMENCEAU, "MAKINO."

It is understood that the support referred to involves the furnishing

It is understood that the support referred to involves the furnishing of munitions and supplies for Admiral Kolchak's campaign.

### Two Automobiles Crash; Six Princeton Students and Three Negroes Hurt

Trenton, N. J., June 13. — Alexander A. Robinson, of Peekskill, N. Y., was seriously hurt, and George Berry, New York; Van Shriber, Pittsburgh; William McFee, Brooklyn; Ted Scarff, Ohio, and Robert H. Mansfield, New York, all Princeton students and three ne-

## "FAKE" ASPIRIN WAS TALCUM

'Always Ask for Genuine "Bayer Tablets of Aspirin"

If you see the "Bayer Cross" on If you see the Bayer Cross on the package you are sure you are not getting talcum powder. Millions of fraudulent Aspirin Tablets were recently sold throughout the coun-try. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

Tender, Bleeding Gums Are Warn-ing Signals of Dangerous Riggs

Don't lose your teeth from Pyorrhoea or Riggs Disease. It's unnecessary now. There is no reason why everybody cannot have good firm teeth and healthy gums and be free of the humilation of sore, diseased gums and unsightly, decaying teeth. Tou needn't have your teeth pulled or wear false ones. Simply go to H. C. Kennedy, Geo. A. Gorgas or any live local druggist and ask for one ounce of Epithol--remember the name, E-P-1-T-H-O-L, and use it as directed.

E-P-I-T-H-O-L, and use it as directed.

This is the prescription of a famous New York dentist and it seems to work like magic on loose teeth and sore, tender, inflamed, receding, shrunken, spongy, bleeding or pusdischarging gums. Teeth tighten and the gums grow sound and healthy and the bleeding pus discharge soon stops. Both dentists and users are amazed at the wonderful improvement it brings so quickly.

All the druggists named above dispense Epithol on the positive guarances that unless it gives satisfactory results the money paid for it will be refunded. This makes its trial a safe and easy matter and certainly proves its value.

## IF THIN AND **NERVOUS, TRY PHOSPHATE**

Nothing Like Pinin Bitro-Phosphate to Put on Firm, Healthy Fiesh and to Increase Strength, Vigor and Nerve Force.

when one stops to consider the host of thin people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of the people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of the people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of the people who have received the people will be delivered in about two weeks. Those who have received them the public print.

While excessive thinness might be attributed to various and subtle causes in different individuals it is a well-known fact that the lack of sufficient phosphorous in the human system is very largely responsible for this conditions by many scientists of sufficient phosphorous naturated beyond question of dout that a body deficient in phosphorous becomes nervous, sickly and thin. A noted author and professor in his book, "Chemistry and Food Nutrition" published in 1918, says: "\* \* that the amount of phosphorous required for the normal nutrition of man is seriously underestimated in many of our standard text well assertions the amount of phosphorous may now be met by the use of an organic phosphate known throughout English speaking countries as Bitro-Phosphate. Through the assimilation of this phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nervettissue the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nervettissue the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nervettissue the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nervettissue the phosphoric content when absorbed in the amount normally required by nature soo

## RAILROADS

## OFFICIAL SENDS HIS ACCEPTANCE TO SPEAK HERE

Will Attend Big Meeting of Friendship and Co-operative Club on June 26

In a letter received here yesterday H. H. Russell, superintendent of the Williamsport division of the Pennsylvania Railroad, accepts an invitation to come to Harrisburg on June 19. He will be the principal speaker at the monthly meeting of the Friendship Co-operative Club. It will be held at Eagle's Hall, Sixth and Cumberland streets, starting at 8.15. Superintendent Russell will talk

sixth and Cumberiand screets, starting at 8.15.

Superintendent Russell will talk on "Co-operation From an Official Standpoint." He has made a careful canvass of the various divisions and has also made inquiries regarding the co-operative movement on other lines. He is in favor of a State-wide movement for co-operative organizations and officials of many industries because of the success in railroad circles, are anxious to take up the co-operative movement at their plants.

Expect Big Session

The next meeting of the local club promises to be a record breaker for attendance of officials and employes. Altoona will send J. C. Johnson, the super intendent of the Middle division, and will head a large delegation. He will send an invitation to Cumberland Valley officials to come to Harrisburg for this meeting and the Philadelphia division, as in the past, will have a large representation, including Superintendent Elmer and his forces.

The committee in charge of arrangements for this meeting will have two other speakers, one of whom will be James K. Linn, of Fhiladelphia, a former Harrisburger, who is now a busy man but hopes to be able to get to this city. There will be cigars and refreshments, and an invitation is extended to all railroad employes in the city to attend.

Retired Machinist Dies

### **Retired Machinist Dies** at Home in Sunbury

William O. Ebersole, aged 76 years, a native of Harrisburg, retired Pennsylvania railroad machinist, died yesterday at Sunbury. He had been in poor health for some time. The funeral was held this afternoon and was attended by a number of railroad men from this city. The only survivor is a son, Charles Ebersole, who resides in Pittsburgh.

Charles Ebersole, who resides in Pittsburgh.

Mr. Ebersole was born in Harrisburg. He learned the trade of machinist and worked for the Pennsylvania Railroad Company in that capacity all his life. During the Civil War he served with the Seventy-eighth Regiment, Pennsylvania Volunteers, and was a member of Post 325, G. A. R., Sunbury. He was also one of the oldest members of the Odd Fellews in Pennsylvania.

### Federal Officials Order Repairs on Reading Lines

Following the inspection Wednesday by Federal and Reading Railway officials, orders have been issued to take up needed repairs at once. It is understood that new rails will be laid on the Lebanon Valley division and that in the vicinity of Lebanon extensive work will be in order. A fourth track will be constructed between Lebanon and Myerstown.

Joseph G. Brand, supervisor for the Reading at Lebanon, has recalled fifty-five workmen who were furloughed when the order was issued to cut expenses. They will be put to work on the new track. The latter is made necessary because of increased traffic on the Reading. It is understood that men who have been working in other branches only two or three days each week will be put on full time.

## Railroad Notes

Local physicians of the Pennsylvania Railroad Relief Departmen were in Lebanon yesterday examining candidates for positions.

Hundreds of empty frieght cars belonging to other railroad lines are being handled daily on the Read-ing. Many of them are for West-ern lines.

Memorial services for deceased members of the Brotherhood of Railway Trainmen will be held Sunday at Lebanon.

A new steel baggage and smoking car has been added to the equip-ment of the Lebanon division of the Pennsylvania Railroad.

The Reading pay car will be busy to-day and to-morrow. The checks this month promise to be large.

Headlights must be dimmed when engines are standing in yards or about stations are orders from offi-cials of the Pennsy.

## FIGHT REFEREE

Rocap Declines and Boxing Board Has Not Announced Its Decision Yet

Jess Willard strongly endorses he Army-Navy Boxing Contro Jess Willard strongly endorses the Army-Navy Boxing Control Board which, under the presidency of Anthony Drexel Biddle, has control of selecting a referee for the big fight. Billy Rocap, sporting editor of Philadelphia, yesterday wrote to Biddle thanking him for the offer of the job, but peremptorily declining it after Biddle had announced that he had not realy intended to make the appointment certain until his committee voted on it. Willard sent Biddle a letter yesterday giving the board a great boost for its efforts to keep boxing clean. The board is determined to destroy forever the domination of American boxing and wresting by the crooks who have swindled the public and cheated and enslaved the dupes who have worked for them.

This group of clean sportsmen, with Tex Rickard at their head, and with the War and Navy Departments of the United States at their back, says Dick Beamish in the Press, are perfecting plans which mean virtually the blacklisting of all the crooks and the establishment of a system of boxing and wrestling control in the United States which will eliminate all the dirty work with which these games have been smirched.

It is said that Charles M. Schwab, Averill Harriman, August Belmont,

control in the United States which will eliminate all the dirty work with which these games have been smirched.

It is said that Charles M. Schwab, Averill Harriman, August Belmont, A. J. Drexel Biddle and others high in the financial and social scale, are to be charter members of the projected National Sporting Club under whose auspices the association of licensed boxing clubs will be formed. Stringent rules governing championships and provisions for tournaments are being framed.

One of the rules provides that champions in all classes will be compelled to defend their titles, if challenged, at least once a year. Weight regulations in the various classes will be enforced rigidly and it will no longer be possible for a fighter like Benny Leonard or Freddy Welsh to dictate the weight at which they will enter the ring in defense of their crown. Referees, clubs, boxers, managers, trainers will all be licensed and close physical examination of every man entering the ring will be required.

All this will require the expenditure of a great amount of money, but this fund is at hand ready for spending immediately after the decision of the heavyweight championship battle on July 4.

An organization of this substantial kind would put the kibosh on that Lew Tendler "broken-hand" stuff and all the other shifty tricks for which boxers and particularly managers and promoters are notori-

## Striking Carmen of Detroit Accept Wage Increases

Detroit, Mich., June 13.—Detroit's traction tie-up, which became effective last Saturday night, came to an end early last evening when the striking carmen of the Detroit United Railways voted to accept an offer by the company of wage increases from 43, 46 and 48 to 50, 55 and 50 cents an hour. The men had asked an increase of twenty-seven cents.

Hanged For Crime Today; Demonstration by Crowds

Toronto, June 13. — Frank Mc-Cullough, the Otsego county, N. Y., farm hand convicted of killing Detective Williams, was hanged today after crowds had held demonstrations outside the jail throughout the night. In the early morning hours the crowd became so turbulent that police reserves were called out, fearing an attempt might be made to rescue the prisoner. A mounted constable was unhorsed by a brick thrown from the crowd. Several arrests were made.
