Wants Monroe Doctrine Defined So All Nations Can Understand It

By Associated Press. Washington, June 14.—Demand that the Monroe doctrine be defined in the covenant of the League of Nations, since no nation of the world has ever expressly accepted the doctrine, and that the former German Emperor be tried by his own countrymen in a Peace Conference by General Policarpo Bonilla, head of the Honduranian delegation to the Paris conference. "The Monroe doctrine," the members "directly affect the Latin American republics, and it is indispensable that in the Peace Treaty it be defined so that it may be written into international law."

Will Put \$30,000,000 in Mortgage Loans

New York, June 14.—During the session of the joint legislative committee on the hearing yesterday, Senator Charles C. Lockwood, the chairman, announced that the committee had received promises from banks and insurance companies that more than \$30,000,000 should be placed in next two months. He said that \$75,000,000 would be needed. At yesterday's hearing the committee continued the examination of savings bank officials, each of whom was asked how much his institution would invest in real estate mortgages in the next few months. The officials of the banks named various amounts ranging from a few hundred thousands to a million dollars. All of them said that the failure to invest to any extent in mortgages of late was due to the large amount of money they had put into the government loans.

Beware A Break!

To-day, (Thursday, June 13) the Monitor is warning its clients that important declines are indicated in the Oils, such as Lincoln, Mex. Petro., Pan-American, Royal Dutch, etc. Also, the Steels, Maxwell and all other Motors, Int. Marines, have indicated (under Monitor Methods of establishing Ranges of Manipulation) that they are immediate short sales, subject to rallies, and should no longer be bought. This has to be prepared in advance for mailing to distant cities to be in time for Sunday appearance.

Thus—does the Monitor now add to its record on the bull side of purchases for four months past, its public announcement of an opposite move, for the benefit of the incredulous. In that letter of to-day, it specifies Group No. 2. Last week's yield in full bull position, and which indicate at this time that—upon a trading dip of 2 to 3 pts.,—very little if any margin will be needed to hold them. In the Monitor's last announcement, it gave full warning of a "two-sided market" hereafter, and an impressive vindication should occur very near the time you read this.

U. S. Steel, the Coppers, important Ralls, and many other leaders are not likely to be final bottom this week, while Group No. 9, should be ready to purchase. The need of scientific, mathematical competence will soon be demonstrated, and hardly more than half a dozen people in the country approach anywhere near the high percentage of accuracy established by the Monitor. If in position to buy, ask the Monitor what and when to buy. If holding stocks, ask the Monitor whether your margins are safe or whether you are holding on, blindly, only to suffer irreparable injury. The Monitor was no different from every estimable citizen, whether lawyer, waiter, merchant, cook or mechanic, who were right as long as everything went the way they guessed.

Franklin said "Those who won't be sousselled can't be helped." The Monitor's Power of Discrimination and Super-Efficiency are available. Special Offer: \$10.00 on account of monthly subscription of \$15.00 (balance of \$5.00 out of profits when made), do not delay. Financial Monitor, 18 B'way, N. Y.

FOOTWEARNS GERMAN GOVERNMENT TO LET HALLER'S MEN PASS

Trains Bearing Polish Troops Stopped on Way to Danzig; Erzberger Protests That A Armistice Terms Are Being Violated; Wants Poland to Abandon Purpose

By Associated Press. Coblenz, June 14.—An ultimatum demanding the immediate continuation of the movement of Polish troops across Germany has been sent to the German government by dispatches from Spa. Orders were issued at Berlin several days ago to hold up the Polish troop trains. One was held at Coblenz, another at Treves, two at Ems and eight in the interior of Germany. The transfer of Polish troops from France to Poland began about six weeks ago and was due to be completed on June 17.

Mathias Erzberger claimed that Poland intended to distribute two divisions of General Haller's troops along the frontier. He protested that this was opposed to the terms of the armistice and that unless Poland abandoned her purpose, Germany would be compelled to suspend the movement of the Polish army across Germany.

Howard L. Shetter, Well-Known Businessman, Ends Life at Chambersburg

Chambersburg, Pa., June 14.—Howard L. Shetter, a well known businessman of this place, shot and instantly killed himself near his home in this place yesterday evening. At Hagerstown a couple of weeks ago he was robbed of his wallet containing \$500 and friends say he worried over the loss of his money and this was the motive for his self-destruction. He lived in Lincoln Way East, where he had a beautiful home. He is survived by his widow and two sons. The dead man was well known as a clubman and fraternal brother man having belonged to the Chambersburg Lodge of Elks and the Fraternal Order of Eagles. He was 59 years old. Proposes United Effort of America to Assist Europe

Chicago, June 14.—A Commercial League of Nations, to put Europe back on a productive basis, was proposed last night by Henry P. Davison of J. P. Morgan & Co. who addressed forty leading bankers and businessmen at the Chicago Club. "I have no definite plan," he said, "but I know the situation. My suggestions apply to every city in the United States. The problem of which we must do for Europe is an American question. Let us approach it, not in an altruistic, but from the most selfish point of view. Continental Europe is nearly prostrate. She needs food, materials, about everything, in fact, that America can furnish her. She owes America about \$10,000,000,000. She has got to have materials, but how can she pay? "If we want business to continue properly we must have an outlet for our products. Europe is our greatest customer. If we want our industries and our mines to keep operating and our farms to remain prosperous, we must have Europe as a customer."

This now famous screen drama has the hearty endorsement of the United States Public Health Service. It is shown by the pen of Dr. Katherine Beament Davis, known throughout the country for her correctional knowledge and achievement and by the pen of Griffith. One of the prominent members of the 28th Division Theatrical Troupe, playing at the Orpheum Theater Friday and Saturday "Who Are You." Corporal Edgar J. Myers, a well-known boy from Harrisburg, Edgar Myers is one of the group of these talented actors, and nearly everyone in Harrisburg knows what a beautiful baritone voice Myers has for he sang for many years with the Penn State Four Quartet, and in many of the Harrisburg churches. Corporal Edgar Myers enlisted June 4, 1917, in Harrisburg with the Company A of the 13th Supply Train, and after training at Camp Hancock, Georgia, arrived in France, May 31, 1918, just at the critical moment, and as a member of the 28th Division he went into the firing line in July 1918, at Chateau Thierry. Myers served with the "Iron Division" (28th) in all its engagements from Chateau Thierry, through Fismes, over the Vesle river to the Aisne, then in the Argonne Forest and finally on the Thiocourt Sector, in front of Metz, where the 28th Division was in position when the armistice was signed. This show in which Myers appears was arranged on January 1, 1919 for the purpose of entertaining the boys "over the top" in France. It was the 28th Division. The piece was a bit from the start and was given in places of every type, church, barn, V. M. C. A. huts, hangars and Red Cross canteens. Later the soldier troupe made a tour of the A. E. F. circuit, which enabled them to play in modern theaters in such towns as Nancy, Toul, Tournay, Chaumont, General Headquarters, in their travels entertaining in all about 150,000 men.
